

GREEK RIOTS PUT AT KING'S DOOR

Constantine Responsible for Outbreaks, Suspicion Expressed in Commons

FIRMER POLICY PLANNED

Athens Reports Readiness to Surrender Eight Batteries to Entente

LONDON, Dec. 4.—Official announcement was made in the House of Commons this afternoon that there is ground for relief that King Constantine and his Government were involved in the recent riotous outbreak in Athens. It was added that the Allies would take immediate steps. It was indicated that French pressure would be exerted at Athens to prevent the dynamic government from menacing the safety of the Allied forces in Greece.

The outbreak referred to in the statement took place last Friday, when Greek and Allied troops clashed, with the result that more than two hundred were killed or wounded. Lord Cecil was questioned as to whether he would assure the House that the Greek dynasty would be preserved, no matter what happened. He made no reply.

ATHENS, Dec. 4.—Eight batteries of field artillery will be delivered to the Allies as soon as a protocol has been formally drafted between the Government and Admiral du Fournet. Those in touch with the palace today said general relations had been re-established since the departure of the Greek Government. Vice Admiral du Fournet, and the Greek Government.

The city was calm today. A meeting of the Cabinet was called for this evening.

PAULIS, Dec. 4.—An embargo has been placed on all Greek shipping in French and other Allied ports, in consequence of the recent events in Athens.

The Entente Ministers have received instructions from their Governments to declare to the Greek authorities that it is no longer merely a question of the cessation of war materials, but a far more serious question, and that reparation must be made corresponding with the gravity of the assault on the Allied troops.

ALLIED TROOPS LEAVE CITY
The firing at Athens ceased during the night, says an Havana dispatch. The Entente troops have been sent back from Athens to Piraeus.

The Matin states that Athos Romanos, Greek Minister to France, has sent his resignation to his Government on account of the aggression of Greek troops against the forces disembarked by the Allies.

The removal from office of Mayor Benakis, of Athens, formerly member of the Venizelos Ministry, is reported in another Havana dispatch. M. Benakis has been replaced by M. Markouris, former Mayor and one of the chiefs of the resistance.

General Doumanis and Colonel Mexas, who are regarded as opposed to the Entente have resumed their functions at the head of the Greek general staff.

OLD PROMISE OF KING CITED
Reviewing recent events the Havana correspondent begins with King Constantine's offer last month to deliver to the Allies the greater part of the artillery and munitions in Greece on condition that he might preserve neutrality. This engagement of the King the correspondent says, was not carried out as the Government declined to ratify it, although it had been reduced to writing in an autograph letter of the King.

Moreover, the King declared he was unable to guarantee that order would be observed in the streets of Athens or that his wishes would be respected.

Consequently, at the expiration of the time for the delivery of the first lot of guns, Vice Admiral du Fournet, having received information that trouble was imminent, disembarked troops. The Admiral had been instructed by the French Government that the guns were not to be taken by force, the correspondent says, but Greek troops opened the attack on the French with rifles, machine guns and cannon, killing some and wounding others.

"Owing to these conditions and in consequence of what has taken place," the dispatch concludes, "the Allied Governments have decided to take energetic measures to obtain all reparation due."

GREEK MINISTER BEGS BERLIN'S INDULGENCE

BERLIN, Dec. 4.—The Greek Minister in Berlin has expressed to Secretary for Foreign Affairs Zimmermann regrets for the enforced departure of Ministers of the Central Powers from Athens. Zimmermann announced to the Reichstag today. The Ministers were forced to leave because of Allied demands on Greece. The Greek Minister asked that Germany consider Greece's plight. Secretary Zimmermann assured the Allies for their use of force in Greece, and referred to their claims of independence for "small nations" as "mockery."

Greek Minister in London Quits
LONDON, Dec. 4.—The Greek Minister in London resigned today, announcing his inability to agree with the policy of his Government as indicated in the recent events in Athens in connection with King Constantine's refusal to surrender arms requested by the Allies.

Germans Bombard Rumanian Capital

Continued from Page One
has given the battle for Bucharest a new phase of intensity. Seasoned Russian veterans southeast of the Rumanian capital have delivered powerful assaults in conjunction with the mighty Russian thrust in the Carpathian mountains, but, according to official dispatches, they broke down before the iron defense of von Mackensen's troops.

All along the Argeshu River, where the Russo-Rumanian forces are making their last stand in defense of Bucharest, fighting in progress night and day. At two points the German Allies have succeeded in crossing the stream.

The battle line now extends all the way across Rumania in a great semicircle. The object of the Russians and Rumanians in driving against the wall southwest of Bucharest was to pierce the Austro-German front at the point where the armies of von Falkenhayn and von Mackensen join and menace the flank of both.

The Russian offensive along the eastern frontier of Transylvania has entered its seventh day; but the Austro-German lines are still holding firm. In the sector of Kirilbaba, where the greatest effort of the Russians has been made, the line has been denied, but the mountain pass through which the Russians planned to enter Hungary and menace the rear of the Austro-German armies is still firmly in the hands of the Teutonic Allies.

Details of the fierce fighting in Dobruja brought about in the Bulgarian official statement for December 3, made public here today.

The fourth Siberian Corps, composed of the Second and Tenth Infantry Divisions, with about fifteen batteries, after prolonged artillery preparations attacked our left wing between the village of Satskoye and the Danube. This attack was assisted by batteries from the left bank of the Danube. Furious fighting took place. Two tanks approached our trenches in the turmoil of battle. We conquered these tanks with machine guns, taking two officers and twenty-five men prisoners. The remnants of the French division counter-attacked and repulsed the enemy, which withdrew to its original position.

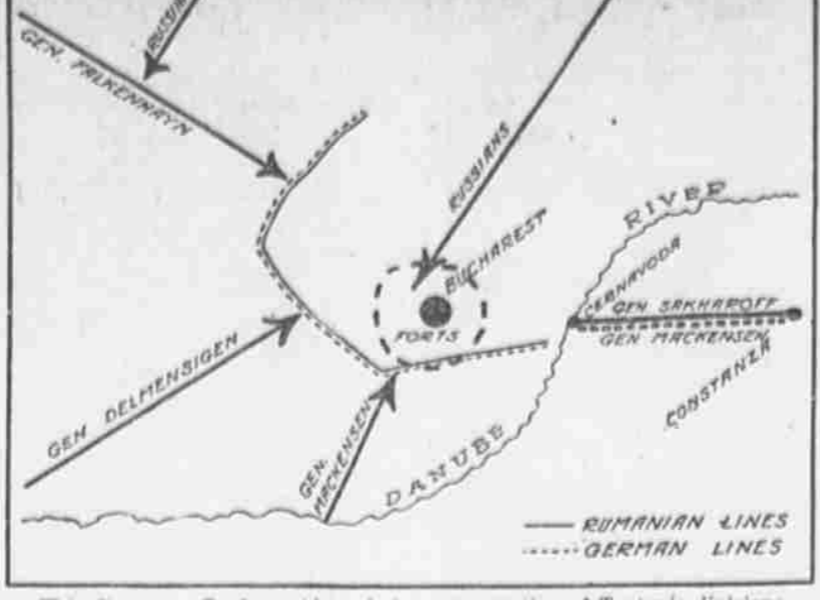

At some places the enemy approached within 300 feet of Bulgarian positions, but were repulsed along the whole front.

An official report issued in Petrograd contradicted claims of the German War Office as to the operations southwest of Bucharest. The Russians claim to have driven the German allies back at this point, capturing twenty-six guns.

was nothing important elsewhere along the Macedonian front.

The village of Parlov in the Cerna bend was violently shelled.

KAISER THANKS HOLLWEG FOR CIVILIAN ARMY BILL

Emperor, in Letter, Sees in Measure Renewal of German Determination to Fight to Finish

LONDON, Dec. 4.—An Amsterdam dispatch to Reuters says Emperor William has sent the following telegram to Doctor von Bethmann-Hollweg, the Imperial Chancellor:

"Your report of the passing of the bill for national civilian services fills me with great delight. My heartfelt thanks are due for the cooperation of the Imperial Government in the war, sustained by a patriotic spirit. The German people thus again have shown firmly that they are resolved to endure every sacrifice of blood and treasure to labor for the victory and accomplishment of the defense of the Fatherland and its power.

"The people, filled with such uniform determination, will, with God's gracious assistance, maintain against everybody its place among civilized nations of the world which it gained by intelligence, industry and moral strength and cannot be conquered. May God reward all our readiness for sacrifice and grant that the good work will be successful."

GIBBONS OPTIMISTIC AT 82

Cardinal Completes Two Volumes of Reminiscences—Confident of Future

BALTIMORE, Md., Dec. 4.—That Cardinal Gibbons, notwithstanding he has passed his eighty-second birthday, still possesses remarkable physical and mental vigor, has been evidenced by the fact that he has just completed two volumes of his reminiscences. He recently devoted an entire month to the reading and revision of proofs, often working far into the night, and his quickness in detecting mistakes was surprising.

His latest work is "A Retrospect of Fifty Years," in which he has gathered many of his more notable sermons and addresses together with personal reminiscences of his long life.

POPE IN NEW APPEAL FOR PEACE, IS REPORT

Pontiff Said to Have Urged New Prayers in Secret Consistory

ROME, Dec. 4.—The Pope's review of his attempt to prevent the war, then to stop it, then to shorten it, coupled with a new and final appeal for peace, is believed to have been delivered by the Pontiff to a secret consistory here today.

It is said to be one of the most important documents issued by the Vatican since the war began. The Pope has been working on it for many weeks.

The allocation shows, it is said, how the Holy See has been absolutely neutral in the war, protesting all its actions and a desire to stop or shorten hostilities and alleviate the sufferings of those affected.

It is believed the allocation makes another earnest appeal to the faithful throughout the world to continue their prayers for peace.

It is said that in conferring with Cardinals Gaetano Delal, Falconio, Vannucelli and Seragni the Pope decided not to refer in the allocation to Polish autonomy, the deportation of Belgians nor efforts of individual neutral nations for peace.

U. S. TO EXPAND BUREAU FOR FOREIGN COMMERCE

Appropriations Asked to Prepare Way to Grasp Post-Bellum Trade Chances

WASHINGTON, Dec. 4.—A complete reorganization and wide expansion of the Bureau of Foreign and Domestic Commerce to aid American business in the commercial struggle that will follow the European war was contemplated in estimates for the biennial expenditures for the next fiscal year, submitted to Congress today. The bureau asks for nearly half a million dollars more than was appropriated for its activities during the last session of Congress. Among the estimates were:

Additional \$50,000 for promoting commerce with South and Central America and \$275,000 in place of the usual \$100,000 for employment of commercial attaches for work abroad.

West Indies Field of Pair and Others Are Bound to U. S., Newspaper Says

PROVIDENCE, R. I., Dec. 4.—The Providence Journal today declared it has authoritative information that there are now two large German submarines in the West Indies and that two others, having left Kiel November 5, escaped the British patrol and are on their way to the United States coast.

The latter two were part of a fleet of four, two being captured by the British. The Journal declares, adding that the President, fully advised of the facts, has made strenuous representations to Ambassador Bernstorff on the subject.

U-BOAT SINKS FRENCH TROOPSHIP NEAR MALTA

Transport, Loaded With Soldiers, Was on Its Way to Salonica, Berlin Says

BERLIN, Dec. 4.—An Admiralty announcement says: A German submarine on November 27, near Malta, sank the French transport steamship Karnak, 6800 tons. The Karnak was crowded with troops destined for Salonica.

The Karnak was built in 1899 and was owned in Marseilles. She was a passenger liner and was last reported on her arrival at La Ciotat on August 3, since which time she apparently has been in the service of the French Admiralty. Last January she reported on her arrival at Marseilles with passengers from Alexandria and Malta that she had been pursued by a submarine.
