ON THE EAST SIDE OF 54TH ST.

At Springfield ave. (1300 block south) and just I block north of Chester ave. Is located a most attractive row of brand-new 2-story perch-front houses.

They are most convenient to transportation, for car No. 13 on Chester ave. runs out Walnut and in Chestnut to the City's Center, Fifty-fourth at is a wide main street—yea will be glad to live there.

And them—does not this description sound good to you? Most excellent hot-water heating; electric lighting, with handsome fixtures; good-looking, substantial hardwood floors throughout; gas kitchen, with unusually fine cabinet range; basement laundry; electric pluss in baseboards; skylight; shower bath; built-in bookcase and desk in Dutch hall, and a hindred and one comfort-inaking extra refinements, which will be a constant source of appreciation and satisfaction to yeu.

Most unusual circumstances make it possible to sell these houses at a ridiculously low price, and I have succeeded in arransing such casy terms that even though you have only a small amount of cash a perfectly new home is yours, with the balance of, purchase price in monthly payments to suit. How much more sensible a plan than renting an old-fashloned and unattractive house.

We will have a sample house open day and vening. Won't you pay us a visit—NOW—and see for yourself just how unusually streative they really are?
