American Envoy and Staff Receive Passports, Dispatches

WASHINGTON, April 7. Secretary of State Lansing said today that Ambassador Frederic C. Penfield has not been recalled by this Government from his post at Vienna. He is, however, coming home to confer with the department. The Secretary could not confirm reports that the Austro-Hungarian Government has decided to hand the American Ambassador his passports and request Count Tarnow ski to return to Vienna.

GENEVA, Switzerland, April 7. American Ambassador Penfield, at Vienna, has demanded his passports and will probably leave tomorrow, according to a delayed dispatch received here today.

The latter said Austrian papers made of male announcement of Austro-Hungary's lignment with her ally, Germany, against

information contained in dispatches from The Hague asserted that American Am-amador Penfield and his staff had been ormally given passports, and that The etherlands Government would probably epresent the United States hereafter in tustria-Hungary. It was also reported that he other members of the Central Powers' dliance, Turkey and Bulgaria, would shorty announce formal severance of relations with the United States.

Count Tarnowski has never been formally tognized as Ambassador to the United lates. He is now in Washington, and has sen there for a month or more cooling his sells and waiting for the United States to serve him formally as a diplomatic rep-sentative. In the meantime, although are was/no official explanation, it was inmated that Tarnowski was not being for-mated that Tarnowski was not being for-ally accredited because America was miting to see whether Austria approved armany's unlimited submarine warfare.
