Railway Official Against Any Change in Present Traffic System

By a Staff Correspondent

By a Staff Correspondent NEW YORK, Jan. 25.—It is not prphable that the defenders of the port of Philadel-phia will have an opportunity to present their cause in the New Jerseny freight rate case hefore Monday or Tuesday of next week. The testimony of the witnesses for the State and eity of New York has grown to such dimensions that it is not believed that the respective factions will be able to concude their case until the end of this week. woole.

Special Examiner Wilbur La Roe, Jr. producted today that all testimony in the freight rate case must be presented on or before Wednesday, January 31; otherwise it may be necessary to postpone the pro-ceedings indefinitely.

This all-star cast includes Blanche Sweet, Henry Walthall, Mae Marsh, Robert Har-ron, Lillian Gish, Dorothy Gish and other prominent Biograph players of that day. At the time "Judith of Bethulia" was produced the demand for lengthy features had not yet made itself felt. As a conse-quence, thousands of feet of original nega-tive were not used. It has been a simple matter for the editors to insert the neces-sary additional reels without resorting to "padding."

In view of the presence in this country of Max Linder, the French comedian, the announcement by Pathe of the forthcoming release of several Max Linder comedies is or populiar interest. Mr. Linder conserts is of populiar interest. Mr. Linder became famous while he was a Pathe actor, and for years the "Max" comedies with the Pathe trademark enjoyed a great vogue. With neveral excellent "Max" comedies

that have never been released, together with relastics of some of the best and most re-cent of his pictures, Pathe plans a series of Max Linder concelles, the release dates of which will be annunced later. Among the first to be released will be "Max and the Fair M. D.," "Max, the Lady

Killer," and "Max's Feet Are Pinched," all one-reel pictures with the exception of the last mentioned, which is a split-reel. Mr. Linder is now with the Eosanay Company, and his first picture for that firm, "Max Comen Across," will be refirm, "Max leased soon.

A public presentation of Webb's ner nusical talking pictures took place in Bal-fimore last week. The concern controlling the patents has arranged for the making of a number of operas, musical and mono-logue selections of twenty minutes' duration. Fallowing this plan the pictures pre-sented in Baltimore ran twonty minutes, and the second act of "Carmen" was given.

Owing to the unusual character of the latest Charlie Chaplin production, "Easy Street," Involving, as it does, many big scenes, which, while they appear to be "in-teriors," are really "exteriors," necessitating sunlight for their success. LANCASTER'S WATER CHAPLAIN; BALKS ON CLERK, Rev. Edwin Gardner Chosen by Non factional Vote-No Result on Power From McCalls Ferry

DELAWARE SENATE ELECTS

Other Offices DOVER, Del., Jan. 34 .- Efforts to break the deadlock in the Sanate failed this morn ing, although that body did succeed in

electing a chaplain. After two ineffectual ballots were taken for chief clerk without breaking the deadlock on that office, the enate passed over that office and pro eded to ballot for a reading clerk.

The deadlock occurred again on that of-fice, the Democratic candidate, Anthony Summers, receiving, 7 votes; William G. Singer, Republican candidate, 7, and Wil-liam Hall, who was nominated by the inde-pendents, 3.

Water was furnished heretofore by three steam-driven pumps, while now seven elec-tric-driven pumps will be used as re-quired, two being used solely for forcing the water to the filter plant. The capacity of the reservoir pumps is 21,000,000 gallons Two ballots were taken without result following which the Senate took up the office of bill cierk, and the deadlock oc-curred again over this office. James B. Graham, who was nominated by the Demo-crats, receiving T votes; Thomas Pheney, the Republican caldidate, 7, and Henry Hollingworth, Independent, 3. Should the McCalls Ferry power supply fall, a current from a Baltimore steam plant is available. If that is disabled the Engle-side steam plant, in Lancaster, can be de-pended upon. If that falls, the water works can rely upon a part of its old steam sys-tem, which will be retained for emergency and heat in readingers.

After two fruitiens bailots had been taken for bill clerk, the Senate bailoted for dhap-lain. Only two nominations were made, the Rev. Edwin Gardner and the Rev. Wiland kept in readinces. liam Green. Mr. Gardner was elected by a nonfactional vote of 15 to 2. The Senate then took a recess until 2
