BENTON WINS FIRST BIG GAME OF THREE FOR GIANTS OVER THE SOX

Continued from Page One
start of the second inning, he fouled to the Holke. (Gandil) also had one ball called when he fouled to Holke. It is noticeable that after the White Sox have been getting after the second ball pitcher, Weaver, the third man of the frame to face Benton is the one who then went after the second and one strike on Schalk. Weaver started for second and was safe when Fletcher charged hardener's throw. Fletcher was charged hardener's error. Schalk looked over another ball. He connected with the ball Benton shot over the heart of the plate and drove it to Burns. The Giants' left fielder made a long fly to Burns, the Giants' left fielder made a brilliant running catch of the drive.

Davy Troublemaker

Davy Robertson, one of the few troublemakers of the Giants, touched the first ball pitched and it landed safely in center. Holke also went after the first ball when he fouled to Eddie Collins, forcing Robertson out at second. Collins unassisted. Cloette was wasting few pitches and lastly was shooting them right across the plate to go plate. Robertson, who seemed to be in the first pitch and patiently looked over the first two, which were low on the outside. The third pitch was a called strike and the fourth was a ball. With three on one on him, Robertson drove a single to center. Holke went to third. It was the hit-and-run, and Holke was rounding second when Robertson connected. He was a fine catch and his throw home was perfect. Holke making an attempt to score after the catch, but Benton proved the first one for a strike on Burns. The next was right over and George carelessly let it breeze over. The third was low on the outside. The next was fouled off by Burns. Burns was Cloette's second strike-out victim.

Collins Drops Fly

In the fourth half of the third inning, Herzog was the first to get after having two balls and two strikes called, fouled the fifth offering, then swung and missed the sixth. John Collins again obligingly dropped Kauff's fly and Benton took the fence, the Sox battering Collins. Zimmerman hit the first pitch to Weaver and was out at first. Benton hit the first pitch to him, went out, Collins to Gandil.

White Sox Take Field

At 12:20 o'clock the Giants left the field and the White Sox trotted out for batting practice. Mel Wolfgang stepped on the rubber to toss up the ball for Rowland's warming up.

Weaver Retired Easily

In the fifth inning Weaver was the first to go on the Sox. He was retired by Holke. Schalk was an easy victim of Benton's wicked hands. The first strike was called and he missed the next two. The third was a called strike also was a target for the Ruben's shots, having the first called and missing the next two by a wide margin.

Cheers for Benton

Benton was cheered from the time he came to the bench until he took his turn at the bat at the start of the Giants' half of the seventh. Holke did his part, and did it well, for he hit just like a regular pitcher. He struck out for the second time and Burns came up for the fourth time and was tossed out by Weaver. Herzog hit the first ball pitched, and it was a Texas leaguer to the plate. He hit two and two, then called to Benton for a two and two. Eddie Collins came forth for his third attempt. Eddie took two and two and three before he hit, but was out to Holke unassisted.

Gandil out on foul to Holke. Weaver up, Ball 1 (high). Weaver singled to center on a fly to Burns. Holke caught it. Ball 2 (low). Weaver safe at second. Benton hit the first pitch to him, went out, Collins to Gandil.

Rowland announced on the way to New York that he would send Cicotte back to the Giants in the third game, and that was the reason for his being in the city.

Clarence Bowland's little daughter Benah came onto the field with her daddy, and the photographers made a rush to get the picture.

The Chicago players wore the same uniforms that were used in Chicago. They wore white trousers, white shirts and white stockings are striped with red and blue. Speculation on whom McGraw would send to the mound in today's game was identical with the front of the existing draw.

The majority of the existing draw was identical with the front of the existing draw. The "ring side" picked Slim Sallee, and Slim took his turn regularly in batting practice.

Rowland announced on the way to New York that he would send Cicotte back to the Giants in the third game, and that was the reason for his being in the city.

Toward game time the weather prospects were somewhat uncertain. The sun hid behind overcast clouds that turned over at intervals, but few looked for another rain storm.

The Giants took the field again at 1:40 for batting practice. McGraw hit fifty straight balls to the batters, while the Sox, Schupp and Demaree chased Kauff, Robertson, Thorpe and Burns after long fives.

The upper grandstands and the boxes in which all the reserved seats are located rapidly filled up.

Reserved seats however came late in New York, just as though they were going to a baseball game.

Mayor Mitchell, escorted by a squadron of police, came on to the grounds. The Mayor folded his hat and the crowd cheered for him.

At 12:10 the White Sox came out for batting practice. At the same moment the band started playing the national anthem and the crowd stood up with bared heads until the music had finished.

The fans broke into a voluninous cheer at the close of the piece.

Cliff Griffith had a score of assistants in the stands today, making up a collection to go toward his "fall and bat fund," and from the manner in which the crowd cheered the announcement that they would pass through the stands to collect envelopes which had been left in every seat, Griffith got a big wave of money.

There was only a small army of fans who stood in the line at the time the rain came, but the many who had rain checks from 1915 came back early to get good seats.

By 12:55 o'clock there was a crowd of nearly 10,000 on hand and toward noon the stands started to fill rapidly.

The sun broke through gray banks of clouds shortly after 1 o'clock and the crowd was greeted with a cheer. The band was on hand early and answered to cheers after encore, while a snare set made itself popular by rattling off the "fall and bat fund." Every time the band finished a patriotic air the crowd rose and cheered, with bared heads.

Long before the game was to begin the grand stand was a laughing, happy crowd of fans that whistled.

Navy blue and the olive drab of the army blazed in the crowd. Men from Yale and other concentration camps nearby were there, and they rubbed shoulders with blue-clad jockies and garrines and other ball players in blue.

By 1:15 the lower grand stand tier was completely filled.

FAVORITES WIN IN NOBLE GOLF

Miss Rosenthal, Mrs. Barlow and Mrs. Fox Victors in Berthelley Cup

PLAY OVER SLOW COURSE

NOBLE, Pa., Oct. 10. The first round of match play for the sixth annual Berthelley Cup at the Huntingdon Valley Country Club golf course resulted in a clear sweep by the favorites. The Berthelley Cup tournament annually draws the best of the local feminine golf talent to the course at Noble and ranks as the big tourist of the season. Miss Ethel Rosenthal, the Florida champion and former western titleholder, reached the second round by beating Mrs. Raymond Sletter on the seventeenth green by 1 up and 1 to play. Mrs. Rosenthal hit the hole in 10 strokes. Mrs. Ronald H. Barlow, of Merion, scored an easy victory by eliminating Miss Rosenthal by 5 up and 4 to play. Mrs. Barlow hit the hole in 10 strokes. Mrs. Barlow hit the hole in 10 strokes. Mrs. Barlow hit the hole in 10 strokes.

The severe rain of the night made the course slow and there was little play to the sticks. All matches were played in the first light, and one default occurred in the second. Miss Rosenthal's score of 108 in the first round was a record for a woman in the history of the club. Mrs. Barlow's score of 104 was also a record for a woman in the history of the club.

They were not in a hurry to get up and tell us what they thought of the game.

The rain that fell upon the just and the unjust alike in the Great City by the bay had a most disconcerting effect upon the real and alleged baseball critics, who have been trying their very best to tell us just why the Giants can't lose and the White Sox help winning the World's Series. With a lowering sky overhead and wet pavements under foot, with plenty of time to sit calmly down in a thickly and cozy room and read the papers, the critics were not in a hurry to get up and tell us what they thought of the game. They were not in a hurry to get up and tell us what they thought of the game.
