

BERGNER, UNRELENTING, AWAITS YOUNG ELOPERS, BEW'S FATHER PLEASSED

Pair, Who Fleed to Tennessee and Were Married, Will Arrive in Philadelphia Today

FAMILIES MAY SPLIT

Impassioned and unrelenting, Gustavus W. Bergner, president of the Bergner & Engel Sewing Company, awaits the home-coming of his seventeen-year-old daughter, Jean, and the latter's boy-husband, Bertram Bew, recently married in Tennessee.

BEST MAN RETURNS

Harry F. Mitchell, 25, best man and chauffeur of the romantic rite and its sequel, returned to his home in Ridley Park and made satisfactory explanation to his parents of his part in the midnight flight.

COMING FROM SOUTHLAND

The schoolgirl bride and her youthful bridegroom are expected to arrive in Philadelphia today. They are believed to be passengers on the Southern Express, which reaches this city over the Pennsylvania Railroad.

STUDIES ABANDONED

Young Bew's father has large land interests in St. Petersburg, Fla., and it is believed that the newly wed youth will be sent to that place to begin his career. A preparatory course under a private tutor, planned for the coming term, will be abandoned.

PENN FOOTBALL TYRO DYING OF BROKEN NECK

Candidate for Team Fatally Hurt in Practice With Dummy

R. F. Waldman, a freshman at the University of Pennsylvania, is dying at the University Hospital as a result of injuries received on Monday when his neck was broken in football practice. The young man, who showed every sign of developing into a good player, was tackling the dummy. He sprang at it swiftly, but missed and struck head first the wooden framework from which it was suspended.

BABY'S CRIES SAVE FAMILIES Aroused as Flames Make Headway. Fireman Hurt in Fall

A baby's crying early today aroused two families, who fled to the street when flames caused \$1000 damage in the home of John Smith, 4113 North 22nd street. An unidentified volunteer fireman was hurled to the ground unharmed when the back porch roof collapsed.

TERAUCHI, MILITARIST, NAMED NEW PREMIER OF JAPAN BY MIKADO

May Pursue Sharp Policy in Regard to Japanese Immigration Into the United States

AGGRESSIVE IN CHINA

TOKIO, Oct. 4.—Field Marshal Terauchi has been appointed by the emperor to succeed Count Okuma as Premier of Japan. In appointing Field Marshal Terauchi Premier the Japanese Emperor passed over Count Okuma's recommendation that Viscount Takaaki Kato should be appointed.

JAPAN'S NEW PREMIER

Count Terauchi is head of the militarist party in Japan and is credited with a belief in a strong policy toward the United States in connection with the Japanese immigration question. Until his appointment he was Governor General of Korea.

CHEMIST LOSES LIFE IN AN EXPERIMENT

Expert Fatally Burned While Making Test With Barium Nitrate

RAYONNE, N. J., Oct. 4.—N. T. Peck, expert chemist of the Texas Oil Company, today gave his life in the interest of science. While a dozen officials of the company watched the expert making a test with barium nitrate, Peck ignited the chemical. A terrific explosion followed. Peck was thrown to the floor, his clothing caught fire and his face was burned beyond recognition. The officials, temporarily blinded by the flash, stood by powerless to aid the dead man.

M'DEVITT, "MILLIONAIRE FOR A DAY," TO NAME HIMSELF FOR PRESIDENT

J. J. McDevitt Will Nominate the Hon. J. J. McDevitt and "Butch" McDevitt Will Accept Honor—Campaign to Beat 'Em All to Open Here

The Hon. John J. McDevitt, who has bowed to the will of the public in becoming a candidate for President, will fire the opening gun of his campaign against Wilson and Hughes in this city. Mr. McDevitt, the most widely known inhabitant of Wilkes-Barre, Pa., will be nominated for the presidency by the Mr. J. J. McDevitt party at its national convention in New York Monday. Party leaders in the ranks of Republicans, Democrats and Mr. J. J. McDevitt unite in conceding this. The speech that Mr. McDevitt will make in this city probably will be delivered Tuesday, although the campaign managers of the Mr. J. J. McDevitt party admit that it is contingent upon the protection of enthusiasm that undoubtedly will sweep New York after the candidate is nominated on acclamation. Mr. McDevitt's stay in this city, it is understood, will be short, as he will be in a hurry to arrive at Atlantic City, where campaign headquarters, within easy range of Shadow Lawn, will be opened.

Wood for Grates

We sell choice dry Oak and Hickory logs at current rates. Also splendid kindling for starting fires.

Cummings' Coal Yards

Main Office, 413 N. 13th Street

"Good Form" From the announcement of the engagement to the "at home" is most imperative. Mere name is sometimes careless. Milady will prefer to be guided by Hoskins Social Suggestions

BRYN MAWR OPENS WITH ENROLLMENT THAT BEATS RECORD

Despite Infantile Paralysis Quarantine, Number of Students Is Largest in History of College

HONOR SYSTEM SUPREME

A larger enrollment than usual, in spite of a strict infantile paralysis quarantine, marked the opening of Bryn Mawr College today. The exact number of students will not be known until the registrar's records are completed. The quarantine forbids any student from leaving the college and prohibits the matriculation of students from certain infected districts. Visitors are barred from the grounds unless on urgent business. Students and other persons coming to the institution through an infected district, such as New York, are required to wear gloves while passing through the "danger zone" and to wash their hands thoroughly before entering the college.

HONOR SYSTEM SUPREME

A larger enrollment than usual, in spite of a strict infantile paralysis quarantine, marked the opening of Bryn Mawr College today. The exact number of students will not be known until the registrar's records are completed. The quarantine forbids any student from leaving the college and prohibits the matriculation of students from certain infected districts. Visitors are barred from the grounds unless on urgent business. Students and other persons coming to the institution through an infected district, such as New York, are required to wear gloves while passing through the "danger zone" and to wash their hands thoroughly before entering the college.

President Thomas's Plea

President Thomas emphasized the fact that this system has been developed at Bryn Mawr to a higher degree, probably, than at any other college in the country. The honor system is not a limited monopoly of their professors, but one which is its government of college life, being supreme even in its smallest detail. She told the new students that they were not ignorant of their professors, but one where they looked to their professors as older and more experienced students in the fields upon which they were just entering.

Changes in Faculty

A number of changes have been made in the faculty at Bryn Mawr for the ensuing year. Some of them are due to leave of absence granted to certain professors for purposes of study or of experience in different systems of teaching in vogue at other universities; others to resignations and replacements in the ordinary routine of events.

One of the most notable changes in the appointment of Dr. Howard Rollin Patch, as professor of English philology. Doctor Patch is taking the place of Dr. Carleton Fairchild Brown, who has been granted leave of absence to lecture at the University of Minnesota this year. Doctor Patch graduated originally with the degree of A. B. from Hobart College at Geneva, N. Y. After this, however, he went to Harvard for his post-graduate work, where he took the doctorate of philosophy in 1915, electing for his major subject medieval allegory. His thesis, which was a treatise on "The Golden Fortuna in Medieval Literature," is considered a model of its kind in scientific research work.

New —washable cape gloves Something that many men have long desired. May be washed whenever it is necessary. A full assortment of other good gloves —genuine mochas, tans, buckskins, dress. Sixty-odd styles. \$1.50 & \$2

Important to Tax Payers Owners and Tenants Councils are required by law to fix the Tax Rate for 1917 before December First, 1916. The Philadelphia Real Estate Board has suggested to His Honor the Mayor and to prominent members of Councils many ways by which the Revenues of the City might be increased without increasing the tax on Real Estate. Our Board urges that Councils should consider these suggestions, and we request that every landlord and tenant see the members of Councils from their respective wards and protest against any increase of taxes on real estate until other sources of revenue have been exhausted.

Buffalo. His wife is a graduate of Wellesley College. Besides Dr. Carleton F. Brown, Dr. Frank Tenney, professor of Latin, has a leave of absence for the present year and is now visiting professor at the American Academy at Rome. His place will be taken by Dr. Thomas DeCoursey Ruth, Ph. D. (Johns Hopkins), Dr. Agathe Lusch, associate professor in Teutonic philology, in a third number of the faculty absent on leave. She will be replaced for the current year by Dr. Edward Henry Sehr, Ph. D. (Johns Hopkins). Three professors who have been absent on leave the last year also return to resume their duties. They are Professors Florence Bascom, Lucy Martin Donnelly and Karl Tuttle Jensen.

NEW DEAN OF COLLEGE

Another notable change with which the year will open is the advent of a new dean of the college in place of Dean Marion Kelly. The new dean is Eunice Morgan Schenk, who will also be associate professor of modern French literature. Dean Schenk is a Ph. D. of Bryn Mawr, and has studied extensively in France and Spain the last three years. The additions to the faculty are: Olive C. Harriet, A. B. (Radcliffe) Ph. D. (University of Chicago), and holder of fellowships of the Association of Collegiate Alumnae for three years, as associate in mathematics; Anna C. McBride, A. B. (Columbia); as instructor in economics; and Edward Carroll Day, A. M. (Harvard, 1908), Ph. D. (Harvard, 1911), as lecturer in physiology. Doctor Day has been instructor in zoology and physiology in Syracuse University for three years past, and has previously been traveling fellow in zoology at the Universities of Bonn, Freiburg and Berlin, and at the Zoological Station at Naples.

"MOTHER" JONES TO AID STRIKE DEMONSTRATION

Reformer Will Head Parade of 3000 New York Carmen's Wives

NEW YORK, Oct. 4.—Renewed riotism marked the traction strike today. Roof lurkers, sympathizing with striking carmen, injured four persons in attacks on elevated trains. Windows were shattered by stones and passengers hit by missiles and flying glass. Surface cars also were attacked and many windows were smashed.

"Mother" Jones, prominent in many strikes throughout the country, will be a leading figure in the movement. A meeting will be held tomorrow to arrange plans for a big parade early next week. It is expected at least 3000 women will march through the streets.

Doctor Patch graduated originally with the degree of A. B. from Hobart College at Geneva, N. Y. After this, however, he went to Harvard for his post-graduate work, where he took the doctorate of philosophy in 1915, electing for his major subject medieval allegory. His thesis, which was a treatise on "The Golden Fortuna in Medieval Literature," is considered a model of its kind in scientific research work. A romantic, as well as an academic interest is attached to the coming of Doctor Patch, inasmuch as his appointment at Bryn Mawr is his first since his marriage last August to Miss Helen L. Kennedy, of
