RIOTERS ATTACK **CROSSTOWN CAR** IN N. Y. STRIKE

Attempt to Pull Motorman and Conductor From Their Posts

POLICEMEN USE CLUBS

Ninth and Eighth Avenues the Scene of Street Demonstrations

NEW YORK, Sept. 8 .- Serious rioting broke out in the street car strike at noon today. While crowds filled Twenty-third street about fifty strike sympathizers attacked a crosstown surface car at Ninth avenue, endeavoring to pull the conductor and motorman from their posts.

The police attacked the rioters, using their clubs for the first time since the strike began. The strike sympathizers immediately scattered.

Twenty minutes later there was another riot call from Twenty-third street and Eighth avenue. Two men were battered by the police, but no arrests were made.

Shots were fired in the strike of traction employes today for the first time. The target was a train on Ninth avenue elevated, which had just pulled into the Fiftieth street station. Just as the motorman brought the train to a stop four shots were fired at it from a roof of a nearby house. None of the passengers or train erew were injured, but they were panic-stricken. Rushing from the train, both passengers and workers took refuge in the station until assured there was no further

Shortly afterward two more trains on the same elevated line were bombarded with bottles near Forty-fourth street. Sev-eral windows in the train were broken and a passenger was cut by flying glass. These attacks on the elevated trains were followed by a thorough search of roofs

These attacks on the elevated trains were followed by a thorough search of roofs along the thoroughfare, but the police captured no prisoners. Fearing that further disorder might occur, the authorities ordered patrolmen stationed on the roofs in each block, while a squad of detectives was sent from headquarters to make a house-to-house search for the persons who had thrown the missiles.

and thrown the missies.

On the Ninth avenue line one train was attacked at Forty-eighth street. A brick thrown from a roof smashed a window and cut a passenger, Romeo Abalone. His wound was dressed at a hospital and he went to his home.

The general situation on the subway and the street was a way weekenger.

The general situation on the subway and elevated lines was unchanged today. The Public Service Commission today continued its investigation of the causes leading up to the strike. Mayor Mitches also took a hand in the situation, arranging for a conference with the commission's chairman, Oscar Straus.

EASTERN ROADS WARY OF 8-HOUR LAW FIGHT

No Drastic Action Planned by Board of Managers in New York

There is little probability that the rail-roads of the East will take the stand adopted by the Santa Fe and other western railroads, which have announced that they

would defy the eight-hour law recently passed by Congress.

Although the eight-hour law is being threshed out today at a meeting of the boards of managers of the eastern roads, it is understood that no drastic action is contemplated.

templated.

In a statement expressing his defiance of the eight-hour law, President Ripley, of the Santa Fe road, said: "We do not question the right of Congress to fix an eight-hour the right of Congress to fix an eight-hour the right to take the right of Congress to fix an eight-hour day, but we do question its right to take our money and give it to some one else. That is what the Adamson bill amounted to when the clause awarding ten hours' pay for eight hours' work was included." The board of directors of the Pennsylvania Railroad will meet next Wednesday, but there is every indication that it will proceed conservatively regarding the eighthour law. It is known that some of the hour law. It is known that some of the Pennsylvania officials regard the western men as being somewhat "hot-headed." It is pointed out by those who oppose drastic action that the Adamson bill carries

News That Bandit Has Taken Offensive Causes Delay in Deliberations

NEW LONDON, Conn., Sept. 8 .- Facing news complications caused by the reported presence of Villa in the State of Chihuahua, the American-Mexican Commissioners today got down to consideration of the first of the problems confronting them—the with-drawal of the Pershing expedition.

drawal of the Pershing expedition.

The commission gave some credence to the report of the renewed activities of Villa. This fact, with the reputed new orders to General Pershing to "get Villa," caused no little concern and pointed to a delay in settling the question of withdrawal. There has been no rescinding of the orders issued by General Carranza to attack the American column if it moves in any direction save toward the border, it was admitted.

Until the present concern over Villa is relieved there is little likelihood of a de-cisive recommendation for withdrawing the Pershing column.
This unforeseen development forced the

commissioners to spend most of their time today in discussion of the general situation. It was hinted that an agreement in tenta-tive form might be reached shortly for submission to the Mexico City and Washington Governments solely on the troops question. Ratification by the American Government be withheld until it was deemed altogether advisable to bring back the punitive expedi-tion—with Villa, dead or alive, or with the assurance that his capture was impossible.

SUSPECT WOMAN IN N. Y. PARK MURDER MYSTERY

District Attorney and Police Believe Jealousy May Have Prompted Killing of Lawyer

NEW. YORK, Sept. 8 .- A woman shot and killed Dwight P. Dilworth, well-todo lawyer, as he sat in his automobile in "Lovers' Lane" in Van Cortlandt Park. This is the new theory of the police today. After days of fruitless search for some clue that would establish a definite motive for the killing of Dilworth, the case took on a new air of mystery today which promised to lead to an arrest, and the unpromised to lead to an arrest, and the un-folding of a story of jealeusy, of wounded pride or the ire of a 'woman scorned,' rivaling any of the murder mysteries of. New York. The police and District Attor-ney's office let it be known that they ex-pect to make an arrest today, and that the person to be arrested is a woman.

All searching for masked highwaymen or possible blackmailers was abandoned today when evidence said to have come from newfound witnesses of the shooting of Dilworth Bronx.

Shortly before midnight last night Miss Mary McNiff, the young woman companion of Dilworth on his fatal ride into the park, was summoned to the District Attorney's office. She was again questioned by Assistant District Attorney Quigley and detec

turned to the newly discovered witnesses These witnesses are a young man and young woman, who told Quigley they were in the park, near the scene of the shooting when Dilworth was killed. An anonymous letter from another woman gave the police their first clue. This letter told of the woman having heard the witness, who was questioned, say she saw the shooting. The writer of the letter was first found and questioned. Then the young woman she

Mrs. M. W. M. Ballentine Refuses to Say Why She Quit Evansburg Home

Mrs. Maria Wertz Muir Ballentine, wife of Frank Schell Ballentine. Sr., deposed rector of St. James-on-the-Perkiomen Episcopal Church, of Evansburg, six miles northwest of Norristown, Pa., has left her huband and is living in Philadelphia with her mother, Mrs. William S. Muir, at Kingscourt, Thirty-sixth and Chestnut streets. Before she left a notice in the Norristown newspapers said "she would not be responsible for any contracts or debts made by her husband." Mrs. Ballentine refused to explain the reason for the advertisement when asked about it today.

"Whatever might be made public today

"Whatever might be made public today probably could be denied tomorrow," she said, and added, "It might also injure what I have in mind to do," The Rev. Mr. Ballentine was forced out

of the rectorship of the Evansburg church two years ago. He has since been without a pastorate, but has made visits to Philaa pastorate, but has made visits to Phila-delphia and preached in various places about the city. At such times he had ban-ners painted on which he called himself "Father Bally." His removal from his pastorate came after he had contended in the courts with officials of the church and

Mrs. Ballentine refuses to say whether or not she has had trouble with her husband. She lived with him until a few days ago in a remodeled building on Skippack creek, near Evansburg. When she sent a mover to the house after her furniture her husband refused to let him enter. The police were called upon and with their aid the furniture was obtained. It is said that Mrs. Ballentine has a half interest in the real estate.
