Ty Cobb Gains and Reduces Speaker's Lead to 18 Points

TY COBB reduced Tris Speaker's lead by two points yesterday by registering two hits out of five times up while the Indian outfielder was garnering one out of four times at the plate. Speaker now is in front by a margin of eighteen points.

CARRIGAN WILL RETIRE AT END OF THIS SEASON

Red Sox Manager Anxious to Withdraw and Live on His Maine Farm

IS TIRED OF THE GAME

William Carrigan, manager of the Boston Red Sox, has decided to retire from baseball at the end of this season, according to a well-founded report in baseball circles.

Whether the Red Sox are triumphant or not this season, Carrigan will give up the leadership. It is known that President Lannin has made every effort to keep Carrigan at the head of his team.

Carrigan will be thirty-three years old in October. He was born in Lewiston, Me., where he attended high school and played baseball before entering Holy Cross College.

When Stahl was removed by James A. McAleer, Carrigan was made the manager. It is believed that Carrigan's successor will be Patrick Donovan, manager of the Buffalo club.

"HOW DO THEY LOOK?" "GREAT!"

Captain Neil Mathews and Coach Bob Folwell watching the football squad and talking things over at Langhorne yesterday. It was the end of a perfect day, and their smiling countenances show that they feel pretty good over the prospects for a first-class eleven at Penn this fall.

"DICK" HARTE FAVORITE IN COLLEGIATE TENNIS

Annual Tourney Under Way Today at the Merion Cricket Club

Richard Harte, of Harvard—baseball, football and tennis star—is the favorite, along with Leonard Beckman, of Princeton, for the intercollegiate tennis title in the annual tourney which began today on the turf courts at the Merion Cricket Club.

Pennsylvania's entries in the singles are J. R. Howland, E. M. Edwards, Pringle and Sidney Thayer, Jr. One of the best of the early matches was staged between Rowland, of Penn, and Jerry Webber, of Yale.

This is the first time that "Dick" Harte has competed in the singles event. Beckman, of Princeton, former national intercollegiate champion, is expected to furnish the greatest opposition, and as the two are in opposite sections of the draw, they are expected to meet in the final.

FORTY MEN ANSWER CALL FOR TIGERS' PRACTICE

LAKE MINNEWASKA, N. Y., Sept. 12.—Close on to forty men reported to Head Coach John H. Walsh yesterday at Lake Minnewaska, Ulster County, N. Y., where the tiger football squad will hold its preliminary practice this week.

The initial practice in preparation for the season's campaign was held this morning on the grounds adjoining the Cliff House, where the Tigers' players have located themselves. Lake Minnewaska is located 1850 feet above the sea level and from all angles presents an ideal spot for studying the Princeton players into shape.

The football camp was moved from Princeton to Lake Minnewaska at the suggestion of the Princeton health authorities, as a precautionary measure against infantile paralysis. The camp will be held in the team tent through graduation, including Law, Shea, Larson and Lombardi.

WASHINGTON, D. C., Sept. 12.—The annual rifle matches at the Florida State range, in which teams from the army, navy, Marine Corps, National Guard and various military academies usually participate, probably will not be held this year because of the presence of virtually all of the army regulars and National Guardsmen at the border and in Mexico.

The War Department has reached no final decision, officials said today, there was a possibility that any troop units would be authorized to attend.

Both trapshooters disappointed in the doubles. Plum broke thirty-seven and Bartlett thirty-four in the twenty-five pair, neither seeming to just get the right pace.

WITHERROW REPORTS TO COACH FOLWELL

Penn Team Has Light Drill This Morning—Practice the Forward Pass

The players reported at 9:30 and were kept on the field until 11 o'clock. Only signal drill was indulged in, forward passing taking a prominent part. Quigley is picking up the "baseball pass" in fine style, and in a week or so should be able to throw accurately.

The team lined up as follows: Wray, center; Withrow and Robinson, guards; Mathews and Little, tackles; Hawley and Crolihar, ends; Bell, quarterback; Loucka and Dougherty, halfbacks; Quigley, fullback.

WASHINGTON, D. C., Sept. 12.—Matthew J. McGrath, a New York policeman, who holds the world record for throwing the 36-pound weight, will recover from injuries received in a fall, physicians announced yesterday. McGrath was injured when he slipped off a low platform, and it was thought his spine was affected.

IRA THOMAS IS SLATED TO MANAGE BINGOES

BINGHAMTON, N. Y., Sept. 12.—With the surprising announcement of O. J. Johnson, millionaire owner of the Binghamton team of the New York State League, to the effect that he did not intend to retain John Calhoun as leader of the Binghamton for next year, came the report that Ira Thomas, one of Connie Mack's lieutenants, will be chosen to lead the team. Thomas has already been engaged to coach the Williams College team for the next five years.

NEW YORK, Sept. 12.—Matthew J. McGrath, a New York policeman, who holds the world record for throwing the 36-pound weight, will recover from injuries received in a fall, physicians announced yesterday. McGrath was injured when he slipped off a low platform, and it was thought his spine was affected.

FOR PHILA. AMATEUR TITLE

E. G. Budd and Wisconsin Teams to Play for Championship

CHELTENHAM, Pa., Sept. 12.—Final arrangements have been made for the championship series for the title of Philadelphia and vicinity when the E. G. Budd Company, Philadelphia, and the Wisconsin Amateur Athletic Union, Cheltenham, Pa., will clash with Wisconsin, winner of the National League title.

The first game will take place next Saturday on the Budd's new \$10,000 athletic field at Twenty-fourth street and Hunting Park avenue.

To lend color to the game, Connie Mack and his Thomas have promised to attend as guests of President Hackney. The former Mack catcher will throw out the first ball which will start the series. Several of the players who appear in the games will go in the big league next year. Glenn of Wisconsin, who already signed a contract with Detroit, will be the star of the Budd Company, who will go with the Athletics.

Wrestling Saturday Night

FRAN MICHAELOFF, the Russian Cossack, known to the followers of the wrestling game as the "human spring" will meet Elio Hevonen, the Finland giant, in a match, which the best two in three falls will decide at the Cambria A. C. Saturday night.

RED SOX MUST TAKE SERIES FROM TIGERS AND WHITE SOX OR FACE SURE ELIMINATION

By GRANTLAND RICE

ON the last western invasion the Red Sox won twelve out of eighteen games. They gained ground on Detroit and Chicago, but lost ground to St. Louis. On this next trip there are two clubs the Red Sox must beat with fair decisiveness to win. One is Detroit. The other is Chicago.

Unless Carrigan can win the series from each of these clubs he will be up against it, for while his line-up is facing four tough machines in succession, his two main rivals will be feeding at odd intervals upon the Athletics and the Nationals, with a husky nibble ready for the Yanks, who for some reason appear to get depressed and moody when they set foot upon Detroit soil.

The Boston-Detroit and the Boston-Chicago series will announce the American League answer.

The Next Strike

Last year we had a ball players' strike. This year we almost had a railroad strike. Next year the golfers should be the ones to strike, demanding an eight-inch cup to putt for and perfect turf in all bunkers.

Suppose all the umpires struck next year? What would life mean to the great Zim and the Eminent Trojan? It is too cruel a possibility to even contemplate.

The Brave Smash-Up

Something has gone astray with the Braves since their wild upheaval in 1914. It may be that the feat of coming from last place in July to the top and then crushing the Mackmen four straight took about all they had for some years to come.

They were favored to win last season—but fell by the wayside. They again were favored this campaign, but after holding their own until the stretch arrived where they were supposed to be at their best, they once more landed on the skid and began to crumble up.

It may be the vital spark began to flicker when Johnny Evers began to slip after his injury and Bill James went to the discard with a useless arm.

When One Is Well Off

"You never know when you are well off in golf," says Walter J. Travis. "And in the same way you never should figure that you are beaten. I saw several holes played during the recent championship where one man would have two fine shots and be on the green, and the other would have three bad shots and be off the green, yet able to get his half through a fine chip shot and a fine putt, where the other man took three putts. The fact that a man has made a bad drive or a bad second shot never should be a discouraging factor, for ups and downs and startling changes come quicker in golf than any game I know."

Why Excessive upkeep. Illustration of a man carrying a large stack of books.

When the venerable American bird on the back of that shiny piece in your pocket cries out against the high cost of flivving, you want to adjust your goggles, pull down your vest and look the matter squarely in its good eye. Poor lubrication, with its direct relation to so many car-troubles, is the first line of trenches to be taken in the Battle against Excessive Upkeep.

Just as Atlantic Gasoline—the accepted standard—was the answer to your fuel problem, so Atlantic Motor Oils are the answer to your lubrication problems. The important thing to nail to your memory is that one of these four oils is the correct lubricant for your particular car.

This statement is backed by a corps of oil-experts in the employ of the oldest and largest lubricant manufacturers in the whole world. They know oils—and they know cars, too. Better take their advice and use Atlantic Motor Oils regularly.

Read up on this subject. We have published a handsome and comprehensive book about lubrication. It is free. Ask your garage for it. If they cannot supply you, drop us a postal and the book will be sent you without charge.
