

HUGHES MAINTAINS LEAD IN INDIANA AS RETURNS COME IN

Republican State Chairman Places Plurality in State at 17,380

ENTIRE TICKET ELECTED

INDIANAPOLIS, Nov. 8.—Charles E. Hughes maintained his lead in Indiana as the returns increased during the day. In the returns of the State's 2147 precincts he led 174,000 to 157,620. The entire Republican State ticket appears to be elected, and the State Republican ticket is running well up, with Hughes and Goodrich for Governor leading him in most precincts.

The Indianapolis News at 10 o'clock says: "Indiana is seemingly Republican," and puts Indiana's electoral votes in the Republican column.

REPUBLICANS SWEEP CAMDEN COUNTY AND CITY IN HEAVY VOTE

Balloting, Biggest on Record, Registers for Hughes, Edge, Frelinghuysen and Colleagues

ELLIS'S FOURTH TERM

Camden city and county have been carried by the Republicans in one of the heaviest votes polled in years.

The complete unofficial returns, one precinct in Camden missing, give Hughes 19,134 and President Wilson 14,528 votes, or a plurality of 4606 votes. Hughes carried Camden city by 2155 votes, which is a keen disappointment to the Republican leaders, who had expected a majority of close to 4000. On the other hand, the President carried Gloucester City by 85 votes, while in Voorhees township he beat Hughes by 5 votes and won in Woodlawn by 2. The Democrats are highly elated by the showing made.

In the gubernatorial fight Walter E. Edge, Republican, received 18,284 and H. Otto Wittmann, Democrat, 11,248. Edge's plurality is 7136.

Joseph S. Frelinghuysen, for United States Senator, received the largest majority of the national candidates, beating Senator James E. Martin, Democrat, by 7982 votes. Browning's majority over former Mayor Millard F. Cattell, of Woodbury, in the fight for Congress, is 7926.

Former Assemblyman John B. Kates is elected State Senator over Joseph C. Shackelford by 6744 votes. Assemblymen Charles A. Wolverton and Garfield Pancoast are re-

elects and Ralph N. Kelliam also goes to the Assembly.

The proposition to create a State highway commission carrying an appropriation of \$7,000,000 for the immediate improvement of the State roads has been overwhelmingly carried. The city of Camden rejected the proposition to divide the firemen into two platoons, one for day and one for night duty.

For the fourth time Mayor Charles H. Ellis has been re-elected Mayor of Camden, although in point of votes received he ran third to his colleagues on the Republican ticket. The vote, with one ward missing, is 10,713 for Ellis and 4394 for John T. Wright, his Democratic opponent. Recorder O. Glenn Shackhouse led the ticket with 19,236 votes and a majority of 4820 over Scull, Democrat. City Treasurer Frey was re-elected over Armstrong by 4182 votes; while Sparks beat Kilne for Receiver of Taxes by a majority of 4507.

The enormity of the vote may be realized from the fact that there are about 35,000 registered voters in Camden County, more than 21,000 of whom cast their ballots this election. This exceeds the normal by about fifteen per cent.

Probably the most striking feature of the vote was the number of voters who cast their ballots for the heads of the ticket only. Under the New Jersey law every candidate is voted for separately, but not with respect to the presidential electors, and a box opposite the names of the presidential candidates is provided on the ballot so that all of the electors of one party may be voted for by one cross.

Run Over by Train, He Is Unhurt

Although a train of eighteen freight cars passed over him when he fell from the top of a box car this morning, Walter Coyte, twenty-seven years old, 1507 Morris street, suffered no more injury than contusions of the back. He is in the St. Agnes' Hospital, where physicians say his condition is not serious.

Forest Fires Rage in Kentucky

LEXINGTON, Ky., Nov. 8.—Forest fires raging across the vast timberlands east and west of here today threaten the destruction of thousands of dollars' worth of property. Small towns in the path of the flames are threatened and armies of men and boys are fighting to save their homes.

Three Die When Chicago Elevator Falls

CHICAGO, Nov. 8.—Three persons were killed and several injured today when an elevator, carrying more than a dozen men and women fell from an upper story in a shoe company's plant.

NEW YORK STATE GOES TO HUGHES 115,577 MARGIN

Whitman, for Governor, Leads Judge Seabury by More Than 154,231 Votes

CALDER WINS BY 193,322

NEW YORK, Nov. 8.—Charles S. Whitman, Republican, yesterday was re-elected over Judge Seabury, his Democratic opponent, for Governor of New York by a plurality which at 8 o'clock this morning was 154,531, with a few scattering up-State returns yet to be heard from.

Former Congressman William M. Calder was elected over William F. McCombs, original Wilson man, by 23,232. Charles E. Hughes had a plurality over President Wilson in the State of 115,577.

Up-State New York rolled up an old-time Republican plurality, and Tammany Hall did not overexert itself in the greater city. President Wilson's plurality in Greater New York was 49,109.

The New York State Legislature is again overwhelmingly Republican. The figures available at 8:30 this morning indicated that the upper house, the Senate, would stand thirty-six Republicans, fifteen Democrats. The Assembly is made up of 102 Republicans, forty-seven Democrats and one Socialist.

In 1912 New York gave Mr. Wilson a

plurality of 200,000 over Taft and 251,000 over Roosevelt. New York city, which gave Wilson a plurality of approximately 40,000 yesterday, gave him in 1912 a plurality of 124,000 over Roosevelt and 126,000 over Taft. The State gave Sulzer, Dem., a plurality of 215,000 for Governor in 1912; yesterday it gave Whitman a plurality of more than 150,000. Whitman won by 131,000 in 1914 over Glynn.

All of the New York newspapers supporting Mr. Wilson commended the State to Hughes early in the night.

Returns from the State outside New York city indicate that the Hughes plurality there will be about 155,000. Returns from 2421 districts of the 2650 outside the city give Hughes, 491,757; Wilson, 297,230.

In New York city returns indicate that Wilson will lead by about 49,000. The city's vote was 244,441 for Wilson and 204,935 for Hughes.

Governor Whitman has decisively defeated Seabury. Returns from 787 districts out of 3680 outside New York city give Whitman, 151,678; Seabury, 110,438. Seabury carried the city by a plurality of 29,000, the vote being: Seabury, 233,372; Whitman, 275,384.

The count on the Senate race is slow, but outside the city Calder is far in the lead of McCombs, and early returns in the city show the same ratio.

Returns from 537 districts out of 2680 outside New York city give Calder 112,368; McCombs, 74,939. Returns from 1000 districts in New York city give Calder a lead of 25,000.

Frank H. Hiscock, of Syracuse, Republican candidate for Chief Justice of the Court of Appeals, defeated the Democratic candidate, Almet F. Jenks, of Brooklyn, by a substantial majority. C. W. Pound, of Brooklyn, defeated John T. Norton, the Democratic candidate for Associate Justice of the Court of Appeals.

For president of the Board of Aldermen, Curran, Rep., was beaten by Victor E. Dowling, Dem., by about 40,000.

Several odd points stood out in the vot-

ing. Wilson carried Brooklyn by about 4500. Seabury lost the borough by some 12,000. Calder carried it by more than 30,000. Queens, normally Democratic by

2000, gave Hughes a plurality of 2000. In the Bronx, where the German-American vote was expected to cut a large figure, it went to Wilson by about 7000.

Velvet
THE SMOOTHEST SMOKING TOBACCO

NATURE never starts anything she can't finish. Tobacco ain't any exception.

VELVET is naturally aged for two years. No artificial methods.

No Mystery Here

If we endeavored to mystify our customers by requesting them to pay a dollar and become a club member and boasted that by doing so they would receive wonderful advantages and great piano values, and if the purchaser died while paying the obligations the piano would be gifted to them to play the funeral march, the intelligent reader would stop, look and listen. But we don't make such extravagant assertions. In our advertisements we make plain, common, sensible statements, each and every one of which is backed by our practical knowledge and broad guarantee.

Why should the piano business be shrouded in mystery? We acknowledge it is mysterious to most dealers, but we, as manufacturers, are endeavoring to enlighten the public in general and our customers in particular, as to the scientific mechanical construction of a piano.

For our part, in any transaction we are not dependent on the statements or business agreements or misunderstandings of any one outside our own organization. It is the company which manufactures the CUNNINGHAM that says: WE PRODUCE UPRIGHTS FROM \$235 UP, GRANDS FROM \$575 UP AND PLAYERS FROM \$450 UP OF THE HIGHEST QUALITY AND IN THE LATEST STYLES FOR THE LEAST MONEY—and on easy weekly and monthly payments.

Thursday Shoppers We Solicit Your Fur Patronage on a Comparative Basis

Many shoppers desire to look before buying, hence we never urge the shopper to purchase. We display and exhibit with courtesy and intellect, but we never "hurry" a customer. We know they will buy—even after a day of comparative shopping.

Our merchandise and reputation will sell nine of ten who read our ads. The other one per cent we will convince after they have seen what others offer, in this season of high prices. We repeat, we solicit your patronage—on a comparative basis.

- Fur Coats**
