NEW YORK, Oct. 3 .- As compared with yesterday's excited market, trading in cotwas rather tame this morning, and there was not the buying power in either trade sterest or speculative sources that char-Pirst quotations were 8 points higher 3 points lower, near months having 5 points lower, near months having better support than late positions, as there was some selling of the latter by the South. Brokers who frequently act for spot bouss were moderate purchasers early, but preasure continued, and at the end of the first twenty minutes prices were 6 or 7 coints under yesterday's final quotations. Offering with weak to be part to early and the end of the first twenty minutes prices were 6 or 7 coints under yesterday's final quotations. Offerings were well taken on the early action, which carried active months about ST to 38 points under yesterday's high rec-ords. Southern heiging seemed much less da. Southern heiging seemed much less evidence than some of yesterday's sellers a reaction had anticipated, while it as rumored that mile had buying orders the market, and that southern milis had urchased about 10,000 bales of January rring the first hour. Later fluotuations were somewhat irreg-ar, but the market beid steady toward idday at a point or two over last night's eaing figures. There was renewed firmness around mid-age. The failure of southern offerings to some heavier evidently encouraged a re-swal of buil support, while trade buying as more in evidence and early sellers overed on the advance, which carried tive mosths some 18 to 20 points net phere. st. nuary contracts sold up to 16.90 or in 20 points of yesterday's high level. s receipts of cotton at the ports for ay were estimated at 70,000 bales, com-and with 60,555 bales last week, 63,411 last year and 37,558 bales in 1918.
