SHOOTING AND BURNING MARK NIGHT RACE RIOT

Bix Shacks in Ruins in East St. Louis and Whites and Negroes Shot

GUARDSMEN ON DUTY

Soldiers, However, Fail to Prevent Disorders on Second Day of Street Fighting

EAST ST. LOUIS, Ill., May 30. The quota of militia guarding the city against a repetition of race rioting was increased to eight companies today with the arrival of two more detachments of the Illinois National Guard. The city virtually is under martial law. Despite the presence of the soldiers, authorities fear more rioting tonight. Wholesale arrests of negroes carrying concealed weapons were planned,

EAST ST. LOUIS, III. May 30 Smoldering ruins of six shacks in the negro section today gave testimony of the work of the mobs in the second night of race rioting, in which three white men and two negroes were shot and scores clu

The presence of six troops of Illinois No tional Guardsmen did not prevent the fre-quent clashes between whites and blacks although it probably kept down the cas ualties and curtailed the property de-

Thomas Richie, C. E. Dagville and A E. Larkin, white men, and Hardy Hanks and Charles Ervin, negroes, were wounded in gun battles. Are lights were first shot out and, with the streets dark, the band of white and blacks fired blindly at each

Guardsmen rushed to first one scene of disorder and then to another, but as fasas they dispersed mobs in one section

as they dispersed mobs in one section, fights would break out in another.

Hanks was shot through the left lung by a white man who accosted him along a railroad track. He probably will die. Ervin, the other negro, was the target of a fusillade of shots. He was seriously wounded in the right side.

Larkin and Dageville are in St. Mary's Hospital, but the surgeons pronounce their wounds not dangerous. Richie, a watch-man of the Baltimore and Ohio Hailroad. was shot while patroling the tracks by a negro with a shotgun. Hundreds of arrests were made. Most of

the colored men taken were found to be beavily armed. One negro had eight re-volvers and 300 rounds of ammunition hame carried shotguns, some rifes and Some carried shotguns, some rifles and most of them revolvers. One had a bomb in his pocket.

PATRIOTIC EVENTS STIR GLOUCESTER COUNTY

Civil War Veterans, Patriotic Orders and School Children Observe Memorial Day

WOODBURY, N. J. May 30.

But for the assistance of patriotic or
ders and the people in general, the vet erans would have had a hard day's work In making the rounds of the cemeteries, fol-lowing out the strict rules of the Grand Army posts in decorating the graves of Army posts in decorating the graves of their fallen comrades. Willing hands and liberal contributions of the hest flowers made the day comparatively easy. General Howell Prost, of this city, made its annual rounds of the upper end of the county in automobiles furnished by David O. Withins. Herotofore the soldiers rode in wagons and the trips at times were anything but comfortable, but it was different this year. The root with the Moore Paud this year. The post, with the Moose Band, left the courthouse at \$30 o'clock and within a few moments were at Paulsboro. This borough always extends a welcome hand to the veterans, and this year the r Trokos Club, a social organization of young men, gave special attention to the post for a short time. The cometery was visited, and the Rev. Mr. Applegate, of the Methodist Episcopal Church, gave an inspiring talk. The post proceeded to Clarksbero, three miles to the east, where there was a crowd of 2000 people awaiting at Eglington Cemetery. Short exercises were held at the monument of General Howell, after a solema march was made from the entrance.

Pour of eight young women graduated as nurses by the Women's Homeopathic Hos-nital are going to Prance with an American hospital unit. They are Carrie Amelia Weller and Agnes Mary Lamline, this city; frace Davison, Titusville, Pa., and Alice tom Donnelly, Camden, N. J.

CIVIL WAR VETERANS MAY USE OLD CITY HALL

Compromise Plan Would Renovate Building for Use of Military Organizations

The question of providing permanent quarters for veterans of the Civil War may be finally settled by renovating Old City Hall, at Fifth and Chestnut streets, for the use of the military organizations. For the erection of a monument or memorial build-ing there is available a fund of \$250,000 that could be used to put the ancient build-ing in serviceable shape and for the erec-

elics of inestimable value, and it is the de-ire of the veterans to combine and erect suitable memorial building, in which these lies may be properly and securely ex-bited. There has been much discussion s to the shape which a memorial shall take, the city wishing to erect a memorial monument in the Parkway at its intersecon with Nineteenth street, by means of which the monument would have ample urroundings afforded by Logan this memorial shall take the shape of a building in which they might hold their ctings and house their relics. It is very probable that a compromise will be effected whereby the old City Hall will be renovated or the exhibition of historical objects connected with the growth of the city. The proposed ordinance provides that such his-torical objects shall pertain to events occurring previous to the year of consolida-tion, but it might be so amended as to extend the date up to the end of the Civil War. This will permit these relics and records to be installed in the building, which War. would require approximately \$60,000, and the renovation and restoration would be along lines similar to those employed in the excellent restoration of Old Congress Hall. at the corner of Sixth and Chestnut streets.

OLDEST VETERAN, 97, KEEPS MEMORIAL DAY

John Sylvester Myers, of Birmingham, Pa., Still Has Good Fights in Him

TYRONE, Pa. May 30. - Perhaps the oldest veteran taking active part in Memo-lai Day exercises this year was John Syl-rester Myers, of Birmingham, Pa., who is sinety-seven. He is a member of Colonel D. M. Jones Post, No. 172, G. A. R., of Ty-rone, Pa.

Mr. Myers is not only a veteran of the Civil War, butgaiso saw service with the United States marines when they stormed Vera Cruz in 1847. Myers enlisted first historic battleship Congress, a dreadon the historic battleship Congress, a dread-nought of those days. After his enlistment of five years expired he had to his credit a number of tours around the world. Myers is a rugged fellow, six feet one and one-half inches in height, and was born in the "six-shooter" days near St. Louis, Mo. He "six-snooter" days hear St. Louis, Mo. He takes a trip to Tyrone twice a week, walking a mile to the trolley terminal. On circus day he made his usual visit to town and his pocket was picked. Instead of asking his old comrades or his many friends for aid, he walked to his home in Birmingham, three dusty miles, and seemed no worse for

GLOUCESTER CITY MARKS DAY WITH PARADES

The Sons of Veterans began their day's The sons of Veterans began their day's program with a raily in the vacant lot at King and Monmouth streets. There were addresses by the Rev. J. W. Nickleson, pastor of the First Methodist Episcopal Church: the Rev. John M. Davies, pastor of the Presbyterian Church, and the Rev. D. I. Chenay, Then a line was formed. of the Presbylerian Church, and the Rev. D. I. Chensy. Then a line was formed and the different patriotic organizations paraded to Cedar Grove Cemetery, where graves were decorated. The parade headed by the Ancient Order of Hibernian marched to St. Mary's Cemetery, where the graves were blessed and decorated.

MINERS URGED TO AID NATION BY BIG OUTPUT

Points Out Need of Co-operation by Workers

CONSERVATION IS NEEDED

Transportation Interests Are Urged to Work Towards Solution of Car Shortage Problem

Patriotism in Mine as Well as in Trench

THE first essential toward an increased production of coal is a close co-operation between mine employer and employe.

We ask the mine owners and the workers to use their best and continued efforts to increase, so far as they are able, the production of coal for the public necessities. We urge them to keep the mines

continuously at work, avoiding labor lisputes and unnecessary shutdowns, We suggest and urge that the of moving miners from the mines of well-established producing companies or communities to other districts be discouraged, as this practice creates unrest and tends to lecrease the output of coal.

The men of the mines who stay at their underground duties give to the country as patriotic service as do the men who risk their lives in the trenches.

By a Minif Correspondent WASHINGTON, May 20,

And the ristion

These slogans were passed along today to e coal operators and the hundreds of susuads of men who toll underground in e State of Pennsylvania.

mbers of the Committee on Coal Proection, an advisory board of the Counce National Defense, through the EVENIT EDUEN, send one great big word to the nining industry of Pennsylvania. That yord is MOBILIZE. The country is confronted with a great

mergency in connection with the protion of the war," said a member of the coal Production Committee today. CONSERVATION NECESSARY

The committee's statement follows:
"Notwithstanding the increased production of coal from virtually every district increasing requirements to meet the eeds of all classes of industry, as well as for the comfort and welfare of the people and the transportation of troops, munitions, food and other products, tegether with the supplying of our allies, and for our national urpass the capacity of our mines unless the ull co-operation of the mining, transporting and distributing agents of this diminished supply of labor used in the profuction of coal, but also in more comprehen ibuting agencies, so that not only a full oduction will be secured, but also that this reduction finds its way over our railroads nto those centers where the most urgent

"If the demand for this product continues to increase it may be necessary that active steps be taken to confine so far as possible the distribution and use of it to those activities which are more easily vital to the welfare and protection of the nation. That this may not affect an unnecessary hardship upon the domestic welfare of our people it is ecessary to promote the closest co-operation, and because of the duty laid upon us to promote this welfare we urge upon you that you co-operate with this committee in its efforts to promote the largest production, the most equitable distribution, and the results. No doubt an emergency exists, but it is the belief of this committee that with your hearty support and the assistance or the public in conserving supply, sufficien fuel can be had to meet public n

PATRIOTISM IN THE MINES

"We believe that the first essential toward an increased production of coal is a close o-operation between mine employer and mine employe, and inasmuch as the United Mine Workers of America and the mine operators in several districts have already pledged by joint resolutions to the Counci d National Defense, under whom this co mittee works, and have nominated com-mittees, the services of which have been offered to the Council of National Defense to this end, we now call upon the several committees to use their best and continued efforts to increase, in so far as they are able, the production of coal for the public necessities by keeping the mines continu-ously at work, avoiding labor disputes and unnecessary shutdowns.

"The operation of well-established mines

should not be impeded and we suggest and urge that the practice of moving miners from the mines of well-established produc-ing companies or communities to other distribts be discouraged, as this practice creates a state of unrest and tends to decrease the total output of coal, interfering with the stability of the industry which is necessary for the highest efficiency. An effort should be made to instill in the mind of the individual miner and operator, as well as the organized body, the necessity of individual effort and continuous performance so far as work is offered.

"The miner or the company's representa tive who remains at work renders as patri-otic service as the man at the front.

"The total production of coal throughout the country has been seriously curtailed by

difficulties in transportation service and un-equal distribution of cars, resulting in short-age in the number of cars available for loading, as well as congestion in the avenues leading to the points of distribution, urge upon the operators that they pledge themselves to load all cars obtainable in the shortest time after the same become avail-able, and that they further take up and urge their customers to release these cars at the earliest possible date after delivery so as to make them available for further use without unnecessary delay, and that all practices such as unnecessary holding of cars for reconsignment or other purposes be discontinued except when absolutely necessary for public welfare.

"Transportation interests of this country have, at the suggestion of the Council of National Defense, formed a committee ap-pointed by the Council, whose duty it is to co-ordinate and promote the efficiency of our railroads and by agreement with the heads of the various railroad companies of this country the general policy of their opera-tion has been delegated into thei hands. It s the purpose of the Committee on Coal eduction to work in the closest harr with the Committee of Transportation and Communication.

We urge distributing interests, especially in the centers of large population, in so far as is possible to deliver coal to their customers along normal and ordinary lines without creating unnecessary panic. We urge in turn upon all such distributors that information be sent to this committee of conditions in such cities as may be bene-fitted by a closer co-operation of all con-cerned in our effort to supply all communi-

des with their requirements "If it is found that in any districts urplus coal is obtainable at this time over and above the actual needs, it should be divided as equally as possible and stored in the bins of the ultimate consumer so that

FRANCE, TOO, HONORS HEROES OF WAR ON "MEMORIAL DAY"

Coal Production Committee Moving Ceremony Marks Homage Paid to Living and Dead Soldiers for Gallantry in Battle That Republic Might Live

By HENRI BAZIN

PARIS, May 10. COMMANDANT — , in the name of the President of the Republic my rank, I name you Officer of the Legion of Honor.

With these words, General ommanding the --- Brigade, opened the periodical Prix d'Armes in the Grand Courtyard of the Invalides. The Prix d'Armes is the official and public omage to valor, an essentially French institution dating from the days of the Great Emperor, whose heroic marble statue stands over the entrance to the Hall of Honor at one end of the Grand Court.

Two full regiments of territorials, 3000 men, every one past forty-five years, every man wearing a trench-soiled gray untform, lined the three sides of the vast space. They stood at salute. In the center of the court a color guard carried the Tricolor. Directly in front of the colors, at a distance of perhaps 100 yards, stood sixteen rows of men, perhaps 200 in all. At their head, as if in command, quite clone, stood Major ----, whose decoration opens this story. Behind him, in front rank, stood three captains, two lieutenants, four second lieutenants, and an aumonier in his priestly robes. Behind them, a row of twenty-six sergeants and corporals. And behind these still, pollus of France.

Heroes of All Ages

They were men of all ages. Some seards, might have been grandfathers. They were in varied uniforms, infantry, artillery and trench mortars. chasseur-a-pied, engineers, artillery and cavalry; and interspersed among them. men in civilian clothes. These, in the stood with missing right leg next to another with missing left. Neither was arm in a sling, others without the right empty sleeves pinned to his blouse, and As the general spoke the words opening the ceremony, he stepped the twenty paces separating him from the officer to be decorated, tapped him lightly on both shoulders with his naked sword, pinned I saw decorated today would fill many the cross to his breast, kissed him upon both cheeks, shook his hand in congratulation, and returned to his designated spot. Here he repeated the ceremony, individual in the case of each commissioned officer. As the row were decorated they

took position at right angles. Refore the general stood the twentydx sergeants and corporals. He spoke aloud the name of each man in slow succession, and, stepping forward, pinned the decorations upon each breast, kissing their cheeks and grasping their hands. And as the noncommissioned men took their post behind the officers, the wounded, of Germany.

be driving the Poles into the arms of Russia."

seen blown off and he was otherwise wounded.

Maudiin sentiment will never settle the liquor problem, said Mr. Gibboney as he urged the audience to look at the question

without passion and to study it from all angles. The people are fighting rum, he went on, not individuals.

To substantiate his contentions that the Government shares in the profits of the liquor business and, therefore, is a partner with the brewers, the distillers and the sa-

galized liquor traffic compensation or reim-

Judge Patterson presided

Iscarlot," he declared.

Saloonkeepers should be compensated in

warning that he would be "streeted."
"In every national crisis," Gibboney
went on. "the liquor dealers were compelled to toe the mark and furnish the noney. They were called upon to finance our patriotism and now we turn to them

and say they are dangerous and a lot of He pleaded for a square deal for the nen who have invested their money and men who have invested their money and said it would be nothing short of robbery if the Government were to close the saloons and refuse to compensate their owners. The attitude of the prohibition element who would thus legislate the business out of existence was characterized as hyproclay nd a poor display of the rudiments of the Christian religion and ordinary law. Pro-hibition, he declared, has been a failure in many States, notably Maine.

Then came the vote and the announcement that reimbursement had won by a substantial majority. The debate was the irst of a series of twenty which are to be held in various cities under the auspices of the Ushers' Association. The next appearance of the oratorical gladiators will be in Washington

"BATTLESHIP" SAILS SEAS OF BROADWAY

Replica of Naval Vessel, Built to Encourage Recruiting, An-

chors in Union Square Warsaw received by the Polish agency at Lausanne. Two Polish deputies have NEW YORK, May 30. been arrested, says the dispatch, and the Germans "seem by their severity to The first battleship of the U. S. Navy to sail up Broadway and anchor was officially launched today in Union Square and turned over to Uncle Sam's recruiting of-ficers. Here it will remain with its guns pointing across the park, with its signals gleaming at night, manned and equipped like a ship affoat but destined to remain tion announces it has received assurances from the Pennsylvania Railroad that it has accepted the principle of "equal pay for equal work," wherever women are emits moorings as long as the young men of New York come forward for the service

their nation.
The ship, known as the Recruit, is built entirely of wood and is an exact replica of an up-to-date man-o'-war. It was built by Mayor John Purroy Mitchel's Defense ommittee and will hereafter be the headquarters for all of the recruiting for the navy and the marine corps. Blaine Ewing was the leading spirit in successfully cartablishing another new record. For the year ending with April, 1916, the total was

rying out the project.
At the exercises today Mayor Mitchel At the exercises today alayor was present, the flag of New York city floating from the mast. Mrs. Mitchel christened the ship, after which Admiral Usher's flag was run up and he and staff. nd Maynard Koenig, former residents of Berks County, that Maynard has been killed in battle "somewhere in France" and that a portion of Joseph's hand had placed officially in charge. Thirty blue-jackets from Newport manned the ship with company of marines. The ship was built as a permanent headquarters for the recruiting officers, and a constant reminder to the young men of Manhattan of their stablishing the Pennsylvania Nautical School at Philadelphia. The measure is on

JAIL FOR TUNELESS EAR

Voyager Thought He Was Playing "Marseillaise," but He Wasn't A musician, who didnt' know the differseillaise" and the Teutonic "Die Wacht Am Rhein," was arrested here upon arrival of a steamship from the South, on which he was a passenger. He is P. G. Geiss, of

Buffalo, N. Y. Geiss played the German air on his violin while the ship was off the coast. Passengers complained. Department of Justice operatives were notified by wireless. They released Geiss after he said he supposed he was playing the French hymn.
