JOSEPH DIXON CRUCIBLE CO. Jersey City, N. J.

HE efficiency of the American people is now confronted with the greatest test in the Nation's history.

"Are you fit?" is the question of the hour. Abroad and at home, in the trenches of war and at the benches of trade-our achievements in this crisis depend upon our physical and mental fitness.

A philosopher once said that a man's liver is the master of his destiny. That was a witty way of saying "Keep fitl"

Whether you strive for business success at an office desk or for military victory on a battlefield, the steady hand and the clear head win. "Keep fit."

The Girard Cigar never gets on your nerves, never affects your heart or your digestion, never interferes with your health or your efficiency.
