OCKS SELL LOWER IN NEW YORK, FOLLOWING STRENGTH AT START

nouncement of Pope's Peace Proposals Causes End of Prospective Bullish Operations—Exchange Officials Break Corner in General Motors

High Points in Today's Financial News

Stocks sold off in New York after strength at start. Pope Benedict's ace proposals caused declines. Exchange officials broke up corner in eneral Motors. Curb stocks were lower. Corn improved near close, following weakness. Cotton ended higher. Foreign exchange dull. Indian ining Company voted to pay all accumulated dividends. Midwest Refining Company increased capital from $20,000,000 to $50,000,000. New York ock Exchange ticker was removed from Pittsburgh Stock Exchange. Bar ver advanced to new high record prices. Keystone Telephone Company's rnings increase.

NEW YORK, Aug. 14.

The display of strength which marked the trading at the beginning of the day med to be of short duration, with prospective bullish operations being set back- by the announcement of the intention of the Pope to submit peace proposals the belligerent nations. Before this news came out the market was on the grade, the program of some bullish manipulators to force a squeeze of the rts in General Motors having been upset by the action of the Stock Exchange vernors, who ordered interests identified with the movement to end the corner ich had been sprung in the stock.

At first General Motors was in urgent demand, up 5½ points at 117, but when pressure of the governors was exerted it lost virtually all its initial gain.

Urgent covering of shorts was noted in many other stocks at the beginning siness, with industrials and specialties generally moving up 1 to 2 points, but check to the bull manipulation in General Motors ended this urgent covering recessions were in order when the news of the peace proposals were published.

The room and Street generally jumped to the conclusion that anything look- toward peace must mean lower prices, and the speculative element, acting on conclusion, put out fresh lines of shorts, replacing those which they had just ered at heavy losses.

Leading interests on Wall street are praying for peace just as heartily the Pope is doing, for, in their view, war with this country paying the bills is different from war with foreign nations paying them.

The absorption of the Liberty Loan continued to proceed with a good deal vigor today, large transactions being made in those bonds up to 100. A little ength was shown in some of the railway issues, with San Francisco incomes vancing from 52 to 52¾. Anglo-French 5s were traded in at the same range ich has prevailed for some time past.

OWER PRICES ARE GENERALLY THE RULE IN TRADING ON CURB

NEW YORK, Aug. 14.

Lower prices were generally the order on the Broad Street Curb, with the news the intended submission of peace proposals by the Pope checking speculative erations in war stocks and making some of those issues show pronounced weak- s. Wright-Martin, which was strong at the start, selling at 13⅝, dropped to ; Curtiss Aeroplane ranged from 52¾ to 51¾, Submarine Boat from 29 to ¾ and Aetna Explosives from 7 to 6⅝.

Prospects of peace, however, had a direct influence on Everett-Heaney & Co., ich rose to the new high of 24¾. The silver mining stocks were all active, with ewart strong, selling at ⅞.

These issues generally made a good response to the advance in the price of ver metal.

Copper stocks were steady, with Mason Valley selling at 7⅞ and 7¼, and Ohio pper sold at 1⅝. Dispatches from Salt Lake stated that the United States elting Company had paid the Emma Consolidated a single check for $17,484 owing a few shipments of rich ore from the second level of the Bay City shaft.

Independent oil stocks were generally lower, with Cosden & Co. selling at 11¼ to 11, and Merritt falling from 40¼ to 39. Midwest sold at 182 to 179.

PITTSBURGH EXCHANGE LOSES NEW YORK TICKER

Officials Assert Removal Is a Mystery, Quotations Are Said to Have Been Stolen

PITTSBURGH, Aug. 14.—The New York ock ticker was removed from the Pitts- rgh Stock Exchange today by the Western ion Telegraph Company. No reason was signed for this summary action, and offi- s of the local exchange say that they w of no reason for taking the quota- away.

A few so- led "bucket shops" have been getting otations from some source, and detec- es from the Chicago Board of Trade have en in Pittsburgh for some time investi- ating.

Many of the officials of the Pittsburgh k Exchange are members of the New rk Stock Exchange, and the board of ectors are men of high standing in the mmunity, which makes the removal of the ket a source of much mystery.

NEW YORK, Aug. 14.—Executive officers the New York Stock Exchange, according statements made by them today, had no owledge of the cutting off of the Pitts- rgh Stock Exchange from the quotation vice of the New York Stock Exchange. ers concerned in the management of the w York Stock Exchange declined to au- rize any statement in regard to this ter, but it was pointed out by one nor that the Stock Exchange would everything in its power to prevent the ribution of information to "bucket s" directly or indirectly.
