# FINANCIAL NEWS

## PRICES VARY AS SPECULATORS SHIFT THEIR POSITION ALL THROUGH THE DAY

### Moderate Gains Are Made by Some Stocks at Start, but Room Traders Soon Make Bearish Demonstration and Losses of 1 to 4 Points Are Made

**High Points in Today's Financial News**

*Professional element controlled movements of stocks in Wall street. Some stocks made moderate gains at start, but recessions followed. Some issues strong on Curb, while others were pressed for sale. Wheat ended irregular, after being higher. Cotton lower. Call money reached 3 per cent in Wall street. More gold sent to Cuba. Bar silver lower. American exports in March reached a total of $551,278,000 despite German submarine campaign, and imports were $270,480,000, a new American record.*

NEW YORK, April 23.

The stock market movements were again controlled today to a great extent by the professional trading element on the floor, and prices varied constantly as those speculators shifted their position. Some stocks made moderate gains at the start, but gave way when the room traders made a bearish demonstration, and a number of issues sold down from 1 to 4 points. This movement ended quickly, however, when it became apparent that the traders were simply adding to the short account, and aggressive buying by a few of the large room traders then started some hurried covering, on which vigorous advances were made, only to be lost later on.

United States Steel common advanced to 112 after frequent rallies and recessions, against 111¼ on Saturday, but did not maintain this gain for a long period. The Street was full of talk about uncertainty over the dividend outlook tomorrow. Offers were made to wager one to ten that action on the extra dividend would be deferred. Some bets were made that the dividend declaration would be the same as in January, and C. M. Schwab's brother made one bet that the dividend distribution for the quarter ending March 31 would be $5 a share in all.

The copper stocks, as a group, were under bear pressure all through the day, with some of these issues selling at the lowest record made so far this year. Utah Copper, which sold at 110¾ early in the way, dropped more than 3 points, and substantial losses were sustained in Kennecott, Anaconda, American Smelting and Inspiration.

The railroad stocks were fairly well held. Reading sold ex the $1 quarterly dividend at 93½, a loss of ⅝, but later advanced to 94¼. General Motors on the covering movement advanced from 100½ to 105, followed by a quick drop of more than two points.

Trading was on a fairly large scale in the bond market, but with most of the business concentrated in the foreign Government issues, with the Anglo-French 5s dealt in in large blocks at around 94½ to 94⅝.

## DIVIDED TONE IN TRADING ON CURB; SOME UP, OTHERS PRESSED FOR SALE

NEW YORK, April 23.

There was a divided tone to the trading on the Broad Street Curb today, with some issues in good demand and displaying strength while others were pressed for sale, with United Motors attracting attention by dropping from 31 to the new low record of 29½.

Everett Heany & Co. was one of the strongest features, being in good demand at 22. News that a new well brought in on the Pemberton lease of the Atlantic Petroleum Corporation, making 3,000,000 feet of gas, caused active trading in that stock, ranging from 7¼ to 7½. Aetna Explosives was steady with sales at 3⅝ and 3¾.

Submarine sold at 21, Air Reduction at 68 and 69, Todd Shipbuilding at 85 to 87 and Marlin Arms at 83. Mining stocks were irregular, Magma dropping from 47½ to 45, while Consolidated Arizona was actively traded in up to 2½. Magnate held strong, with sales at 80 to 81 cents. United Verde sold at 36⅞. Big Ledge at 3¼ and 3⅜. Ohio Oil sold at 360 and 357.

The Russian bonds were strong, with the 6½s traded in at 95 to 95⅛ and the 5½s at 88¾ and 88½. Buying of Rex was of good character on the announcement that the mill is treating 150 tons in twelve hours.
