SWARTHMORE TO REAR TABLET TO ITS HEROES

Populace to Pledge Loyalty as Names of Soldiers Are Posted

I gather allegiance to my Flag,
And pledge the Republic for which it stands:
One Nation, indivisible,
With liberty and justice for all.

With the repetition of this pledge of loyalty the citizenry of Swarthmore will rise to the view of the world the names of Swarthmore's men who are going to war.

As a fitting close for registration day next Tuesday, the Swarthmore company of Home Reserves will erect a tablet bearing the name of every man now serving the colors and the names of all who will be registered on that day. The ceremony will be at 7 o'clock, immediately after the closing of registrations. It is safe to say that every person able to get about will be on hand to repeat the pledge.

The tablet will be put up at the Pennsylvania Railroad station in Chester road, the most prominent location in the borough, and every one who enters may read the names.

The tablet was donated by Captain J. Rex Mahaffey, formerly of Troop F, Roosevelt's Rough Riders, now commander of the Swarthmore Home Reserves. He will be in charge of the unveiling. Burgess J. A. Ferry will preside. Prayer will be offered by the Rev. John Ellery Davis, chaplain of the home reserves, and the address will be delivered by William P. Potter, Associate Justice of the Supreme Court of Pennsylvania.

The raising of the tablet will be the most impressive part of the ceremony. Next to this will be the singing of "America" and "The Star Spangled Banner" by public school children and the assemblage.

The parade preceding the unveiling will be composed of divisions of public school children, private school students, Swarthmore College students, Boy Scouts and other Swarthmore organizations. Swarthmore Fire and Protective Association, a special company composed of all those who registered during the day and the Swarthmore Home Reserves.

The parade will move over the following route: South on Park avenue to Yale avenue, west on Yale avenue to Chester road and north on Chester road to the site of the house roll tablet.
