

# SUFFRAGE BATTLE PENDING ON ISSUE OF CONSOLIDATION

## Preconvention Gossip Indicates Opposition to Amalgamated Societies WOULD LOSE IDENTITY

MRS. GEORGE A. DUNNING Philadelphia chairman of the Woman Suffrage party, which favors the elimination of the smaller suffrage organizations.

By MLISS  
WILLIAMSPORT, Pa., Nov. 21.—Preconvention gossip heard today prior to the general convention of the Pennsylvania Woman Suffrage Association to open tomorrow indicates that the assemblage is to be a heated one.

These organizations are expected to put up a stiff fight for their lives. No detail will be neglected at this convention, suffragists declare, that will contribute toward the successful passage of the suffrage amendment through the next Legislature and its ultimate submission to the electorate in 1920.

# NEGROES START FIGHT FOR SEPARATE SCHOOL

## Objections Made to Segregation of Downingtown Pupils in One Room

# ONE MOTHER ARRESTED

## Counsel Engaged for Woman Who Refuses to Abide by Board's Attendance Order

WEST CHESTER, Pa., Nov. 21.—The attempt of the Downingtown School Board to segregate the negro pupils of the schools in a room arranged for them in the main public school building of that borough is being vigorously opposed by leading negroes. Negro ministers of the town and residents of the negro section have engaged counsel to fight the edict on the ground that it is against the educational and State laws.

As a result of the new order, the parents of the negro children are refusing to send them to school, and the School Board has taken action to compel attendance.

Helenea Sims was arrested yesterday and sent to the Chester County prison here following a hearing before Justice of the Peace J. Hunter Will, she having refused to permit her three children to attend the school. Some hours later she was released on bail.

Negroes say it is only the commencement of a fight to a finish against the rule. They say that they are entitled to a separate school building, which the School Board has refused to provide.

# STATE EXPERT DENOUNCES TEN-CENT MILK AT READING

## No Excuse, He Says, When Distributors Make 4 1/2 Cents

READING, Pa., Nov. 21.—A surprise was sprung at a meeting of milk producers, retailers and consumers in the Berks County courthouse when J. Aldus Herr, of Lancaster, a farm adviser for the State Department of Agriculture, said: "I understand that the milkmen supplying Reading homes with milk profit 4 1/2 cents on every quart they deliver. There is no reason for ten-cent milk in Reading when distributors pay only 4 1/2 cents a quart."

# STATUE AWAITS CLAIMANT

## Consigned to U. of P. But Officials Have No Knowledge of Its Identity or Sender

There's a homeless foreigner in our midst, although he is nine feet tall and weighs 600 pounds, has cold feet. If you don't believe it, just touch him once. Even the most cowardly person can hit this gentle giant unafraid, for he won't even bat an eyelash. He can't see you, for he's blind. Furthermore, his nose is gone and his right arm is missing at the elbow.

To make matters worse this bulky stranger is lost, strayed, or perhaps even stolen. Investigation will be made today to determine which.

The unidentified statue, for such it is, awaits a claimant at pier 63, South Wharves. The homeless one arrived on the steamship Mackinaw, of the Atlantic Transport Line. He, she, or it is consigned to the United States Customs, but officials there know virtually nothing of the immigrant and are at a loss to explain what it is. They suspect that it is a statue sent by a collector on approval.

# PROBES BRIDE'S DEATH; HUSBAND IS ACCUSED

## Family Quarrels Recalled Following Killing of Pretty Bordentown Woman

BORDENTOWN, N. J., Nov. 21.—The coroner's inquest will be begun tomorrow into the death of Mrs. Bertha Cook, the pretty bride of eight months, whose body was found in the kitchen of her home with the top of the head blown off. Edward Cook, her husband, twenty-three years old, is in Burlington County jail accused of her murder.

Cook insists he was upstairs writing a letter when he heard the fatal shot. He rushed downstairs, he says, and found his wife dead and his shotgun beside her. Detectives say the gun was found in a distant corner and that while many shot had entered the wall back of the dead woman, there were no marks of powder on her face.

The police say the couple had often quarreled. Once Mrs. Cook left her husband and went to her parents, who advised her to return to him. Girl friends of the dead woman report that Cook was madly jealous of his bride and particularly charged her with smiling too familiarly upon boys with whom she had gone before her marriage.

Cook is said to have ordered his wife to discard a ring given her before marriage by a Trenton man. In a later quarrel Cook is reported to have forced his wife's wedding ring from her finger and thrown it into the fire. Cook is a hunter and an athlete.

# TWO COPS, ONE FIREMAN HURT FIGHTING FLAMES

## West Philadelphia Sounds Several Alarms—Old Stable Destroyed

Two policemen and a fireman were slightly injured in one of a series of fires in West Philadelphia early today. The firemen were kept on the jump from shortly after 1 o'clock until daylight.

The most disastrous blaze completely destroyed an old stable at Sixty-first street and were rescued by Policemen Forbes and Fulton, of the Fifty-fifth and Pine streets station. Both blazes were slightly burned and injured. The fire was discovered about 1:30 a. m. The loss is estimated at \$800. Hoseman William Duckworth, of Engine Company No. 57, was struck by a blazing beam and slightly hurt.

While the firemen were working on this building an alarm was sounded from Fifty-fifth and Callowhill streets. Here the public garage of Frank Menamin, 408 North Fifty-fifth street, was ablaze. Several motorcars were damaged to the extent of about \$1000 before the fire was extinguished.

Just as the firemen were completing their work here another alarm was struck at Thirtieth and Locust streets. Upon their arrival there the firemen discovered that an overzealous person had sent in the alarm, believing a building in the neighborhood was on fire.

However, they had no sooner arrived back at their respective stations when the fourth alarm was struck. This time it came from the station house at Sixty-first and Thompson streets.

A blaze had been discovered in the sleeping quarters on the second floor, but was quickly extinguished before it could do very much damage. There is a firehouse adjoining the police station.

# ALLEGED PRISON POISON PLOT

## Inmate Declares Another Had Deadly Dye to Place in Vinegar

WOODBURY, N. J., Nov. 21.—In a written confession to Prosecutor Beckley, Walter Wallace revealed a scheme to poison one of the prisoners in the county jail. He implicated another prisoner, who, he said, had a dye to be placed in vinegar, and which means sure death to whoever drinks it. The prisoners denied this, however, and since sentence has been passed on several, the authorities will hustle all away and not take any chances.
