TYSON COACHES YOUTHS

Kenderton Grammar School has produced Kenderton Grammar School has produced many star athletes who have made good in high schools. Kenderton always has been fortunate in having some one in its faculty who is interested in sports. Mr. Kind, principal of the Sheridan School: Mr. Hambleton, who has charge of the Trades School track team; Mr. Haus, of School of Practice, all have had charge of the athletes at Kenderton.

George Tyson, a graduate of Central High and the University of Pennsylvania, has charge of the sports at the present time.

charge of the sports at the present time. During the summer months he represents Germantown Boys' Club on the track. Some of the first to become stars in high school after leaving Kenderton were Harry Fritz and "Lew" Young. Harry Fritz was one of the best athletes that ever represented Central High, being a member of the baseball, football and track teams. After baseball, football and professional base-ball in the Federal League. "Lew" Young went to Northeast, where he was captain of the football team and later was captain of the University of Pennsylvania football

During the last few years most of the Kenderton athletes have entered Northeast and the football, baseball, track and cricke teams have many former students from that school. One of the best all-around athletes who went to Northeast was "Axe!" as, who played on the soccer, track baseball, basketball and swimming teams

in 1914.
"Artie" Drey, Allan Ganble and Norman Leidy were former Blue and White stars who played on the football team at North-east last year. McComb and McKee were substitutes. The Northeast track team ns to draw many former Kenderton pupils, due no doubt to their carlier training received under Mr. Tyson. Manager Pitts, of the Northeast track team; former Captain "Bill" Renteneller, present holder of the two-mile interscholastic record of Phila-delphia, and his brother Leo, a member of the track team; Gronnquist, a member of the fast relay team which finished second in the American championships held at Franklin Field last week; Kingeter, a burdler, and Yost, a miler, all are former

members of Kenderton's track teams. Captain "Bob" Paul, of the Northeast cricket team, and a member of the soccer and basketball squads, together with Man-ager Kingeter, Nueber, Schultz and Wal-lace, of the cricket team, received their first teaching at Kendenton. KENDERTON TURNS | HAIL JOHN COOMBS! HE CONTINUES TRIMMING N. Y. GIANTS, 11 IN A ROW

Sing the praises of Christy Mathewson, Grover Alexander, Walter Johnsson. Go back into the past and dust off the sparkling records of Cy Young, Joe McGinnity, Jack Chesbro—any of them. Then come back to present-day performances and gaze on the record of Jack Coombs.

In the stretch of years that Coombs has been pitching he never has been beaten by the Giants. Eleven games now hang at his belt—as victories over teams led by John J. McGraw. The eleventh point was reached yesterday when the former iron man of the Athletics went ten innings to turn back the team that innings to turn back the team that has been picked to win the National

has been picked to win the National League pennant in a walk.

The world's series of 1911 first saw Coombs facing the Giants and he won over Christy Mathewson. He went back in the fifth game of that series, but fell quivering to the ground when he injured himself. The score was a tie at 3 to 3, which really makes twelve games in which really makes twelve games in which Coombs has faced the Giants without defeat.

He was released from the Athletics when Connic Mack thought he was through. He was through to the extent of having a great part in pitching

the Dodgers to a pennant last year and to the extent of winning the only game credited to the Dodgers in the last world's series.

This is Coombs's eleventh year as a big league pitcher, although the record leaves a big gap in the years of 1913 and 1914, years which Coombs spent for the most part in a bed with weights strapped to his feet.
