been erroneously reported that It had been erroneously reported that Lieutenant Gormley had been refused a commission for "inaptitude and incapacity" for training men. Gormley, who has returned to Philadelphia, said there was no truth in this statement, and that the real cause of his action was a criticism of recruits by Capiain Ripley. After a few errors in tactice by the recruits the captain, according to Gormley, said: "Those men may be able to get away with that in the National Guard, but not in a military organization." Other words followed, and Gormley, who was distatisfied with conditions generally presented his resignation. Gormley said presented his resignation. 30 YEARS IN ONE COMPANY FIRST SERGEANT RETIRES

Not a Bad Report on Record of Soldier, Who Is Congratulated by Officers

WASHINGTON, Aug. 6.—With the re-tirement today of First Sergeant Sylve ter Trontla, of Company C. Fourteenth In-fantry, probably the most remarkable infantry, probably the most remarkable the dividual record for army service was estab-

He has just completed thirty years of the has just completed thirty Search continuous service with the same company, the last ten years as first sergeant. Tront la's record is not marred by a single bad report, and with his retirement papers he was the recipient of numerous letters of warmest commendation from score of officers.

A peculiar coincidence in regard to Trontla's service is the fact that he was the first sergoant of the company to which Brigadier General Henry P. McCain, adjutant general of the army, was assigned as a second lieutenant on graduation from West Point.

Edwin C. Atkinson, member of this board. made it plain that married men who are giving their wives less than \$25 a month RINGLING, Okla., Aug. 6.

Reports of an I. W. W. indignation meeting in the oil fields near here last night, together with a report of the sale of man. Reports of an I. W. W. indignation meeting in the oil fields near here last night, together with a report of the sale of more than 190 high-powered rifles in the region during the last few weeks, have caused local officials to fear that trouble may arise here ever execution of the draft.

Largely attended meetings are said to have been held at which Deputy Sheriff Ewing was defied.

Hardware dealers have been warned against selling more rifles and ammunition to men who may be of doubtful character.

Which is less than \$25 will not be exempted by this board. If he wants exemption he will be forced to carry an appeal to one of the district boards. Of course, a man who is supporting a wife and two or three children requires a greater sum for their support than the monthly allowance of \$30 a month which is paid to soldiers. But there are many married men who never give their wives \$25 a month. Now if such men are drafted they will receive \$30 and out of this will be able to give their wives a monthly allowance of \$25.

In regard to allens Atkinson did not agree with Connelly and held that an atlen who insists upon exemption must receive it. "The law governing the exemption of aliens," added Atkinson, "is very plain. We can do nothing else than exempt the aliens if they insist upon it. The problem of dealing with married men who are in business with their wives will prove a difficult one to solve. Personally I believe that all cases of this character must be handled by district boards."

Governor Brumbaugh's message put an entirely new phase on the draft situation, and it is believed that exemption on the pica of supporting dependents will now be more difficult than ever.

It is pointed out that the monthly wage of a soldier is \$20 in addition to subsistence clothlys and made to subsistence clothlys.

least send a dependent \$25 monthly.

Reports of the various exemption boards show a great hesitancy on the part of aliens to enter the United States service. In the hope that they may be stirred to action Dr. John H. Bailey, of the Twenty-second District Exemption Board, has sent a plea to the consuls of the Allies that they urge their fellow countrymen to join the new army.

Washington calls attention to the fact

Washington calls attention to the fact that "a soldier's pay is not less than \$30 a month and that all clothing, subsistence, medical treatment and housing are furnished to him. Under the law he may allot any part of his pay to a dependent. Many seldiers receiving \$40 a month are easily able to allot \$25 a month to the support of dependent relatives. In case of death in line of duty the Government will pay to the beneficiary designated by the soldier six months' pay."

Section 4 of the Selective Service Act provides that those in a status with respect to persons dependent upon them for support which renders their exclusion or discharge advisable may be discharged, but it does not require that they shall be discharged in all cases. The discretion of the board is involved by this provision and such boards may well take the facts recited above into consideration in deciding claims for discharge due to dependency, with a view of determining whether, as a matter of fact, the person claiming such discharge will not be in as good or better position to support his dependents after selection for military service than he was before. If such is the case, of course, discharge must not be granted.

Mr. Woodruff said that this knotty prob-lem put up to the local boards added con-siderable weight to the burdens which they already carried. In fact, it made the board definitely determine whether or not a regis-trant's dependents could live on \$25 per month, and it seemed to mean a question of ascertaining how much each man asking for exemption was contributing toward the support of the dependents.

THE ALIEN QUESTION

Mr. Connelly said that the exemption of aliens at the present time is a 'much-mooted' question and that he will not exempt them. "By accepting them is will put the responsibility directly up to the two district boards," he said.

"In our district," he explained, "more than 79 per cent of the total registration of 3200 is alien.

"To exempt them is not fair to the American-born boy. It would mean that to fill our quota of 253 we swould have to call on a very large per cent of all the Americans in the district."

It was explained that atlens have enjoyed all the privileges of American protection and liberty and that it is up to them to do their share in time of need.

MAIN LINE DRAFT BOARD GETS DOWN TO BUSINESS

Main Line draft officials got down to business today, but made little headway toward raising their quota for the national army. Taking up headquarters in the Merion Title and Trust Company building in Ardmore, they examined fourteen men in Ardmore, they examined fourteen that during the morning hours, and out of that batch accepted five. Three in that group claimed exemption on the ground that they have dependents. Only two men who passed failed to ask exemption. They are Luci-ano Tetrellis, West Manayunk, and Alfred ano Tetrellis, West Manayu E. Townsend, of Haverford. The following men were:
