### EYRE'S EXEMPTION CAUSED BY A CRIPPLED FOOT

Son of West Chester G. O. P. Leader Accidentally Shot While on Trip Through the West

WEST CHESTER, Pa., Sept. 26,-The WEST CHESTER, Pa., Sept. 26.—The exemption from military service of Wallace Kyre, son of T. Lawrence Eyre, the leader of the stalwart faction of the Republican party in Chester County, whose home is in this place, has caused much comment here, as well in the county, the comments for the most part being made by persons cognizant of the facts. It is known here that letters commenting upon the exemption have been sent to both Harrisburg and Washington, and one writer wrote to Washington and afterward when acquainted with the facts sent an apology for his letter.

ington and afterward when acquainted with the facts sent an applogy for his letter. Eyre has a crippled foot, which fact disqualifies him for the duty in the ranks, this fact being known to all his acquaintances. While in a western State about two years ago conducting some business for his father Eyre accidentally shot himself in the foot with a revolver. The foot improved for a time, but later the injury gave him such trouble that an operation was performed, by which the great toe and the second one were amputated, crippling the foot permanently.

When Eyre took the examination before Exemption Board No. 2, of West Chester, he was found unfit for military duty by the physicians who examined him and his eximption was decided upon. It is claimed the physical examination was made by a member of the corps of physicians who was not acquainted with the Eyre family.
