GERMANS AIM TO FLOOD FLANDERS LOWLANDS TO STOP BRITISH ADVANCE

By WILLIAM PHILIP SIMMS WITH THE BRITISH ARMIES IN FLAN-

while Haig's guns and men break the teman hold on Passchendaele ridge, the temans are striving desperately to throw dermans are striving desperately to throw spinst the ever-encroaching advance the harrier which the Belgians successfully invoked to stop the Teutonic hordes of 1914. The enemy is working night and day rushing to completion a dam two miles above Nieuport by which they hope to flood the ground beyond Passchendaele ridge. The very desperation with which they are carrying out this plan, coupled with are carrying out this plan, coupled with streme "jumpiness" which the Boche shows

every hour of the day, is due to the knowl-edge that German troops cannot hold Pass-chendaele ridge much longer if the British Serman officers taken prisoners ex amined today admitted as much. One said, however, that plans had been laid so that if the Germans were forced to relinquish

If the Germans were forced to relinquish the high ground they would retreat five miles farther to prepared positions.

One evidence of how the enemy is "ratited" comes in the failure of his favorite mode of defense—counter-attacks. They have been few and far between and have been absurdly weak.

One of many proofs that the German artillery is disorganized was furnished on one sector, full report of which was received today. There a German bombardment.

tillery is disorganized was furnished on one sctor, full report of which was received today. There a German bombardment, which lasted thirty-six hours, did not cost the British a single casualty. I personally as this bombardment. At least 40,000 shalls must have been fired at a cost of 11,250,000—not including the wear and tear on German guns. This latter item is not isconsiderable with Germany as short of metal as she is now.

By a strange twist of fate the British cas is now working havon with the enemy

gas is now working havon with the enamy throughout all this Yprès sector—exactly the same portion of the great western battle front where the Germans first used this davillah contrivance of war.

GERMAN LINE IN PERIL AS ALLIES PUSH WEDGE. BAKER'S REPORTS SHOW

WASHINGTON, Oct. 17. With a veritable typhoon of fire, the Al-les are driving a wedge into the German ins in Flanders. Sooner or later this wedge may split the Teuton line and permit of a

GARFIELD ISSUES

Philadelphia Golf Champion | Tells Both Owners and Min-Captures 36-Hole Medal Event at Wilmington Be Tolerated

MISS CAVERLY SECOND WILL COMPEL PRODUCTION TEUTONS TAKE 3 ISLANDS

MRS. FOX WINNER

OF FARNUM TROPHY

WILMINGTON, Del., Oct. 17. Mrs. Caleb F. Fox. of the Huntingdor Valley Country Club, won the Mary Thayer Farnum Memorial Cup at the Wilmington Country Club today, with a total of 184 for 36 holes. Her victory was a very narrow one, for she finished up only one stroke ahead of Miss Mildred Caverly and two strokes ahead of Mrs. Ronald H. Barlow. Despite the fact that she had trouble on one or two holes. Mrs. Fox played fine golf and thoroughly deserved her victory.

She started out with a four, a threefive and a four and was even fours for the first four holes. The fifth proved expensive, for she got into a trap with her second shot and took two to get out, and the hole cost her an eight. She settled down again after this and played fine golf to the turn. She was out in 43. She started the home journey with a seven on the tenth hole, but made up somewhat for it with a three on the eleventh. The twelfth was also somewhat costly, for here she had another

ever, for she got five on the last three holes, a six on the sixteenth and another five on the seventeenth. nearly cost her the trophy, for she put her tee shot into the ditch and on playing out landed in the bunker to the left

Folwell Will Have Football Practice From Four to Six From Now On

Carl Thomas, the regular tackle on the varsity team at Penn, who was burt in the Swarthmore game, will not be in the line-up against Bucknell on Saturday. He is troubled with boils on the arms and Folwell has decided not to take any more chances and to give him a chance to rest up for the Pitt rame.

chances and to give him a chance to reacup for the Pitt game.

Howard Berry, who has been bothered with a sore foot, was out for practice today and is rapidly rounding into condition.

Coach Polwell learning that many of the men have late afternoon studies, will have the practice hours from 4 until 6. In this way he will be able to get all the men together at one time instead of splitting up the afternoon's work.

DEFI TO COAL MEN

ers Trifling Will Not

WASHINGTON, Oct. 17. Fuel Administrator Harry A. Garffeld ate this afternoon wired both the coal operstors and the miners in Illinois, Indiana end Ohio, where there are labor troubles threatening the coal supply, that he will deal with them without gloves. If other Petrograd official statements indicating side attempts to bring pressure upon him increasing success of that campaign, to reach a decision on their differences be created the widest interest here this declares he will postpone decision and use afternoon. 'whatever power is necessary" to compel the production of coal.

Dr. Garfield's telegram to the miners and operators in seven districts where trikes have already occurred or are imending follows:

"American citizens engaged in the mining f coal, whether operators or miners, are for the most part mindful of the fact that our country is at war and that the burden rests upon them to produce the coal needed without interruption. But there are evidently some who fail to understand the gravity of the situation and who do not hesitate to advocate strikes at the present time as a means of forcing the Government to at once decide whether the Government to at once decide whether the wage increase agreed to at the meetings recently held at Washington by the oper-ators and miners of the Central district, should justly be covered by an advance in the prices fixed by the President. The matter has been submitted to me and all con-cerned are expected to co-operate. I am giving immediate and close attention to giving immediate and close attention to the question, and hope to reach a decision at an early date. The only circumstance within my control which will delay that decision will be the violation of the spirit of the arrangements between the operators and miners, which was that under no cir-cumstances should the prediction of coal in the United States at the present time In the United States at the present time be allowed to diminish. If either the oper-ators or the miners attempt to bring pres-sure upon me to reach a decision I shall postpone it and use whatever powers are necessary to compel the production of coal to meet the country's needs."

GOVERNOR ACTS ON INSURANCE FRAUD EXPOSE

Names Commission to Investigate and Suggest Revision of Laws

WORK OF EVENING LEDGER

As a result of disclosures regarding the affairs of the Pension Mutual Life Insur ance Company made last winter by the Eventra Labora, Governor Brumbaugh at Harrisburg today appointed a commission to investigate and auggest revision of the Insurance laws of Pennsylvania, Governor Brumbaugh named as the com-

missioners these men-ANDREW J. MALONEY, president of the

Philadelphia Lafa Insurance Company of Philadelphia.

ROBERT M. COYLE, of Philadelphia, president of Robert M. Coyle & Co., fire in-surance, who is chairman of the Phila-delphia Fire Underwriters' Association, and a member of the British fire pre-

E. A. WOODS, of Pittsburgh, director in the National Union Life Insurance Company, and regarded as an international authority on impurance.

Andrew J. Maloney, president and director of the Philadelphia Life Insurance Company, is seventy-one years old, having been bown March 2, 1846, in Maryland. MR. MALONEY'S VIEWS

Mr. Majoney had not as yet received formai notification of his appointment to the

mai notification of his appointment to the commission when informed of the fact by the EURING LEDGER. When asked if he had in mind any general points on which the insurance laws of the State should be revised, he said:

"I have been practicing under that law for many years, but I do not know that it needs any revision. I am one of these few who believe that the fewer new laws we have the better—that is to say, I believe that law, to be efficacious, should be continuous, so that the public does not begome confused by constant change in it. Unless confused by constant change in it. Unless it should be specially called to my attention. I do not think of any abuse of the insurance laws of the State which would call for any

In attempting to liquidate the affairs of the Fension Mutual, State Insurance Com-missioner O'Nell, acting as receiver of the company, suggested last January that the company's policies be taken over by the Philadelphia Life Insurance Company, of which Mr. Maloney is president, entering a lieu upon the policy for the reserve which was an absent quantity with the Pension Mutual. Mr. Maloney said today that all the Pension Mutual's papers had been laid before him at that time, but that the Phila-delphia Life had rejected victuality all of the

NO DECISION IN SPRINGFIELD WATER CASE

No decision was reached in the hearing held today by Public Service Commisdoner James Alcorn to take testimony in the complaints of customers of the Springfield Consolidated Water Company against the increase in rates of service, the company put into effect in 1910. Dr. Morris Snow, chief engineer of the Public Service Commission, offered in evidence a report of the value of the company's property as of December 31, 1914. He fixed the estimated marginal cost of construction at PRODUCER AND SVENGALI \$7,576,721, and the reproduction cost at \$8,155,969.

OPERATIC STAR REPORTED STARVING IN AUSTRIA

NEW YORK, Oct. 17.-Friends of Dinh Gilly, famous Algerian baritone and former Metropolitan opera star, received information today that he is starving in an intermment camp at Raab, lower Austria. The information came in a letter dated August 27, the only direct word his friends had from the singer since the war

25,900,000 THREE-CENT STAMPS PRINTED DAILY

WASHINGTON, Oct. 17,-Ratification of the three-cent postal rate on first-class mail was received from the British postal authorities today. The old treaty had specified two cents. The three-cent stamps for letter postage are being produced at the rate of 25,000,000 a day at the Bureau of Engraving. All postoffices in the country will have an ample supply on hand when the new war revenue laws provision goes into effect November 2.

U. S. STEEL TAKES \$25,000,000 OF LIBERTY BONDS NEW YORK, Oct. 17 .- E. H. Gary, chairman of the United States Steel Corpora-

tion, this afternoon said the corporation had decided to subscribe \$15,090,000 additional, making a total of \$25,000,000 to the second Liberty Loan.

U. S. PATROL BOAT'S BOILER EXPLODES: ONE KILLED WASHINGTON, Oct. 17 .- Dennis Sheehan, of 547 Throop avenue, Brooklyn,

N. Y., was killed and Vance I, Perklomen seriously scalded in an explosion on a United States scout patrol vessel off an Atlantic port last night, the Navy Department announced today. The accident was due to the falling out of a return tube in the boiler.

TWO NORWEGIAN SHIPS SUNK

COPENHAGEN, Oct. 17.-The Norwegian steamship Themis, the largest ship flying the Norwegian flag, has been torpedoed and sunk according to advices from Christiania today, quoting the Norwegian Foreign Office. The Norwegian sailing ship Brussel also has been sunk by a submarine. The Themis displaced 7402 tons.

CATCHER GHARRITY, OF WASHINGTON, WEDS

NEW LONDON, Oct. 17.-Edward Gharrity, catcher of the Washington American League club, was married here today to Miss Margaret Donahue, a stenographer,

ALL FIVE MEMBERS OF FIRM ENLIST

The real estate firm of Yarrow & Van Pelt has been almost completely disrupted by the war. W. Kemble Yarrow and David Van Felt, the two principal partners, have both entered the aviation branch of the United States army, while John C. Groome, Jr., Robert H. Page, Jr., and W. Merritt Huber, three young men assoclated in the business, are all training for service in France with the Pennsylvania troops stationed at Camp Hancock, Ga. During their absence the business will be administered by the Commonwealth Title Insurance and Trust Company.

NINE HOTELMEN ASK LICENSES AT WOODBURY

WOODBURY, N. J., Oct. 17 .- Notwithstanding the high price of liquors and the war tax coming in addition, it is evident that hotelkeepers are not much slarmed, as nine men whose licenses expire this month make application at the opening of the court here for renewals. There are no new applications, however,

HARD TRAINING NEEDED BY U.S. ARTILLERYMEN

Some Time Must Elapse Before Americans Are Really Prepared for War

LONG LESSON TO LEARN

Army Draftees Develop Into Real Scrappers

WASHINGTON, Oct. 17 .- Men of the National Army are developing a spirit that augurs well for the future of the force, informal reports reaching the War Department from several cantonments show. The young soldiers are throwing themselves into the work with a zeal that has aroused the enthusiasm of their officers. Many are drilling daily "on their own

Especially gratifying to officials are reports from Camp Devens, Ayer, Mass., and Camp Grant, Rockford, Ill., and in order to learn the spirit of the men at all training camps the department decided today to call upon

all divisional commanders for reports. War Department officials expect that complete official reports will set at rest forever any doubts as to the desire for real service of the great mass of men in the National Army. Already great difficulty is being found in inducing men specially fitted by previous training for a particular kind of work behind the lines to forgo their places with the fighting units. Time after time mechanics have answered such calls with the statement that they wanted to remain with their companies and to go into the trenches,

By HENEI BAZIN

Staff Correspondent of the Econting Ledger with the American Arms. in France

AMERICAN FIELD HEADQUARTERS IN FRANCE, Sept 12

It might just as well be understood that it must be some little time before American forces in France get into the fight. It might just as well be directed that after all this is our war; that we are here in France preparing to fight and later on will fight, for the United States and all it stands for first, despite that we will fight, too, in support of principles laid down by right that of our nilies

of our niles

We have entered upon the great adventure—the widest, deepest, most far-reaching thing that has ever come to us and may, hap can ever come to us. We must be patient and await the day when we can begin to defend the principles involved with lead and steel "fire in anger," as the saying goes, in a manner worthy of ourselves. And that day is not here. It is impossible to state when it will be here. It may be in the spring, and it may be before. We have much hard work to do and we must do have much hard work to do and we must do
it, meanwhile exercising patience, that we
may, when tried out in actual warfare,
prove worthy in defensive as well as offens-

1 write this because change of vision, and I want to admit it. I have said in recent articles that the original infantry contingent was to all intents and purposes ready and that our artillery and purposes ready and that our artillery had a long way to go ere it is at the proper trained fighting pitch. I have just returned to headquarters from a "somewhere in France" where we have artillery in training. They are full of 'pep," full of zeal, full of keen desire to go to the support of their own in the trenches, but they have a long lesson still to learn, though they give avidence of the stuff that will eventually Continued on Page Six.
