Dave Davenport Pitches No-Hit Game Until Ninth Inning Against Senators

COBB. AT MEDIUM PACE

Many features yesterday. Indians lost to Elmer Myers. Luderus had another good day. Ty Cobb lost a number of points. e more close one for Davenport. One more close one for Davenpo No stopping those pesky Giants. Sixteen straight for our Alex. Taily another for Eddie Clootte. Only three hits for Ping Bodie. Connolly chased Manager Fohl. Rauff and Zim both failed to hit. In other words, it is intended to inform

he draft-interested sport population that dilton Stock was perhaps the shining sar of Friday's exercises. Dave Davenport came ighty close to another no-hit game. Early week he allowed Boston Americans in the week he allowed Boston Americana but two safeties, and up waith the ninth inning of yesterday's Washington-St. Louis fracas he had not allowed a hit or a run. Washington, touched him for three hits and two runs in the ninth but it was not enough to win, the Senators dropping to the cellar, the A's taking seventh place, 3 points behind the Browns. Conscript 2646 was in part responsible

for Alex's second win of the week. Milt's double to the extreme grass plot out in center field tallied Evers, Bancroft and Luderus, Lee Meadows having passed the lat-ter to get away with Stock. There wasn't so much to the Glants' victory except Rube Benton and Hans Wagner. It was "Wagner Day," and the old man secured one out of three.

The best Tyrus Cobb could do was one out of four, but at that it made his seventh straight hitting game. Ty is not batting as he should in the opinion of George Simp-son and other equally deserving baseball enthusiasts, and his lead of forty points secured early in the week has dwindled to twenty-three points advantage.

Cobb has a mark of .370, including yesterday's games. George Sisler retains sec-ond place and had three out of four yesterday. Tris Speaker was unable to hit Eimer Myers in two official visits to the plate. Our Stuffy failed in four attempts and the dear boy has dropped from grace. Frank Baker had two out of four and is fourth while Ray Chapman, of Cleveland, who made one out of four, has secured a toe-hold on fifth place among the American batters.

Walt Cruise broke the tie with Eddie Roush in the National League. Eddie was unable to connect, but Walter found Alex for e out of three and is leading the National by a margin of seven points. Hornsby, by a margin of seven points. Tornsoy, another top-notcher, now here with the Cards, was able to hold third place, getting two out of a possible four. Bill Fischer is back among the "big five," and Grif-fith, of Cincinnati, brings up the rear with an average of .316. Saturday review of the leaders

By a Staff Correspondent SHAWNEE-ON-DELAWARE, July 21. SO FAR as the gallery is today concerned it will be a two-ring circus in the semi-

finals and finals of the matches of the Buckwood golf tourhament being played here. This morning the feature matches will be between Harold McFarland and Reggie Worthington, and in the other end of the bracket there will be Ed Clarey and Aleck Coles. But to offset all this Chick Evans will arive this morning, and he and E. G. Grace, the biggest man in the Bethlehem Steel Company next to Charles Schwab, will play in a four-ball match with B. Warren Corkran and Mr. Mackell, the sales manager

of the Bsthlehem Steel Company.

Evans and Mackell to Team Evans and Mackell will play against Corkran and Grace, and the national open and amateur golf champion of this coun-try and his partner have agreed to give Mr. Grace and Corkran four strokes, and Corkran, who is one of the lowest-rated golfers in this country, say it is not enough, but even at that the gallery does not know what to do. It is the first time that Chick Evans has ever played at Shawnee, and in spite of the fact that there is more class in the semifinals than for some years the gallery is like the small boy at the cir-cus. It does not know what ring to watch. A few days after winning the amateur championship at Merion last September. If Evans went up to the Northampton Coun-try Club, which is situated midway between the Bethlehems and Easton, on the invita-tion of Mr. Grace, and the double crowned champion gave them a shock, for while the amateur record of the course is a 78 and the professional record is a stroke lower, Chick, who had never seen the course be-form in his for wat around in 74, much Evans and Mackell to Team

amateur record of the course is a 76 and the professional record is a stroke lower, Chick, who had never seen the course be-fore in his life, went around in 74, much to the delight of Mr. Grace and the aston-ishment of the natives, who were priding themselves on the supposed fact that they had a real course. Chick has been playing on various western courses for the benefit of the Red Cross, and in doing so he has col-lected an amount of money which is well in excess of \$20,000, but he could not re-sist the lure of a day or two at Shawnee. Corkran said yesterday that he has not been playing much golf of late on account of the fact that both he and his brilliant young brother. Clarke, are in the Baltimore Battery, and on Wednesday of next week the battery is going into the Federal service, so that his golf at Shawnee will possibly he the last for some time. Both he and Clarke have a leg on the Buckwood cup. New Surprises in Match Play

New Surprises in Match Play

There were no great surprises in the first and second rounds of the tournament matches yesterday, and nothing finer in the and networks, and nothing finer in the way of a windup of a big tournament could have happened than to have Reggie Worth-isgton and Harold McFarland fighting it out in one bracket and Aleck Coles and Ed Clarey in the other. On paper the winners ought to be Worthington and Coles, as both are playing the Shawnee course with great regularity and know every blade of grass on it. Worthington is the only man who has two legs on the Buckwood trophy, and if he wins the present tournament it will has two legs on the Buckwood trophy, and if he wins the present tournament it will become his permanent property. McFar-land is playing a very fine brand of golf and he is one of the hardest men in the country to beat at match play. So far as Clarey is concerned no other golfer in the tournament has such consistently low cards as he.

Marine Quartermasters Are Easy for Store Team, 18 to 1 Lit Brothers defeated the U. S. Marine Marine overwhelming more 11-2. It is overwhelming score 11-2. Marine Marine

these matches. They will not be a part of the gallery and they do not give a hang whether any part of the gallery follows them or not; in fact, they would rather not be bothered with them. Who are they? be bothered with them. Who the various They are the semifinalists in the various other flights or the beaten eights, and they have their hands too full to worry about the first sixteen or Chick Evans or Mr. Grace or any other steel magnate.

None of them has been cracking 80 and none has designs on the course record, in their own way they have been putting up just as good golf as the big fellows, and they are anxious to win the medals donate the prize money to the Red Cross or some other society.

Director of Public Safety Wilson ran down to Philadelphia Thursday night to be at a dinner given by Senator Vare, but as he was scheduled to play a match in the fourth sixteen he was just as anxious to get back, for he is a keen golf bug. So he and Cornelius Haggerty left Philadelphia shortly before midnight by motor and arshortly before mininght by motor and ar rived well after 3 yesterday morning, and by 10 o'clock Mr. Wilson was ready to play. Unfortunately, at luncheon one of the golf-ers slipped and in trying to save himself grabbed hold of the Director, and the net result was the latter's eyeglasses were broken. Undaunted, he set out in the after-noon, and while he was badly handicapped he was not badly beaten. Another pair of glasses is due to arrive today, and the Director is going after some of his golf friends.

Bingles and **Bungles**

The busher grabbed a paper In a feverish sort of way For he was interested in The big news of the day.

He read the columns right and left, Then read them fore and aft, To see if Uncle Samuel Had caught him in the draft.

Yesterday's hero-Milton Stock. His double, with the bases clogged in the first inning against the Cards, clinched a victory for the Phillies and Alexander's sixteenth.

Alex doesn't know his conscript number. He's been too busy winning ball games to worry about a little thing like the draft.

Gavvy Cravath came very hear adding an-other homer to his credit. In the third he bounced a long fly against the bleachers.

Johnny Evers again placed himself in the imeglare. He stopped Smyth's effort to stretch a single into a double in the seventh by putting the ball on him with one hand. In the spotlight today-Ed Walsh. He had the nerve to sign with the Boston Braves.

The Giants celebrated Hans Wagner's forty third summer by wallouing the Pirates.

Hans is old enough to be the father of most of the Pittsburgh team, and if he was he wouldn't claim 'em.

The Yankees crawled back into fourth place by beating Dotroit. Harry Heliman did his best for the Tigers, but couldn't win the game with a more four hits.

Bodie and Myers, of the Athletics, poled thre hits each and Grover raised the ante one hit.

Dave Davenport held Washington hitless for eight innings and won a neat game, which was featured by Sisier's three hits.

Mike Regan threw a moth on the Dodgers, while the Reds pounded Marquard and Coombs.

The Cubs are going good, just like Von Beth mann-Hollweg. Hoston whipped 'em yesterday Nehf allowing but three hits.

That little feud between the White Sox an Red Box is now fity-fifty. Eddle Clootte gav up only four hits.
