FAMOUS CALIFORNIA BOYS' BAND, WHICH WON A PRIZE AGAINST 122 ORGANIZATIONS AT THE PANAMA FAIR, WILL VISIT THE CITY THIS WEEK

The boys, thirty-eight in number, are making an educational tour of the United States as a reward for their close application to study and devotion to the ideal of their club. While in Philadelphia the members of the band will be the guests of various business and professional organizations. They will visit points of interest in and about the city, not the least of which will be a trip to Valley Forge. They will play for the members of the Union League at a luncheon arranged especially for their reception. A luncheon has also been arranged in their honor by members of the Rotary Club.
