Levinsky says, with reports that Tom Gibbons easily defeated Levinsky last week at St. Paul. The Battler says it really was himself who did the defeating. As Levinsky explains the contest, "Why, Tom hit me only four times in the entire ten rounds, and they were creampuff blocks." Levinsky doesn't take Tom seriously at all. Mike is the fellow Bat wants to get into the ring, and while Levinsky admits that the pompadour person is a regular boxer, he believes the cider Gibbons also would be a runner-up. That Levinsky made a bir hit with St. Paul fans—and the promoter— is proved by the fact that Barney was rematched for the second week in April. His opponent has not been selected as yet; but Battling hopes that Mike Gibbons is chosen as the party of the second part. They are very expensive and would mave been eliminated long ago because of that feature if the ball clubs could have seen their way clear. A team cannot get in shape by practicing at home because of by the Washington club when it tried Charlottesville, Va. You have got to have warm weather to try out your pitchers and get them in form for the opening games, and the South is the only place for it. We are under a heavy expense because of the lack but it is money well spent.

Climate Ideal

It would not be at all surprising to see the Athletics at Tampa next year if sulta-ble arrangements can be musle. The climate is ideal down there as it seldom rains in the winter and the weather is warm enough to allow every one to get into the best of shape. Tampa is also near St. Petersburg, and perhaps something may happen that will bridge the differences between the Athletics and the Phillies which would result in a series of games in those vities. Moran, too, needs some strong club to play, and he may welcome the chance to bury the hatchet.

Last week the boss of the Phils said that he was trying to get the Boston Red BOXING HANGING ON ROPES lox or the Washington club to train St. Pete next year, and if either accept a new ball park will be built. There room for another club and no doubt the games would be well supported. All of which shows that if the Mackmen decide to change camps and go to Tampa, a three-cornered series may be put on, which would cut down expenses.
