#### COTTON BELT WEATHER CONDITIONS

NEW YORK, Aug. 1.

A surprisingly bullish report by the Government was followed by urgent covering and trade-buying of cotton today, and the market scored a big gain. October going to 25.30c and January to 24.80c, or 137 to 156 to 23.30c and January to store of the low points above the low level early and a net gain of 111 to 129 points. The official figure on the condition was exactly the same as that of the previous month, where-as an improvement had been generally expected.

expected. There was plenty of realizing, however, which caused quite a setback from the top. Sentiment was apparently only slightly less hearish than recently, and many ex-pressions of opinion were heard to the effect that the crop had made good progress dur-ing the past month, as indicated by numer-ous private advices from all parts of the table There was no disposition, neverthe-

MANY EXEMPT IN SEVENTH DISTRICT In the Seventh District, which takes in wards Nine and Ten, there was evidence today that exemptions will be heavy. There are 3040 registered men in the district. Of that number, 925 are aliens and exempt; about 1000 are married men, the majority of whom have dependent families.

E. C. Atkinson, secretary of the board, said: "The exemptions will be very great in our district. It is safe to say that only \*\$745,827 \*663,496 \*5,446,129 5,601,123 about a third of the men registered are not exempt. This is a dubious situation, but the War Department has faid down the \*\$289.804 \*32.019 \*4.951.801 \*3.630,719 rules and exemption boards must follow them."
