STAR HORSES AND DOGS

Spirited Racing Events Mark Exhibition—Many Women Riders

By MLISS BRYN MAWR, Pa., Sept. 28.

The curtain went up today on the greatest all-star show ever undertaken for charity by Main Line residents, when despite soggy grounds and lowering skies the sporting carnival held for the Red Cross swung to a first day's success.

Laid out in a colorful midway, the polo field with its pretty girls in Red Cross uniforms, riding costume and sweaters of various colors, is one of the most alluring places to spend money on ever devised.

Simultaneously with the racing event a dog show was held with more than 20 specimens entered. Reggie Vanderbilt, who is giving his service as judge, was one of the first to arrive today camouflaged in a huge gray topcoat.

WOMEN RIDERS NUMEROUS The number of women in riding habit is a silent reminder of the great number of young bloods, who are off somewhere in khaki. The hunting and jumping events proved them to be well prepared.

PRIZE DOGS ENTERED IN SHOW Conspicuous entries in the horse and dog show have given a real sporting angle to the affair. Two hundred and ten prize dogs are entered, the best of which are Miss Kitty Penn Smith and J. Stanley Reeves being notable.

Colorful pageants are to be held each night, with every branch of the Main Line Red Cross represented by wondrous floats.

The midway, in charge of Mrs. Paul Denckla Mills, was out-Cairoed Cairo, with its long lines of shops, its vaudeville and moving-picture shows, its Madame Zita, who is giving her services gratis to the Red Cross for the purpose of telling you all about "the handsome dark young man who is so fearfully jealous of you."

Among the exhibitors at the horse show are Frances and James Mills, the children of Mr. and Mrs. Paul Denckla Mills; Archibald Barkle, Isaac H. Clothier, Jr., William J. Clothier, Miss Catherine E. Clothier, Thomas B. Harvey, Robert L. Mont-

BELGIUM TO SPURN GERMAN PROFFER

Terms of Evacuation "Unthinkable," King Albert's Minister to U. S. Says

NATION IS UNDAUNTED

LONDON, Sept. 28. Germany has secretly communicated to the Pope that the Central Powers will go much farther to obtain peace than the formal reply to the Pope's peace note indicated, according to a dispatch from Rome today.

By a Staff Correspondent WASHINGTON, Sept. 28.

Belgium spurns with indignation the terms of the latest proposal put forth by Germany regarding an evacuation of Belgium.

With her spirit undaunted by her terrible sufferings in the war, and with the iron heel of Prussian despotism still pressed down upon her throat, Belgium declares she will fight on to the last drop of her blood rather than make any peace with Germany that would compromise her sovereignty and her honor.

In this fashion did Mr. de Cartier, the Belgian Minister in Washington, assure the EVENING LEDGER correspondent that Belgium would never consent for a moment to the proposal contained in the latest despatch utterance from Germany regarding an evacuation of Belgium "under certain conditions."

Mr. de Cartier made it plain that he has received no information that the statement was put out by Germany as an official suggestion, and that he had not discussed the matter with his Government. He indicated that it was rather from his knowledge of Belgian thought when he declared that Germany must evacuate Belgium unconditionally, and characterized as "absurd nonsense" the terms put forth in the German statement as the basis of an evacuation agreement.

It was in the same connection that the EVENING LEDGER correspondent was given to understand that the Belgian Government has officially replied to the peace proposals put forth by Pope Benedict. The answer, which followed in point of time that of the United States, it was indicated, is a polite and reverent note, but one which informs His Holiness in terms of high dignity and solemn firmness that Belgium cannot accept his suggestions for a peace conference. Although it was not permitted the correspondent to examine the text of the reply, he has been informed that it indicates to the Pope that Belgium can never discuss peace so long as the invader is on her soil.

The proposal regarding Belgium was put out from Germany last Wednesday, according to a press dispatch emanating from
