 Clarence Saunders, 1530 Thompson st.
 John A. Jones, 1710 Champlain st.

Premier

The Aluminum Six with Magnetic Gear Shift

Will be Handled in Philadelphia by the B. L. P. Motor Company, Inc.

WE HAVE taken a great deal of time in selecting an ultra high-class car for distribution in this Philadelphia territory—a car that would meet the requirements of the most exacting buyers, and at the same time, a car which we could safely back with our money, our time, and our business reputation for square dealing and for giving the public its money's worth.

We have finally found, in the new Premier Aluminum Six, just such a car and we take great pleasure in announcing to the people of Philadelphia that from now on this most remarkable car of the year will be always ready for inspection or demonstration.

Premier is the only car in America, selling within one thousand dollars of its price, containing a Lynite-Aluminum motor.

Premier distinctive features:
 A Lynite-Aluminum Motor designed by Premier engineers and built in the Premier shops under their own close, personal supervision. This Lynite-Aluminum Premier motor weighs 250 pounds less than a cast iron motor of similar dimensions, and makes possible the wonderful redistribution of weight in Premier's chassis, which in turn makes Premier the most easily handled car on the road. Premier's Lynite-Aluminum motor is also, we honestly believe, the most flexible and agile motor built in America today. This is a statement which can either be proven or disproven by a demonstration.

the purchase of the Premier for the Cutler-Hammer Magnetic Gear Shift.

Premier's Bridge Girder, Riveted Steel Frame is eight inches deep—which is three to four inches deeper than the frames of the most expensive cars on the market.

Premier Coach Work is the product of the Premier organization. Every body is built to their special patterns and no stock lines are ever considered in the design of a Premier car.

We are giving special attention to Body Finish, and to the little details of motor car dress, which, in the final analysis, always determine a motor car's social caste.

The price of the Premier Touring Car and Foresome is \$2285, f. o. b. Indianapolis.

Don't fail to see the new Premier Touring-Limousine-Sedan. This is said to be the most radical, and, at the same time, the most sane and satisfying development in motor car coach work that has taken place for many seasons. The price of the new Premier Touring-Limousine-Sedan is \$3285, f. o. b. factory.

B. L. P. MOTOR COMPANY, Inc.

Don't fuss with hubby about droppin' tobacco ashes on the carpet. Them ashes keep the moths out an' the hubby in.

Velvet Joe.

YOU-ALL who know pipe tobacco, won't fail to notice VELVET'S natural aged-in-the-wood smoothness.

It is the smoothness that only comes from two years' ageing in wooden hogheads—Nature's Way.

Leggett & Myers Tobacco Co.
