NATE REJECTS **3-CENT POSTAGE**

feat of Measure in Line With Move to Strike Out Miscellaneous Levies

OPPOSE BURDEN ON PRESS

- WASHINGTON, Aug. 28. The opposition to the \$2,000,000,000 revbill won another decisive victory towhen, by a vote of 39 to 29 the Senate k out the provision to increase letter tage to three cents.

The three-cent letter postage provision rould have raised \$30,000,000, it was estisted. It had been agreed to by the House and bore the indorsement of the Finance

The elimination of the provision is in ne with the determination of the opposition strike out all the so-called miscellaneous nsumption and stamp taxes. This is the turth reverse the supporters of the bill ave suffered since consideration of the saure began in the Senate.

The vote was taken on motion of Senato rdwick, of Georgia. The motion was so med that in rejecting the increased letter tage the Senate at the same time agreed Finance Committee amendment al-American soldiers and sailors abroad

mail letters free of postage.
Following the rejection of first-class stal rates Senator Weeks, of Massachuurged the elimination also of the

"When we talk about giving a subsidy to publication, whose fault is it?" Senator

elcs said. Undoubtedly the fault, if there is such that with Congress, because Congress esow, having permitted a great business to developed under this condition, is it fair reasonable to take the time when the Industry is laboring under the heaviest pos-cible burdens to commence to change it? I say no, and that is the reason why I op-

ore all of these propositions.
"I am going to submit to the Senate as figures relating to the varied publica to show that any of the proposed ac ns will virtually ruin a large part of press, in fact, it is doubtful if the pubons of the United States, under pres ent conditions, taking them by and large are metting a new dollar for an old one.

his is due to the abnormal increases in f everything which publishers must and to their inability to pass along to the consumer these additional costs. They relate to labor, ink, presses, type and every other article which a publication must use. but more particularly to the cost of print paper, which varies greatly in price. Some paper manufacturers have not materially reased their selling price and otherssome of the very large producers—have in-creased it so much that it carries a crushing weight to those who have to use their product, and those publications which have no contracts for their supplies of print paper are having the greatest difficulty in keeping their heads above water. Every one, from the President down, who has had or is hav-ing anything to do with revenue legislation, has reiterated time and control should be so levied that they would not materially damage any enterprise. This dation would materially damage a great stry and, therefore, it should not be

LA FOLLETTE OFFERS AMENDMENTS Senator La Follette introduced eight imendments, proposing increased rates on war profits. Each of these amendments purposes to strike from the bill the gradu-ated excess profits tax, as reported by the nittee, and to substitute for it a flat tax. Senator La Follette would begin with an amendment of 76 per cent, and if the Senate fails to adopt that he purposes to amendments at lower percentages. rived from each of the La Follette amendnts, taking \$3,000,000,000 as the basis of

war profits, will be: First-At 76 per cent, \$2,800,000,000. Second-At 72 per cent, \$2,160,000,000. Second—At 72 per cent, \$2.040,000,000.
Third—At 68 per cent, \$2.040,000,000.
Fourth—At 64 per cent, \$1,920,000,000.
Pifth—At 60 per cent, \$1,800,000,000.
Sixth—At 56 per cent, \$1,680,000,000. Seventh—At 52 per cent, \$1,560,000,000 Eighth—At 48 per cent, \$1,440,000,000.

Russian Chiefs Cheer Wilson's Pledge of Aid

entinued from Page One

within and without," and it is obvious shom he means by enemies within—the rhole crew of extremists whose agitations have nearly wrecked the whole Russian trmy and imperiled the success of the revoution itself, together with the German prop-gandists and adherents of the old auto-gacy, who are assiduously fomenting disford and division now at Moscow as they have at Petrograd since the Czar was over-thrown last February.

By the enemy without, the President most clearly means the common enemy of civili-mation and peace, the Imperial German Gov-This part of the President's message is

not, however, so startling as his reference to the "common cause" in which Russia and the United States are "unselfishly united." This can imply nothing else, it is declared here, than a reference to peace terms, and is a veritable pledge upon the part of the United States Government that indemnities for this country are no part of its purpose any more than they are on the part of Rus-gla since the old regime was ousted.

Pledges of aid by the United States to Russia are not new. Within the last seven days concrete evidence of faith and good will was given in the extension of another \$100,000,000 credit to the provisional government, but that part of the message which refers to the common cause and the "enemy without" is not so phrased as to give much comfort to the pacifist heart nor to the person hoping for an immediate armistice. son hoping for an immediate armistice.

Premier Kerensky's speech to the Mos conference has been received with universal enthusiasm in State Department cir-cles and has aroused a greater confidence in the outcome of the pians of the provi-sional government for settling Russia's in-tarnal problems, which are so inex-tricably bound up with the prosecution of the war and Russia's chances of renewed military efficiency.

LA BATTAGLIA INFURIA A NORD-EST DI GORIZIA

Battaglioni di Cadorna Inseguono le Sconfitte Legioni Austriache Verso Baisnizza

ROMA, 28 Agosto Mentre la battaglia continua furiosissima sull'altopiano di Baisnizza e ad est del Monte Santo, dove gli italiani attaccano vigorosamente le due alture di San Gabriele e San Daniele, si va delineando una vera e propria debacie per le forze austriache, nonostante i rinforzi giunti al generale Boroevic dalla fronte della Galizia. Lo Stato Maggiore austriaco ha ordinato alle sue truppe di riplegare in varii punti per salvare intere divisioni che corrono pericolo di essere avviluppate e massacrate o fatte prigioniere. Il morale delle truppe austriache, che sono continuamente bersa-gliate dai cannoni e dai velivoli del generale Cadorna, scende sempre piu' basso. I dispacci che si hanno oggi dalla fronte di battaglia dicono che gli italiani pon soltanto sono alle calcagna delle forze austriache sull'altopiano di Baisnizza, ma

attaccano anche piu' a sud. Teri sera il Ministero della Guerra comunicava il seguente rapporto del ge erale Cadorna:

Sull'altopiano di Baienizza l'intensita' della lotta e aunientata con l'estrema disperata difesa del nemico che, col maggiore impiego di forze, cerca di impedire di progredire verso il ciglione orientale dell'altopiano. Le postre truppe pero affrontano risolutamente la nuova resistenza del nemico e l'hanno gia' superata

in vari i punti.
Sul Monte Tonale e sul Monte Pasubio i battaglioni di Alpini si sono distinti per

la loro valorosa condotta. Nella giornata di leri noi prendemmo piu di 50e prigionieri. I nostri aeroplani, con ripetuti ed efficaci bombardamenti hanno seminato la distruzione e la morte nelle retrovie nemiche aumentando il disordine che vi regna a causa della precipitosa ritirata.

E facile immaginare che tutta l'Italia giosce alle notizie che giungono dalla fronte di battaglia e specialmente per la caduta del Monte Santo che dominava totta la regione degli altipiani di Bals nizza e di Ternovo la cui conquista da parte degli italiani e ora di moito facili-tata. Ivi gli austriaci devono guardarsi dat pericolo di essere presi di fianco se non avviluppati.

Women Can't Do Men's Work, Says Phone Co.

filled, and that these young men are doing their "bit" by assisting in the manufacture of war munitions, military and Governmen

This vast number of prospective exemp tions from the draft represent only expert mechanics whose places would be filled with the greatest difficulty, thereby crippling the output, and, in the long run, re-tarding the war program in general, ac-cording to the statements of the members several firms.

Philadelphia's industries represent an extremely important position in the world war, second to no other American city in its output of vital products at the present ime. Some of the most skilled mechanics in the country are Philadelphians, and a large majority of these are men of the draft age.

The majority of employes in the large

plants at Wilmington, Chester and New Jersey are Philadelphia boys, and a large number of these are likely to be selected by the draft.

The du Pont Powder Company, Wil-mington, Del., employs 17,000 bands, and more than 12,000 of this number are young men eligible for draft, which is virtually almost all of the plant's help.

The character of this work demand:

youth, and owing to the condition of the labor market, a wholesale draft of these workers would completely cripple this in-

BOARD FEARS TO PUBLISH NAMES OF REJECTED MEN

That to publish the names of men rejected for the National Army might hinder them n obtaining employment at some future time was the explanation given by G. Ayer

TRIESTE REPORTED EVACUATED BY AUSTRIANS

Italy has long had her eye on this beautiful harbor, situated at the Northern end of the Adriatic Sea. It has been in the hands of Austria since 1382, but its population of about 250,000 contains a big majority of Italians. It is a great center of maritime trade, and being only seventy-three miles from Venice, would be a rich prize for Italy.

Swayze, secretary of the registration hoard of the Twenty-sixth District, Twenty-eighth and intention to minister to the needs of the neutral nations, as far as our reand Oxford streets, for the reticence of the board in giving out the names of the name accepted and rejected.

"This board is willing to give out any of those who were rejected because of physical reasons," said Mr. Swayze today.
"To give out the names of those rejected

we feel would be a black eye to them if at any future time they should desire to obtain any other employment. Again, if a man were to apply for at insurance policy would hinder him seriously in obtaining "The general Impression has been that his board is desirous of holding its activiles in absolute secrecy. This is not the ase, as we are willing to give the names of all except those rejected for physical reasons. Anything we have except the names of the rejected applicants is fully open to the newspapers and public."

Wilson Issues Order to Starve Germany

Continued from Page One

Continued from Page One

1917, approved a law which contains the
following provisions:

"Whenever during the present war the
President shall find that the public safety
shall so require, and shall make proclamation thereof, it shall be unlawful to
export from or ship from or take out of
the United States to any country named
in such proclamation any article or articles mentioned in such proclamation, except at such time or times, and under
such regulations and orders, and subject
to such limitations and exceptions as the
President shall prescribe, until otherwise
ordered by the President or by the Congress. Provided, however, that no preference shall be given to the ports of one
Softle over those of another.

"Any person who shall export, ship, or
take out, or deliver or attempt to deliver
for export, shipment, or taking out, any
article in violation of this title, or of
any regulation or order made hereunder,
shall be fined not more than \$10,000; or,
if a naturalized person, imprisoned for not
more than two years, or both; and any
article so delivered or exported, shipped
or taken out, or so attempted to be delivered or exported, shipped or taken out, or so attempted to the United
States; and any officer, director, or agent
of a corporation who participates in any
such violation shall be liable to like fine
or imprisonment, or both.

The purpose and effect of this proclamation is not export prohibition, but
merely export control. It is not the intention to interfere unnecessarily with
our foreign trade; but our own domestic
needs must be adequately safeguarded,
and there is the added duty of meeting
the necessities of all the nations at war
with the Imperial German Government.

BURGLARS STEAL SHOES

This task will be discharged without other than the very proper qualification that the liberation of our surplus products shall not be made the occasion of benefit to the enemy, either directly or

rements to the enemy, either directly of indirectly.

The two lists have been prepared in the interests of facility and expediency. The first list, applicable to the enemy and his allies, and to the neutral countries of Europe, brings under control virtually all articles of commerce, while the second list, applicable to all the other countries of the world, makes fonly a few additions to the list of commodities controlled by the proclamation of July 9, 1917. It is obvious that a closer supervision and control of exports is necessary with respect to those European neutrals within the sphere of hostilities than is required for those countries farther removed.

required for those countries fartner removed.

The establishment of these distinctions will simplify the administrative processes and enable us to continue our policy of minimizing the interruntion of trade.

No Reeness will be necessary for the exportation of coin bullion, currency and evidences of indebtedness until required by regulations to be promulgated by the Secretary of the Treasury in his discretion.

PEA COAL QUOTATIONS

Some Companies and Individuals Take Advantage of Government Fixed Rate

OPERATORS INCREASE

Some Pennsylvania anthracite coal com panies with main offices in Philadelphia and other large operators have taken steps to benefit by advancing pea coal to the maximum price allowed by the Government under its recently announced schedule.

The Susquehanna Coal Company has been quoting \$4 at the mines for pen and certain large individual operators are now asking \$4.75, being the full figures which the Government has said the "railway owned" coal companies and "individuals might respectively receive.

Although since the sale of the Susque-hanes by the Pennsylvania Railrond to M. A. Hanna & Co. the company might be con-sidered as an individual operator, the company was specifically named among the seven or eight large companies whose price for this size was fixed at ninety cents above the Reading Coal and Iron Company's cir-

Advance to the full price allowed by the Covernment does not however, mean strictly that buyers will have to pay ninety cents a ton more than they have been pay-ing, as the price for pea all this season has not been uniform among the various com-panies, the Reading having been the lowest. Other companies have been from fifteen to Other companies have been from litteen to forty cents above the Reading basis. August quotation of Reading for pea has been \$3 at the mines; Lehigh Valley has been \$3.15 and Lehigh Coal and Navigation \$3.40. When this basis was announced last May it was felt by many operators that Reading had cast its price ower than trade conditions required.

Reading Lehigh Valley and Lehigh Coal

and Navigation have not changed their quotations for pea coal since the Government made public the maximum prices to be allowed, the company's prices being guaranteed for the calendar month, hence their quotations for September on this size interest. On other domestic sizes the usual advance of ten cents a ton over August prices is expected, this being in accordance

with the Reading's circular and with the Government's schedule.

The privilege of individual operators quoting seventy-five cents more than the rallway-owned companies is not a departare from the provision laid down by the Federal Trade Commission last spring and therefore does not of itself increase the BEVERLY, N. J., Aug. 28.—Thieves entered the store of Varani brothers early today and stole \$600 worth of leather and a hundred pairs of shoes. The store is on Warren street near Five Peints and is the wholesale cost of anthracite to buyers.

Several of the large companies say they have "no pea coal to sell," the production being taken as fast it it comes forward and going into immediate consumption. Though pea to great extent has become a size for domestic consumers, it has been taken eagerly the last two seasons by nunitions plants and other manufacturers, hence the short supply. The Reading hauls the bulk of its pea coal to this city and along the

CONGRESS TO VOTE 30 BILLION BUDGET

Present Session to Appropriate \$23,000,000,000 Additional

FOR NEW LIBERTY LOAN

WASHINGTON, Aug. 28.

America's present war Congress will be a \$30,000,000,000 session. Of this colossal sum \$7,147,222,907 has been appropriated since Congress convened in March. More than \$23,000,000,000 additional, in pending estimates and others to be made soon, must be cared for before the session quits. And these figures do not include revenue which Finance Committee members say will have to be raised at the regular December ses-sion. Here are the war expenditures already made:

soon to be asked:

This week may see a billion-dollar-an-hour mark set by the House. Democratic Leader Kitchin announced today he would attempt to put the \$11.590,000,000 bond and war bill through the House in one legis-lative day. It is likely, he said, that the House may approve this measure—the largest money bill ever considered by any legislative body in the history of the world in from six to ten hours. Opposition to use so far developed is concerned solely with details susceptible of quick settlement.

Discussion of the measure has centered about how the money shall be raised.

Members of the Ways and Means Committee favor increasing the new Liberty

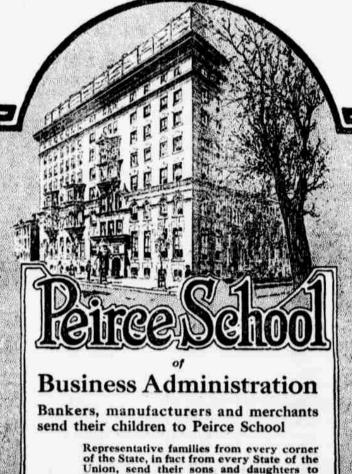

Loan bonds rate of interest from 315 to per cent and making them taxable.

In a week or ten days House leaders ex-\$11,500,000,000 revenue bill and the \$6,000,-
