CAMP ENLISTMENTS IN P. O. S. A. RESERVES

Native Sons Demonstrate by Sentiment and Efficiency Practical Loyalty to Flag

The Patriotic Order Sons of America have The Patriotic Order Sons of America have again proved that they stand "four square" for the United States of America, and as in '61 the enlistment of more than 1200 of the young members of the order from the upper counties of the State is upholding the glorious heritage handed down to these young sons from their fathers and fore-fathers before them. Ninety per cent efficient for active service with the colors is what was found to be the established truth when those loyal native Americans gathered in Scranton last week. The Potts-ville Reserves came forward on the same ville Reserves came forward on the same day in that city with 150 enlistments.

The members of the order in Philadelphia have also been proving their loyally to the cause which this order represents, and today the season of the order from Philadelphia Delaware. Montgomery and Bucks Counties ensisted.

Officers assert that reports at State head-quarters will prove that more than 6500 members of the order in Pennsylvania are now enlisted in the service of the country. This is a wonderful record, and the State officers feel proud that their younger boys stood ready to stand the test, and enlisted without the need of a draft measure by the lawmakers of the nation. Many of the married brothers sought to enlist in Scranton and elsewhere last week, but the efficers of the Government refused to accept any but shage men.
