

NEW BREAD RECIPE MAY LOWER PRICES

Bakery Here Testing Special Formula Under Direction of Hoover

CUTS PRODUCTION COSTS

A Philadelphia baking establishment is now at work producing bread under a formula which it is believed will greatly decrease the cost without affecting its food value.

This work is being done under the direction of Food Administrator Hoover and has progressed so satisfactorily that officials at Washington asserted today the price of bread must come down.

It was authoritatively learned today that Hoover very shortly will take summary action with the bakers. For more than two years the food administration and the national organization of the baking trade have been negotiating.

Hoover has not forgotten the bread situation. He still has the question under advisement. It was also learned that he had made a thorough study of the recent report made by the Federal Trade Commission and was putting together all of the data obtained by his own agents.

Two hundred thousand Philadelphia bakers will pay a patriotic tribute to the men and women now in the service of the United States at the Festival of Songs and Flags, which will be held on Belmont Plateau tomorrow at 3 o'clock.

Thousands of school children and members of choral societies, and 1000 sailors and seaman soldiers will take part in the festival. United singers of Polish, Italian and German nationalities will lend their voices to the old favorites which will be sung by the throng at the monster rally.

REPORTED SALE OF RED CROSS GOODS DENIED

No Basis for 'Fantastic Rumors,' Declare Officials of S. E. Chapter

The many reports of the sale of goods made for the Red Cross were denounced as false today, in a statement issued by J. E. Thompson, chief of the publicity department of the S. E. Chapter. In every case that has been investigated to date no basis for the stories have existed.

"If any willful case of the sort should come to our notice the charter of the chapter or subsidiary sanctioning it would be immediately withdrawn, with such publicity as to cause very undesirable notoriety to the offenders. If it should be proved that any individual has sold articles after they have been turned in, immediate steps will be taken to prosecute the offender."

The receipts from bazaars, block parties and various other entertainments for the last couple of months amounted to \$475.20, \$3456.04 having been received during the month of September.

Festival of Songs and Flags Will Be Held on Belmont Plateau Tomorrow Afternoon

Two hundred thousand Philadelphia bakers will pay a patriotic tribute to the men and women now in the service of the United States at the Festival of Songs and Flags, which will be held on Belmont Plateau tomorrow at 3 o'clock.

Hoover is out to lower bread prices, and despite the resistance of the bakers, those who know Hoover and his temperament declare that bread prices are going down and bakers will suffer.

JULIAN ELTINGE AS "COUNTESS CHARMING"

Impersonator of Feminine Roles Makes Film Debut—"Bill" Hart's Horse Pensioned

By the Photoplay Editor STRAND—"Countess Charming," with Julian Eltinge, starring the famous picture story by Garrett Burgess and Carlton Wells. Directed by Donald Crisp and distributed by Fox Film Corp. Paramount production.

Male impersonators of feminine roles have a following with theatregoers and it was therefore a good move on the part of Paramount in securing the services of Julian Eltinge, who probably stands at the head of this kind of work.

Henry W. Vaughn's Funeral Funeral services for Henry W. Vaughn, well-known writer, will be held next Monday at his late home, 29 South Fifty-fourth street.

"Cape"

—a name derived from the Cape of Good Hope—designates a glove-skin used whole and dressed right-side-out, or "glace". If it's a Fownes Cape it designates the genuine Cape skin from Africa, making the smartest, strongest, best fitting gloves procurable. Washable, too.

"Standard equipment" for officers and civilians—it's a FOWNES

that's all you need to know about a GLOVE.

Whenever called upon to perform a hazardous feat that I feel that all who have been so kind to see in our work upon the screen will know and understand my motives. I love the old fellow dearly and cannot, after all his loyalty, submit him further to a chance of injury. I wish to tell all who like the little Fritz that he will be right with me whenever I may go.

"Fritz" was "discovered" by Hart several years ago, when he purchased him from an old Indian square for about \$20. At that time the animal was nothing but a young "batracho," but the actor realized the possibility of the boy's nose and gave him his personal care.

Milliners to Boost Sammees' Smoke Fund Union Will Give Big Dance in Aid of Tobacco Money for Uncle Sam's Lads

Millinery Workers' Union, Local No. 44, has joined the "Smokes-for-Sammees Club." Tonight the lads and lassies who toil in the workshops and factories, making dainty things for the "girls back home," are going to "add their bit" to the fund.

The "bit" will be the proceeds from an elaborate dance they have planned for tonight, which will be held in the auditorium of the Parkway Building, Broad and Cherry streets. The Central Labor Union has given the dance its support, and a big turnout is expected.

Music will be furnished from 8 o'clock until 2 o'clock tomorrow morning by a special orchestra. Soft drinks, candies and refreshments of all kinds will be sold to boost the proceeds.

Miss Caroline Wolf, secretary of the union, is chairman of the committee in charge of the affair. The other members are Miss Miriam Heaton, Miss Amelia Albright, David Wilder, A. B. Cohen and John Rosen.

The "Smokes-for-Sammees" fund is climbing, even as the smoke will climb from the tobacco when it reaches the boys at the front, but its speed is slow.

Some one is not giving as frequently and as often as he or she can. Others have not contributed at all so far. Are you one of these?

You, Mr. Smoker, have you contributed that one cigar a day you promised for the comfort of the boys who are making your comfort more secure?

You, Miss Matinee Girl, have you put out that one soda so that he might be encouraged down in the trenches, through the haze of dreams that comes with the comfort your sacrifice brought?

The total collected by the Emergency Aid for the comfort of the boys in the trenches along various lines is about \$12,000. Of this amount, nearly \$10,000 has been raised for tobacco. This should be doubled or tripled within a few weeks. It will be if Philadelphia responds as it should, so if you have not contributed the time is ripe. "Do it now!"

AMENDMENTS DRAWN UP FOR TRANSIT LEASE

Thomas Raeburn White Has Complied With Request of Dr. Lewis to Change Wording

A. Merritt Taylor, former Director of Transit, has issued the following statement on the transit situation:

At the last hearing on the Smith lease before the joint committee of City Councils Thomas Raeburn White agreed to inform Dr. W. D. Lewis of the grounds upon which counsel held the provisions in the Smith lease relating to the board of supervising engineers to be of doubtful validity.

He also agreed that the amendments necessary to make the Smith lease clearly operative divided or of the purchase of the property at a price equal to \$50 a share for the P. H. T. stock.

Mr. White has complied with these commitments today.

We have asked for an early reply from Doctor Lewis, and we have offered to confer with him and his associates at any time respecting any points of difference which may be developed by his reply to our suggestions.

There was considerable excitement at a meeting of the Logan Improvement League last night when a resolution favoring the postponement of all transit contracts which have not been awarded until after prices get back to normal was offered.

This resolution was offered by George Ulrich, Select Councilman, from the Fourth-ward, who is also chairman of the transportation committee of the league. It was opposed by William Leonard, who declared that the people want rapid transit. After considerable argument, the resolution was withdrawn.
