

WHO PAYS?

Who Pays, in anguish and enforced poverty, for the accidents of industrial life?

The Workman Pays Loses Limbs and Sometimes His Life
Loses Time and Wages
Loses Earning Power

The Wife Pays Loses Her Husband
Loses Support for Her Children
Loses Comfort and Happiness

The Child Pays Loses the Guidance of His Father
Loses a Chance to Get an Education
Loses Opportunity to Learn a Trade

Stop, you chance-takers, and think of this!

You have only one life You have only two eyes
You have only two hands You have only two feet

You can't afford to be a cripple. Don't take an unnecessary chance.

THREE-FOURTHS OF THE ACCIDENTAL DEATHS CAN BE PREVENTED

United States statistics have demonstrated that three-fourths of the deaths and serious injuries from accidents *can be prevented*.

The effect of this discovery is far reaching, and can be measured only when it is realized that 34,000 men, women and children are killed by accident every twelve months. This means one killed every fifteen minutes. If three-fourths can be saved, it means 25,000 fewer deaths—at least 10,000 fewer widows and 30,000 fewer orphans every year.

THE GOSPEL OF SAFETY

There is a new industrial philosophy abroad. The new word is: "Nothing is so valuable economically as the man." The stronger, the longer-lived, the happier, the more ambitious he is, the better for mankind. The saving of life becomes an industrial issue. In more than one American industry it has become a gospel—a gospel which, defended as a sound economic policy, is practiced with the wholeheartedness and zeal of a religion.

IDA M. TARBELL.
