

SECOND SIXTEEN-INCH GUN TO BE TURNED OUT IN THE UNITED STATES JUST FORGED AT BETHLEHEM STEEL WORKS
The first weapon of this diameter, shown in the picture, is now doing duty at the Atlantic entrance to the Panama Canal. It is only 25 feet long, whereas the new rifle will be 70 feet in length.

E. E. BEIDLEMAN, PRESIDENT OF THE STATE SENATE, AS HE APPEARED THE OTHER DAY IN FRONT OF THE CAPITOL AT HARRISBURG

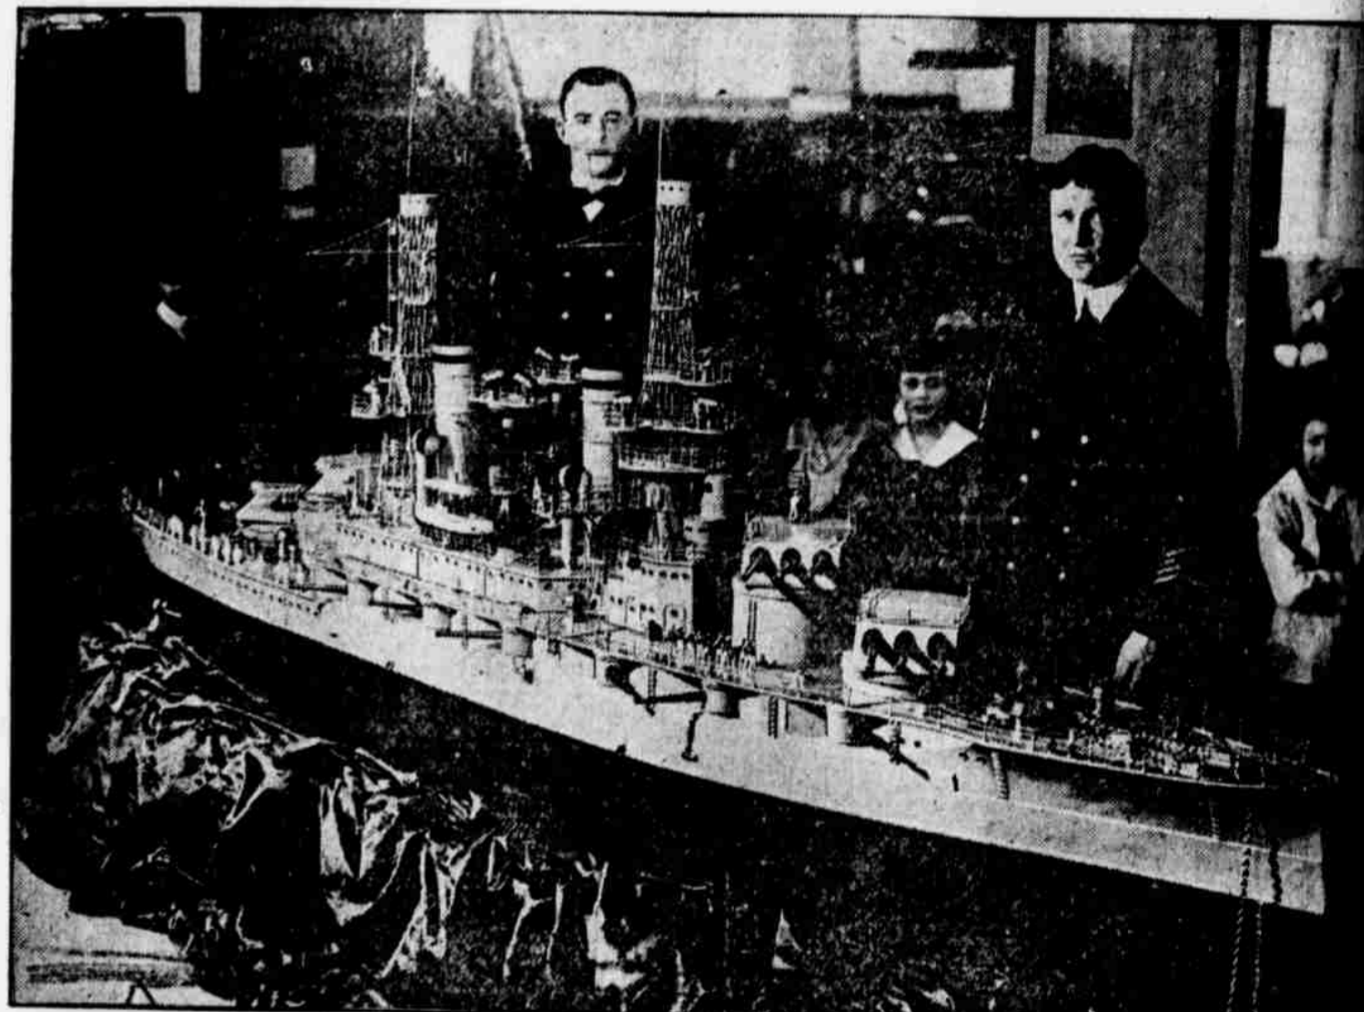

COAL SHORTAGE CURBS USUAL COLD-WEATHER ACTIVITY AT RETAILERS' YARDS
Stagnation in the fuel business, reported by dealers throughout the city, is illustrated by this general view on the premises of the George B. Newton Company. Dozens of wagons are standing idle because of the dwindling supply of coal on hand.
