Senator Vare issued a statement again attacking newspapers and also, leveled his shafts at Senator Penrose.

BIG DRIVE BY THUGS, FEAR OF TOWN MEETING MEN

Belief that thuggery and intimidation will be attempted on a wholesale scale by the Organization-controlled police throughout the city tomorrow was expressed by members of the Town Meeting party following a police raid on the good-government meeting in the Talmud Torah Synagogue

at Eightleth and Harley streets. Led by Lieutenant Ewing, of the Sixtyfifth street and Woodland avenue station, the police routed 300 from the synagogue

and dispersed the meeting.

Town Meeting men said the wasle proceedings showed that the police have received orders from men "higher up" in a nute effort to carry the election by

The attack on the synagogue meeting also showed, it was said, the feeling-expressed by Organization leaders against the at-tacks launched at the government by "mur-der rule" from many pulpits throughout the city. Many congregations were asked to vote the independent ticket.

Lieutenant Ewing today dealed that he

had received any special instructions from Superintendent Robinson relative to the meeting. He said that it was a long-standing order that no political meetings were allowed on Sunday without a special permit. He had heard that a meeting was planned and when he came to the scene he asked to be shown a permit. None was produced. The meeting accordingly was dispersed. The Lieutenant was emphatic in saying

that he would allow no political meetings Vare or otherwise, without a permit. He said that he had no knowledge of a similar meeting being held in his district recently.

"PARTY STILL INTACT," IS ED VARE'S OPINION

The popular Republican Organization complaint of "character assassination" by "lying newspapers" is contained in a pre-election statement by State Senator Edwin H. Vare, in which he declares the "machine" to be intact in the face of popular indigna-tion, and attacks United States Senator Lorenze Leader of the Penross-Mc-Holes Fenrose, leader of the Penrose-Mc-Nichol Republican forces, who indured the Town Meeting party. Senator Vare's state-ment, admitting that "never was such a campaign conducted," in part is as foi-

campaign conducted," in part is as follows:

"After a six weeks' campaign of misrepresentation by the newspapers, the Republican party stands absolutely intact and Republican voters unmoved. The newspapers have falled in their attempt to disrujit the party. Active Republicans have gladly taken up the gauntlet thrown down by the public press, knowing that it is the opportunity of a lifetime to demonstrate that the Republican party cannot be swerved from its loyal support of a clean ticket by falsehood and character assassination. The people are not ignorant or the facts, and win not be fooled by the real power behind this campaign. Corporate greed and unholy political intrigue cannot break down a party that has its foundation in its service to the voter in every election division of our city.

"The voters know that W. Freeland Kendrick and his Republican colleagues are just as clean and hondrable now as they were when 159,000 voters at the primary commissioned them to carry the banner of the Republican party. There is no concern among Republicans as to the result. It is an absolute certainly that the ticket will win by a normal majority, and we are already planning for the future. A united party without dissension, or faction will go into the spring and fall campaigns to nominate and elect a Republican Governor, State officers and Republican Congressmen."

ARE MACHINE RUSTY," SAYS CANDIDATE BOYLE

A sensational victory for the Town Meeting party over the wrecked Varesmith machine was predicted by former Magistrate Joseph S. Boyle, a fusion candidate for magistrate.

The much-tested vare machine is rusted and disintegrated and cannot prevent the landshide tomorrow that will surely sweep away the power used to demoralize the city administration, he said. "Veteran workers have deserted. They may be spunished for their failure to get out the usual vote for the garty, but they will not make enemies of their neighbors for the sake of a discredited gang.

'In some wards leaders have been told that they must cast their own votes for the organization, but that there is no use in their wasting time and money in useless efforts to make outraged citizens stand for administration bosses who have brought shame on the city."

'A sweeping majority of at least 45,000 wotes not the Town Meeting ticket opposing "government by murder" was predicted by Howard R. Sheppard, chairmanf the new party's campalin committee. His statement was:

The Town Meeting ticket will carry the city on Tuesday by a clear majority of the new party's campalin committee. His statement was:

ROTAN WARNS VOTERS

TO THE CITIZENS OF PHILADELPHIA:

The recent exposure of conditions in the Fifth Ward on primary election day, when policemen and imported thugs worked together as lawbreakers, filled the decent, law-abiding citizens of this city with amazement and horror. A repetition of such conditions, regardless of who is responsible, will not be televated.

Citizens will be protected in their constitutional right to vote as they see fit, and any interference with the exercise of that right will be promptly I notify all persons, especially magistrates, detectives, policemen, firemen

election officers and other officeholders, to comply in every way with the In order that all persons may be fully warned, and that there may be no repetition of the condition which existed on primary election day, I deem it proper to make the following statement respecting certain of the legal

rights and duties of magistrates, election officers, police officers and voters at elections in this Commonwealth:

ARREST OF ELECTION OFFICERS

All election officers are privileged from arrest on election day, and while engaged in making and transmitting their returns, except on a warrant issued by a court of record, or a judge thereof, for an election fraud, for felony, or for wanton breach of the peace.

Hence no election officer can be arrested on election day on a warrant issued by a magistrate, as the only courts of record are the Courts of Common Pleas, Quarter Sessions and the Municipal Court. ARREST OF VOTERS

No voter can be arrested except for treason, felony, or breach of the peace, during his attendance on elections, and in going to and returning

ASSISTANCE IN MARKING BALLOTS

No voter can be assisted in marking his ballot, unless he declares to the judge of the election that has a disability and by reason thereof needs assistance in the preparation of his ballot.

A voter is guilty of a crime who falsely declares that he has a disability and therefore needs assistance.

He is likewise guilty of a crime if he allows his ballot to be seen by another person with the intention of letting it be known how he is about to yet.

DUTY OF POLICE OFFICERS

It is unlawful for any police officer, whether in uniform or otherwise, to be in or about any polling place, or within fifty feet thereof, either during the election or, after the close of the election, during the count and prepara-tion of the returns, except to make an arrest allowed by law or in good faith to preserve order, or to cast his own ballot, and he must withdraw from the

polling place as soon as he has performed such duties.

It is also unlawful for any city employe to be in or about any polling place or within fifty feet thereof longer than is necessary for him to cast

ASSAULTS ON VOTERS

It is a high crime for any person to assault or attempt to assault any voter during the holding of an election, or by the use or practice of intimidation, threats, force or violence to influence or to attempt to influence or overawe a voter, or to prevent him from voting, or from exercising his freedom of franchise.

INTERFERENCE WITH ELECTION OFFICERS

It is a crime for any person by the use or practice of intimidation, threats, force or violence to interfere with any election officer, or prevent him from performing his duties.

It is the duty of every magistrate, constable, police officer, police official or any other person having in custody any one charged with crime to furnish upon the application of counsel for the accused or any citizen free of charge a copy of the charge, so that bail may be entered for the accused, if it be a bailable offense.

It is unlawful for any police officer or any police official to transport to far distant station houses persons arrested on election day, so as to prevent such person from promptly securing bail.

I calf upon the law-atiding citizens in case they see acts of intimidation, thuggery or other violations of the law to obtain the names and addresses of the lawbreakers and the names and addresses of any witnesses who may be present, and to promptly report such information to me, so that the

arrests may be prompt and the punishment swift.

To this end I pledge the whole power of my office. I will keep the District Attorney's office open on election day for the purpose of protecting citizens in their legal rights, and I will be ready to appear and secure prompt disposition of writs of habeas corpus in cases of illegal arrests. SAMUEL P. ROTAN,

Thomas F. Armstrong will be the next Receiver of Taxes; Waiter George Smith the next Regarder of Wills, and William R. Nicholson the new City Treasurer, while there is no doubt that Samuel P. Rotan will be returned to office by an equally large majority.

The Town Meeting party will elect all four of its magisterial nominees—William Eisenbrown, Joseph S. Boyle, Edwin K. Borie and John J. Grelis.

The majority which will be given the full Town Meeting ticket insures the carrying of such a number of wards as will doubly guarantee a return to the citizenskip of full control of the city Government and municipal finances.

No tactics, no matter how d. perate.

No tactics, no matter how d. perate, upon the part of the opposition, will be capable of cheating the people of their rightful victory in this contest; and the Town Meeting party stands ready to give every aid to the honest expression of sentiment at the polls.

AMERICAN TRAINING ('AMP IN FRANCE, Nov. 5.—An old-fashioned American Christmas in the Young Men's Christian Association or "red triangle" huts will be enjoyed by the American soldlers in France. There will be celebrations with Christmas trees, not only at the base camps in the American training zone, but also behind the tranches, where the American hind the trenches, where the American boys are fighting the Germans.

France will supply a tree for every hut, and the Y. M. C. A., with the expected help from home, will provide a gift for every soldier. The movements of the troops make it impossible to guarantee that individually addressed presents will reach the person to whom they are sent in every case, but the
