In September, 1887, an ambitious youth secured a clerical position in the Transportation Department of a large Railroad Company through a Ledger wand ad, at a sal-ary of \$24 per month. Later, having taken a night course in shorthand, he was advanced to \$45. In 1898 he was promoted to Chief Clerk of Department at a salary of \$100 per month—this has since been increased to \$2100 per year. This is merely one illustration of the progress in Ledger ads.
