STARS TO REMAIN

The second half season of the Delaware 'ounty Baseball League promises at this writing to be a more exciting one than the initial series, which was won by Chester, Flankie outpointed him, but there was en-tirely too much elinching to make a good go. Joe Tuber scored a six count knockdown over Jack Doyle in the first round of the second bout, yet Joe had to show every-thing he had in store to win. Doyle is a manufact fourth out and he numbes hard. Poth's Maulers got such a commanding advantage at the getaway, the doubtful ones had visions of the Weeks Wheel blowing up, but once Manager Frank Miller and his thing he had in store to win. Doyle is a regular tough guy, and he punches hard, too. A terrific right-hander on the chin dropped Tough Guy Doyle feet up, but he wasn't down to stay. For the remainder of the content he continually tore into Tuber, but Joseph was too clever for the rugged Italian. It was a swell scrap. Patsy Appaheci Wallace and Battling Murray put on one of their usual great you-hit-me-and-Fil-hit-you houts, this time Murray being the winner. Wallace and Upland crowd were under way the surroundings changed somewhat and Chester just nosed Upland out in an exciting finish. ### By GRANTLAND RICE

AS AUGUST drifts along toward Septem-ber and the homestretch, baseball now has one vital detail left to absorb such fanatical interest as may not be over-shadowed and obscured by the war. This is the detail as to whether it will be the Chicago White Sox or the Boston Red

### Offense and Victory

The strongest offense may mean ultimate victory. We have never heard this argu-

ment debated. It has been proved that it doesn't always mean victory in football. It has been proved still further that it doesn't mean victory in baseball. The Tigers have been running from eight to ten games back of the top all year. Yet they have scored more runs to date than any other club in either league. They carry the wallop and the run-making skill far beyond all rivalry. But their de-fense isn't powerful enough to save them. You would think that a ball club able to make more runs each year ought to win-
