SPEAKER GETS RIGHT START FOR ANOTHER BATTING CHAMPIONSHIP, SETTING PACE WITH .435 AVERAGE

McInnis Also Hits Well, Trailing Texan With Mark of .395-Cravath, Paskert, Bancroft and Whitted in .300 Class

TRIS SPEAKER has picked up where he left off last year in his batting, and apparently his keen batting eye has not dimmed during the winter months. Tris topped the American League batsmen last season with a .385, the first man to depose Cobb in nine years. Now he is back at the top, setting the pace with an imposing .435, and continues to hit away with the same freedom and consistency which marked his wonderful hitting last year,

But Tris is not making any runaway of it, as Stuffy McInnis has cast aside his hitless togs and is walloping the sphere in a manner that looks as though there's one dangerous Mackman this year. Stuffy has not failed to collect at least one safety in the twelve games the Athletics have played this season, and is second in the race to Speaker with a .395.

Larry Doyle, leader of the batsmen last week, has hit the skids, and now Tom Griffith, of the Reds, is on top with 500. George Burns, the man always on the job for the Giants, continues to maltreat the horsehide and is second with .442. Rousff, a former Giant now laboring for Matty's Reds, is third with a 429. Gavvy Cravath is the best hitter on the Phils as represented by his .395. Benny Kauff is next with his .364. Paskert follows with his .362. Two other Phills are found in the select, Bancroft with .359 and Whitted with .302.

The Mackmen lead in team hitting, which is one of the real explanations for Connie's excellent showing thus far. Babe Ruth tops the pitchers in Fan Johnson's circuit with four wins and no defeats. Anderson, Schupp, Doak and Barnes top the National League pitchers, each being credited with two wins and no defeats.

Cravath leads the sluggers, having among his collection of safeties three homers and four doubles. Hornsty also has pounded out three circuit smishes.

The averages follow:	tas pounded out three circuit smushes.

SMITH FAMILY AGAIN PROMINENT IN BASEBALL The Smith, family is again heavily represented in the major leagues as the 1917 pennant races get under way. The Smiths lead the representatives of all other family trees in the majors, a distinction which for many years was held by the Joneses. George Smith, who first won fame at Columbia, is one of the new players to be added to the Giants. Over in Brooklyn one finds another pitching Smith, this being Sherrod, who pitched such sensational ball in the world's series last October. On the

same team is Jimmy Smyth, but the dif-ference in spelling and pronunciation keeps him out of this family reunion.

Frank Baker made pace for homers in the American League during 1911, 1912 and 1913, and tied with Sam Crawford in 1914, but the most the Trappe terror ever got in one season was a dozen round-trip swats. Last year Wallie Pipp, of the Yankees, was on top with twelve. Perhaps some new slugger of the demon type will spring up this year. Who knows? And then again, it is more than likely that the home-run swatters who have stood out in front for the last few seasons will continue to hold their places.

Gavvy Cravath, no doubt, will be one of the birds near the top in the National League, and probably ON top.

MAXWELL LOSES TO PERCY PLATT

Medalist Eliminated in Semifinal Round of Tourney at Lakewood

PHILA. LAD IN POOR FORM

LAKEWOOD, N. J., April 28 - A series f smothered mashle shots cost Norman H Maxwell, the medalist, his match with Percy Platt, of Monmouth, in the semifinal round of the annual spring invitation tournament at the Country Club of Lake Platt came home winner by the margin

of 3 up and 1 to play, and his victory was gained chiefly through the young Aronimink player's failure to get up to the pin from short distances away from the green. Platt had the lead throughout the greater part of the match and Maxwell could do no better than hold his sturdy

opponent to even terms at any time.

After halving the first and second holes Platt drew first blood on the third, when Maxwell sliced into a trap and required a six to the Jersey player's five. The fourth was halved in par figures and on the next hole the match was squared, when Platt

missed an easy putt for a haif.

The tie was broken on the sixth when Maxwell shoved his mashle shot and was shy with an approach putt a five to a six resulted. The Metropolitan player added to his lead on the next, when Maxwe'l's second and led across the green and died in a deep

A half on the eighth was followed by another win by Platt. The ninth was played in poor form by the medalist player, and his seven made him three down at the turn. The short tenth was collected by Maxwell when Pintt took three putts. Platt came back to his three-hole lead on the twelfth, when Maxwell's mashle work did not comup to form. Then followed a rally by the Aronimink contender. His tee shot on the 246-yard thirteenth stopped within eight feet of the pin, and his bird three won the sole. This was followed by another win on lead to one hole.

A series of missed putts on the sixteenth left the medalist in the uncomfortable posi-tion of 2 down and 2 to go, and the match ended on the next hole. Both drove well and Platt stung a cleek shot for the green. Maxwell then sliced out of bounds. The second ball was also sliced and found to be out by inches. Seeing that the match was as good as lost Maxwell did not tramp back

However, if Shields of State, gets off anywhere near Tenney, it should be a great race. Tenney and Shields have beaten 4:20 for

the mile.

Penn and State will fight it out for the freshman championship, with the odds on the Red and Blue yearlings. The Quakers seemed to have the race already clinched two weeks ago before Earl Eby and Izzy Hough pulled tendons. However, Eby has recovered and, although not in the best of condition, he will compete. The running of Maxam, of Penn, who was a teammate of Brooke Brewer when the pair attended St. Alban's School, will be well worth watching. Maxam is one of the best quarter-milers in the East.

Athletics Should Go On in Training Camps, Says War Secretary

NO LAURELS AT STAKE

Tournaments sanctioned by the United States National Lawn Tennis Association will be played as scheduled throughout the entire country, with the approval of the War Department. This decision was reached by a vote of the Executive Committee, to whem the annual meeting of the national association delegated authority for action after consulting the Federal authorities.

The fact that the schedule will be carried out does not mean that customary conditions will prevail in tennis this summer. There will be no prizes, no competition for challenge cups, no ranking and no national championships. This means that there will be no incentive for a man to neglect his duty, military or otherwise, merely for the pursuit of tennis honors.

By eliminating the lure of championships, ranking, etc., it will be impossible for such tournaments as are held to become a hind-rance to the activities of the Government. Clubs belonging to the U. S. N. L. T. A. will be urged to secure the largest possible entry list for their tournaments, aiming at

entry list for their tournaments, aiming at quantity rather than quality, and appealing particularly to their own membership. They will be asked to make no effort to secure prominent players from other parts of the country to compete.

Wherever possible, gate receipts for tournaments are to be charged, and the net proceeds, together with the entrance fees, are to be turned over to the local and national organization of the American Red Cross. Junior and boys' tournaments in particular are to be actively promoted.

There will be no national championships.

There will be no national championships but in their stead will be held national patriotic tournaments. The patriotic feature will be emphasized here as in all events held

Burton presented the letter to the Secre tary of War and discussed the matter thoroughly with him. Secretary Baker ex-pressed his appreciation of the association's attitude and unbesitatingly recommended the adoption of the proposals it had out-lined. At the bottom of the letter he added the following notation:

"The foregoing recommendations seem to me admirable and I am glad to recommend their adoption. In addition, I would be glad if the members of the association who do go into the military forces could be requested to co-operate in all efforts to establish athletics in the training camps and so create wholesome recreation for the leisure hourof soldiers and officers.

"Secretary of War."

Officers Encouraged

This cordial indorsement by the War Department encourages the officers of the national association to believe that the ten-nis public will join heartily in this service to the country. Careful consideration of the plan, so far

Careful consideration of the plan, so far as it has taken definite shape, shows that it offers tremendous possibilities, not only for advancing the physical preparedness of the nation, but for stimulating that patriotic enthusiasm which must accompany success-ful national endeavor, and for raising large ums of money for the use of the Red

It is felt that these worthy purposes will commend themselves to tennis clubs through-out the country, and that by their gener-ous co-operation the recommendations of the national association, which become the recommendations of the Government through Secretary Baker's approval, will be put in successful operation.

Within a week tournament regulations will be drafted to carry out this plan, and will be forwarded to all members of the U. S. N. L. T. A.
