TLLISH FACTORS ARE IGNORED IN TRADING ON BROAD STREET CURB

1.4

only Business Is Brought About by Little Groups Concerned in the Market Position of Some Issues. Marlin Arms Sells Off

NEW YORK, July 2.

Builish factors, such as the Government contracts for airships, were ignored uday's trading on the Broad Street Curb, and about the only movements occurred in that market were those which were brought about by little or groups concerned in the market position of some issues.

Buying of this character made Sinclair Gulf go up from 261/2 to 28 while od stocks declined, Merritt falling from 25% to 24% and Chio Cities selling in from 55 to 57. No one seemed to care how big the aviation orders were. ated within a narrow range. Wright-Martin Aircraft selling at 91, to 9 i the two stocks generally understood to have immense Government contracts Curtiss falling from 39% to 39.

din Arms acted in the same way, failing to 97%. United Motors conin supply, selling from 28% down to the new low record of 25%. There as little strength in Submarine, which rose from 323, to 33, but this gain was is the last half of the day.

me mining stocks were quiet, with Big Ledge ranging from 2% to 2, Ohio rat 1%, Jerome at 1% and Mason Valley at 7% and 7%. Netna Explosives wat 4% and 4%.

are was a falling off in trading of Triangle Film, which sold at 1% and

Findard Oil of New Jersey sold at	Triangle Film, which sold at 1% 585. Austin to the Federal Reserve Board. The review says in part: "There has been a noticeable improve- ment in business conditions in those lines which are especially dependent upon weather conditions, higher temperatures having stimulated demand for many sum- mer specialties, and business in seasonable merchandise is now well up to normal in volume. The Philadelphia department stores report considerable improvement and expect business to continue good. "A large manufacturer of motortrucks reports that the volumes of business has in- creased; the outlook is favorable, but the pleasure-car business is reported as not very good. Shoe manufacturing in dull; the supply of leather on hand fair and prices from but manufacturers say that they have not experienced an dull a period since the planter care kusines. In a reasonable, busines for conditions in the hosiery and underwear lines are excellent and the mills are work- ing to capacity. Carpet and tapestry mills, however, are dull. Weol prices are high and the market unsettied. "The decrease in the surplus reserves of the Philadelphia hanks to the lowest point since early last December has forced up call money. Commercial paper now rules at 545 per cent. The rediscourt feature of the Federal Reserve Bank has been availed of to a very considerable extent." War Risk Rates Reduced NEW YORK, July 2.—War risk insur- ance on ships and cargo for India via the Cape of Good Hope has been reduced to 3 per cent from 4 per cent, and South African rules have also been lowered to 3 per cent from 35 per cent. All other rates remain the Duited Kirgdom is guiced a mini- tive duited Kirgdom is guiced a mini- ter barder is upper larged to a upper cent from 35 per cent. All other rates remain the barder is guiced a mini- ter barder is upper larged to a mini- ter of the secon is guiced a mini- ter of the secon is guiced an mini- ter of the secon is guic	Initial Senate Bout Sentimed from Page One of the use of foods, food materials of feeds in the production of vinous, malt of the alcoholic content of such Hauors is essential, in order to assure in ade- quate and continuous supply of food or feed, he is authorized, from time to time, to prescribe and give public undice of the subject of the limitation, regulation, pro- hiltion or reduction so necessitated. PRESHDENT'S MOVE Typohilbition was submarined by the Pres- feed and sunk in forty fathoms of beer and where. Senator Vardaman, of Mississippi, beigraphed the officers of the Anti-Saloon to committee's amendment was read. Wardaman similed broadly while his words were read. A few minutes before when were fread. A few minutes before when were the beer and wine and thereby facilitate passage of the food control bills is asked: "The President request the patriotic Suitars who are opposed to liquor to withdraw their objection?" PENROSE BLOCKS BILL Prospects for a vote on the food bill penrose, of Pennsylvania. Senator Cham- burdant set were blocked by Senator penrose, of Pennsylvania. Senator Cham- burding asked unanimous consent for a vote on full the Senator penrose. "Will the Senator agrees to a vote on fully for of for Senator Chamberlain asked	rible war, labor, fuel and oil have increased, virtually doubled, in cost within the last two years, and it is simply impossible for any utility to continue to operate on its former basis without suffering unmerited loss. It is to cure this situation that the increase is asked for, and not from any desire to make life harder for the consumer. The New Jersey Gas Company is no excep- tion, for the situation in question is gen- eral and is affecting street railways, ges- companies, water companies and electric companies, water companies and electric companies, etc., all over the United States, and some remedy must be found if utilities 'se to continue to serve the public." VARIATION IN CHARGES FOR GAS In addition to the request for permis- r a to eliminate discount the company also asked the commission to order the Mil- ville Gas Company to increase its price from \$1 to \$1,50 per thousand. W. I. Frost, Director of Public Works of Vineland, said that when the New Jersey and Millville companies entered Vineland each concern promised to furnish gas to Vineland for fifty years at the dollar rate. "It was my vote in the Township Committee that de- cided the matter." said Frost, "and I am greatly interested." At Newfield, N. J., the prices of the New, Jersey Company appeared to be somewhat inconsistent. W. S. Harrington, a ratized angineer, said he puid \$1.40 a thousand for gas, while a neighbor, about 100 yards dis- tant, paid only \$1. Samuel Lowder, a grocer, of Newfield, also deplored this in- congruity. They contended that the same who paid \$1.40. When questioned concerning the apparent inconsistency of rates at Newfield, Mr. Grayson said: "It is just possible that those who pay \$1 may be in another ounty, while their homes are near those who are paying tho higher rate." War Risk Rates Reduced NEW YORK, July 2.—War risk insur- snes on ships and cargo for India via the Cape of Good Hope has been reduced to Al- per cent from 4 per cent, and South African rules have also been lowered to 5 per cent from 3½ per cent. All other rates remain firm. United Kingdom is quoted a mini- mum of 8½. French Atlantic ports from signer. Passengers through the Mediter- ranean may the sea is strewn with derelicu</th> <th>Initial Senate Bout sense of foods, food materials of feeds in the production of vinous, malt of the use of foods, food materials of feeds in the production of vinous, malt of the alcoholic content of such Hquors is essential, in order to assure in ade- quate and continuous supply of food or feed, he is authorized, from time to time, to prescribe and give public under of the extent of the limitation, regulation, pro- libition or reduction so necessitated. PRESIDENT'S MOVE The biblion was submarined by the Pres- feed and sunk in forty fathoms of beer and the Senator Vardaman, of Mississippi telegraphed the officers of the Auti-Salory telegraphed the officers of the food control billy be assed. The Aman similed broadly while his words where read. A few minutes before when president Wilson y letter, expressing the hop that Compress would not prohibit manifacture of beer and wine and thereby acilitate passage of the food control billy. Barily this week were blocked by Senator PENROSE BLOCKS BILL Torspects for a vote on the food billy promores. The breet, suid Senator Penrose. "Abilitie Senator Agree to a vote of promores." The breet, suid Senator Penrose. "Will the Senator Agree to any correl." "Will the Senator Agree to any correl." "Will the Senator Agree to any correl." "Will the Senator Agree to any correl." "No," said Senator Penrose, adding, "The have no desire to delay the bill, The bill to be amendments to be offered."</th> <th>rible war, labor, fuel and oil have increased, virtually doubled, in cost within the last two years, and it is simply impossible for any utility to continue to operate on its former basis without suffering unmerited loss. It is to cure this situation that the increase is asked for, and not from any desire to muke life harder for the consumer. The New Jersey Gas Company is no excep- tion, for the situation in question is gen- eral and is affecting street railways, gra- companies, water companies and electric companies, water companies and electric companies, etc. all over the United States, and some remedy must be found if utilities reto continue to serve the public." VARIATION IN CHARGES FOR GAS In addition to the request for permis- r n to eliminate discount the company also asked the commission to order the Mil- ville Gas Company to increase its price from \$1 to \$1.50 per thousand. W. I. Frost, Director of Public Works of Vineland, said that when the New Jersey and Millville companies entered Vineland each concern ironised to furnish gas to Vineland for fifty years at the dollar rate. "It was my vote in the Township Committee that de- cided the multer." said Frost, "and I am streatly interced." At Newfield, N. J., the prices of the New Jersey Company appeared to be somewhat inconsistent. W. S. Harrington, a relied engineer, said he mid \$1.40 a thousand for gas, while a neighbor, about 100 yards dis- tant, paid only \$1. Samuel Lowder, a grocer, of Newfield, also deplored this in- congruity. They contended that the same main enved those who paid \$1 and those who paid \$1.6. When questioned concerning the apparent inconsistency of rates at Newfield, Mr Grayson said: "It is just possible that those who gas \$1 fmay be in another county, while their homes are near those who are paying the higher rate." The the present time the Millville Com- many has not decided what steps it will take in regard to the request that it in- crease its rates. S. J. Franklin, general</th> <th><text><text><text><text><text></text></text></text></text></text></th>	2,430,475 440,829 4402,113,829 4612,1121 462,1121 462,112 4052,113 40	Circulation 5,223,000 9,885,000 173,223,000 Due, fr. his. 94,718,000 170,000 199,243,000 Dec. of uke. 11,320,000 150,000 199,243,000 Resv. held. 98,331,000 2,402,000 178,001,000 Surnius July 5, 1015, 2402,000 2,402,000 178,001,000 Processing 16,000,000 1,000 2,402,000 178,001,000 Processing 16,000,000 1,000 1,000 1,000 1,000 Processing 16,000 1,000 1,000 1,000 1,000 1,000 1,000 Processing 16,000 1	good improvement, according to the review of conditions in the Philadelphia Federal Reserve District as reported by Chairman lichard L. Austin to the Federal Reserve Board. The review says in part: "There has been a noticeable improve- ment in business conditions in those times which are especially dependent upon weather conditions, higher temperatures having stimulated demand for many sum- mer specialties, and business in seasonable merchandise is now well up to normal in volume. The Philadelphia department stores report considerable improvement and expect business to continue good. "A large manufacturer of motortrucks reports that the volume of business has in- creased; the outlook is favorable, but the pleasure-car business is reported as not very good. Shoe manufacturing in dull; the supply of leather on hand fair and prices firm, but manufacturers any that they have not experienced as dull a period since the and the market unsottled. "The decrease in the hosiery and underwear lines are excellent and the mills are work- ing to capacity. Carpet and tapestry mills, however, are dull. Wood prices are high and the market unsottled. "The decrease in the surplus reserves of the Philadelphia hanks to the lowest point since early last December has forced up cal money. Commercial paper now rules at 5½ per cent. The rediscourt feature of the Federal Reserve Bank has been availed of to a very considerable extent."
