There was no indication of hesitation in the stock market today because of litical uncertainty. A good deal of interest was naturally given up to politics cause of the heavy offers to bet on Wilson at odds of 7 to 10, with some large wagers placed on those terms, but even associates of the Wilson backers proimed it a Hughes market and this feeling prevailed in many important quarters. It was commented on that all the large interests on the Street were buyers of stock, but this did not mean that they were buyers of stocks without discrimina-Some issues were weak and declined, while others were strong and ad-

st, after Utah Copper made its advance of 3 points to 110, a new high record, Ray Consolidated followed with a gain of 3 points to 29%, and substantial gains were made in Anaconda, Nevada Consolidated, Inspiration and China. Industrial Alcohol was one of the weak features, an advance of more than 1 point in the morning being followed by a decline of 4 points and more to 143%.

Crucible Steel, after early strength, also weakened, declining more than 3 points, a movement to be expected in view of the anticipated change of control. The Marine issues responded to increases in ocean freight, with an advance of more than 4 points in the preferred, which sold above 119, and 2 points in the on to 42%. Union Pacific was strong for a time, making a gain of 1 point, and Reading repeated its performance of yesterday, selling above 111 and then acting. Denver preferred reflected changes in its conditions, with an advance

There was heavy trading in the bond market again today, with many issues moving up to higher levels. The St. Louis and San Francisco issues continued prominent during the afternoon. Chesapeake and Ohio convertible 5s were traded on an unusually large scale, moving up from 96% to 97%. Colorado Midland 4s were again in demand, moving up from 14% to 15%.

PHILADELPHIA MARKETS

The activity and strength of Lake Superior Corporation overshadowed everything else in the trading on the Philadelphia Stock Exchange today. Starting up 14 above resterday's close and high at 25, the demand increased in a spectacular manner until the issue had gone up to 324, a gain of nearly 10 points.

After a large block had changed hands at this figure there was a reaction, and in the afternoon the price had sugged back to 17. Realizing at the high prices was largely responsible for the recession, but there was still a strong demand, which prevented a further decline.

The majority of the buying orders were foreign, and while there were some who LOCAL MINING STOCKS
