SUFFRAGISTS PLAN STATE WAR BOARD

Vigorous Fight to Be Waged on Pacifists and Food Wasters

OSTRACISM THEIR WEAPON

By M'LISS PITTSBURGH, Nov. 20

Formation of a war board and organization of every loyal suffragist in the State into a sort of feminine secret service, which will spy out pacifists and pro-Germans and food hoarders and food wasters, was the subject discussed behind closed doors today by the State executive committee of the Pennsylvania Woman Suffrage Association, meeting on the eve of the forty-ninth annual convention, to be formally opened tomorrow morning.

That the future policy of the State association will be laid along strong patriotic lines was stated authoritatively by one in close touch with the committee, and that anything and any attitude remotely suggestive of anti-Americanism will be handled in woman's own particularly effective way was asserted in unmistakable terms.

Indications are that short shift will be made of the radical suffrage wing calling itself the National Woman's party, regarded by the conservatives as the bulletheaded element of the woman movement in America, with the food-resisting pickets as the most spectacular performers.

A counter-demonstration in Washington to impress upon President Wilson the nation at large the small number of these militants in comparison with the vast body of suffragists who have repudiated them is expected to be planned at this convention.

Although the program names this assembly as the forty-ninth annual State convention, delegates who are arriving from all over the State speak of it definitely as the last convention.

There never will be a fifth annual State convention, they declare with euphonic optimism. The New York suffrage victory settled that. In a year, unless the best laid plans of the suffragists go awry, Congress will have decided to pass favorably on the Susan B. Anthony amendment enfranchising every woman in the country.

One hears here on the eve of the convention, little of Harrisburg, but "Washington and the Federal amendment" are words on every lip.

Mrs. Carrie Chapman Catt, president of the National Woman Suffrage Association, and the Rev. Dr. Anna Howard Shaw, honorary president, both of whom marshaled the New York women to their overwhelming victory, will attend the convention, on every lip.

Perry's Have the Clothes!

Today, as never before in all your Clothes-Buying experience, you should shop around before laying out your money on a Suit or an Overcoat

For two reasons—to get the Value, and to get the Variety!

Market prices on cloth, linings, trappings and on every iota entering into the making of clothes have gone up tremendously since we bought our raw materials for this season's stocks

Not only that, but many of the fabrics and patterns which we purchased at an early date were not to be had at all after the first orders were filled.

So that in a season of universally high prices going constantly higher, in a season of limited assortments which will be more limited still as the woolen mills have to work more and more for military requirements, we have Suits and Overcoats at prices but little in advance of normal times, and in varieties of patterns, colors, tones, and blendings numerous enough to meet the desires of the most fastidious

Get in on them while they are here!

PHILADELPHIA WOMEN ON SUFFRAGE SPECIAL

HAILED WITH CHEERS

"Good-by, good-by—" "Glad you got here after all!" "See you brought your little girl along." "How jolly." "What a wonderful day!" "Hurrah for Pittsburgh!" And a waving of golden banners and cheers for the Federal amendment, No. 6, "The Suffrage Special," hearing twenty-three Philadelphia envoys, pulled out from Broad Street Station at 10:25 this morning.

When we see Philadelphia again, it will be after the hardest drive for suffrage that the State forces ever have made," said Mrs. George A. Pierol, congressional chairman, at the moment of starting.

The long-drawn, uphill fight for political recognition as waged in the past with no cheering home light to be seen from the thing. With the torch of hope from the New York victory held high aloft to light the way, it is quite another, suffragists agree.

"We look for overwhelming passage of the Federal amendment shortly after the convening of this next Congress, if every suffrage worker worthy the name does her part in bringing our claim to the power in Washington," Mrs. Pierol voiced the hopes of the delegation.

"The President himself has told women
