'BALA HIGH' HEAVY PRESSURE ZONE STARTS OFF HOT TIMES IN EARLY FALL GOLF EVENTS

Tourney Next Week Marks Opening of Sizzling Schedule. Weird Shots at Aronimink

By SANDY McNIBBLICK HEAVY pressure areas these days insure a hot time for all. All the golf atmospheric pressure in the next week will be concentrated at the Bala Golf Club in the annual classic tourney...

Back in Spangles All the stored up steam and pep of golfers will explode at once. The joy in the eye and the tingle in the elbow of the golfer as he hark to the tinkle of the bugle at the starting line is one of the reasons why the Bala tourney is such a frolic. Dressed in his spangles once he is glad to get back in the running.

Greaver Lowdermilk, Cleveland's giant right-handed pitcher, has gone to his home, and is said that he is to be released to the Portland club of the Pacific Coast League, as part payment for the services of Lowdermilk, his "stunt" than any pitcher in the game, but lack of control and nerve ruined his career.

Walter Johnson is celebrating the ninth anniversary of his debut in the American League. It was on this date in 1907 that the speed king pitched his first game for Washington against Detroit. He was on the mound for the series...

The Pirates broke the Giants' winning streak. But it took ten innings to put over the winning run. Davenport seems to be the Yankees' hoodoo. But they made the jonction on 14 innings...

When Boyd came up, he found the ball at two yards from the hole. "It's a bird," he said. "It's a bird," he said. "It's a bird," he said. "It's a bird," he said.

They exchanged shouts for some minutes. "It was a bird," he said. "It was a bird," he said. "It was a bird," he said. "It was a bird," he said.

It was luck either way," he pouted. Another shot at Aronimink that brought tangled emotions to its perpetrator was at uncorried in an innocent foursome this week. None of the four players was acknowledged by his friends to be able to make the 100-mark in the matter of scores...

Tomorrow's Tournaments and Today's Tee Talk

Privilege of playing over the links of the Wilmington Valley Country Club and the Wilmington Country is extended tomorrow to all members of the Women's Golf Association of Philadelphia.

The way a club should be held in the hand is an important factor in making a correct swing.

The swing of the club head should not be checked with concussion in driving. It is not hitting the ball as a hammer hits a nail, but scooping the club head on the ball. In other words, the driver drive straight on, and because it is a sweep, not a hit, the grip is most important.

Some players, aside the club with the right hand and do the heavy work of the swing with the left. This is a right-side affair. Some hold it firmly in both hands, and still others put all the strength in the right hand in the shot, standing it with the left.

There is more elasticity in the shaft when the club is guided with the right and gripped with the left.

There is more control and better aim if the shaft is in the right arm if the club is held equally in both hands. The right hand should be below the left in whatever position the club is held, for the reason that, with the backward swing, the left arm, which has the longer distance to travel, must have the shortest arc to travel through.

condition in comparison to their usual state at this season of the year. The result is due mostly to the good care and resourcefulness put into them by Henry McSweeney, chairman of the Greens Committee. His plan put into force his theory that the only time to water his turf is at night after sundown. He sprays the greens till 2 a. m. every night, believing that the right time to stop in order to permit the turf to accustom itself to the water before the heat of the rising sun.

Many players locally have remarked on the improvement in the greens this year.

On the strength of six straight victories over the Athletics, the Philadelphia Phillies are preparing to bid for the White Sox. They are a little premature and had better wait until the series with the Red Sox is over. Perhaps they won't feel so confident then.

MORAN'S PITCHERS HAVE NOT PASSED MAN IN 4 GAMES

Philly Twirlers Make Fine Record in Successive Contests Against Cubs

DEMAREE IS REPEATER

By CHANDLER D. RICHTER Perhaps some one may be able to dig up an old record for steadiness on the part of the pitchers which will surpass that made by Pat Moran's hurlers in the last four games, but it is extremely doubtful. Starting with the second of Saturday's double-headers the Philly pitchers have not issued a single base on balls, which is one of the most unusual records in baseball.

It frequently happens that an individual will go through three or four games without giving a single base on balls and Mathewson has been known to go beyond 50 innings, but we cannot recall any staff of hurlers beating the record made by Moran's pitchers against the Cubs.

One of the odd features of the four-game run without a pass is that Alexander the Great, whose control, as a rule, is as near perfect as possible, did not share in the record, Demaree pitching two games and Rixey and Chalmers each one.

In the first game of Saturday's double-header, Alexander passed three men, and Joe Geescher walked the first man to face him in the eighth inning. Prior to passing the three men, Alexander has given only one base on balls in four games, and he merely had an off day or the total might be larger.

Demaree Started Streak Demaree went through the nine innings of the second game without walking a single batter; Rixey followed on Monday with another perfect game, so far as control is concerned, and yesterday Chalmers and Demaree pitched a double-header without giving free transportation to a single batsman. This makes a total of 18 complete innings without a base on balls.

This wonderful steadiness on the part of the Philly twirlers is further evidence that Moran's staff has at last struck its 1915 stride. In the early part of the season and on the last western trip bases on balls were responsible for many defeats. This was particularly true in Chalmers' case, as invariably the men he passed would score.

A statistician once figured out that 25 per cent of the men who are given a base on balls have tallied runs over a stretch of five years, which means that the perfect control of the Philly pitchers will increase their effectiveness 25 per cent. It also will increase the confidence of the rest of the team, as it means a lot to a team to feel sure that the pitchers are not going to hand the opposing teams runs by putting runners on base.

Alex Will Pitch Today Alexander the Great will be on the mound for the Phillies in the final game against the Cubs this afternoon, and if the Nebraska is in his usual form it is possible that the streak may be continued.

Manager Moran intends to send Alexander back on the mound again on Saturday and he will work the following Wednesday and Saturday, and if rain does not interfere he also will pitch on Tuesday before the team starts on its last western trip. As there is a two-day rest between the last game of the home stand and the first game in the West, Moran will be able to come back with his star to start the trip. Moran is figuring ahead so far as Alexander is concerned as he desires to use him as much as possible without overworking him until the last month of the season.

It is likely that Tom Seston or George McConnell will face the Phils this afternoon, with chances favoring the latter. McConnell has not pitched in this city since he was a member of the Yankees, seven years ago. He is now one of the Cub's mainstays.

Race for Brassard Trophy The first Brassard one-hour motor-paced race of the season will be run off tomorrow night at the Point Breeze Motorrome. The starters expected to take part in this blue ribbon event are Clarence Carman of New York; George Columbo of Italy; George Willy, of Syracuse, and Bobby Walthour, of Atlanta.

OPEN-AIR SNOOZE PARTIES HELD BY BROWNS RESPONSIBLE FOR THEIR WINNING STREAK

By ROBERT W. MAXWELL THE secret is out at last. Something has been put over in torrid St. Louis, and the hired men on Mr. Jones's payroll are chortling with excessive glee. For the first time in their lives, they made the other guys the goat and devoted all of their afternoons to winning ball games. They grabbed 12—an even dozen—in a row, and only kicked the Yankees out of first place when they took the last six battles.

Chaney is not at all anxious to battle Kilbane. His actions show it, and this latest hitch is another way of getting out of the scrap. Hinkel is a good referee and proved it by his work in the Moran-Dillon bout last month. In addition to that, he is president of the American Boxing Association and also is putting up \$15,000 for the battle. He is the only logical man for referee and Chaney is getting himself in bad when he objects to him.

According to the latest dope, Chaney is to get \$5000 if he wins from Kilbane and \$4500 if he loses. Evidently he believes that \$4500 is not enough money for a good beating.

Johnny O'Leary, who made such a hit here last winter, sprung a big surprise in Boston last night when he won the decision over Ever Hammer, the Chicago slugger. Johnny dropped Ever in the fifth and had him in bad shape in the tenth. The referee's verdict was popular with the crowd, which makes it unanimous.

Game for Stetson The Brooklyn Royal Gents will make their first appearance in Philadelphia at the club grounds next Saturday. One of the new men with the Brooklites is Kinkie, a recent graduate of the Springfield Training School, which turned out Howard Drew, the famous early sprinter. Jones will pitch for the Giants in Saturday's contest and it will probably be on the mound for Stetson.

Here's the Secret Then came an idea to the astute Jones, which divulges the secret. "Cheer up, boys," he replied. "Better times are coming. From now on you will keep away from the hotels and do some camping out. We will pitch a couple of dozen tents right here in the ball park and see if we can escape the heat. The first snooze party will be held tonight."

The plan was a success. The cool breezes crept under and through the canvas walls, the athletes slumbered peacefully and audibly out in left field and were able to play some regular baseball in the afternoon.

In the meantime the other teams occupied hot, stuffy rooms in the hotels, found it impossible to get any rest and appeared heavy-eyed at the ball park for their daily trimming. The secret came out today. Is it any wonder they are winning ball games? Too bad they can't play all of their games at home.

Chaney Again Kicks As was predicted in these columns a week ago, the Chaney-Kilbane championship tilt has hit a snag. Money has nothing to do with it this time, as the financial end has been fixed up. The old, moss-covered referee question has bobbed up again, and Henry Hietzer, manager of the Baltimore slugger, refuses to accept Promoter Matt Hinkel as the third man in the ring. He has suggested Bill Brown, Charley White and several others for the job, none of whom seems to be acceptable to Jimmy Dunn or Kilbane.
