The Best Automobile Tires in the World Are Made in Philadelphia

PEARCE TIRES

Guaranteed Blow-Out Proof

This is not guesswork. It is not braggadocio. It is fact-fact proved by the law of averages. Study of the law of averages shows that people in the long run react about the same way. Study of the experience of Motorists with all makes of tires, including Pearce

Tires, shows that users of Pearce Tires have had a much smaller percentage of tire trouble than the users of any other tires. "Pearce Tires are the Best in the World" is therefore the only claim the makers of Pearce Tires can logically make.

THE PEARCE RUBBER CORPORATION

Is a Substantial, Permanent Concern

C Despite the existence of many good tires, Mr. A. Lincoln Pearce, a short time ago, decided to enter the field with a new tire. The reason for his decision was the fact that he possessed several important tire im-provements for which he held letters patent. These improvements included longer life and absolute insurance against blow-outs.

C He started manufacture in the building at Rittenhouse and Osceola Streets, Germantown. The capacity of this mill was 1200 tires a week and was thought to be sufficient for future needs for some time to come.

(The success of Pearce Tires on the road was so immediate and so great that the Mill at Rittenhouse and Osceola Streets, was soon compelled to run at full

capacity night and day, with an ever increasing pres-sure of orders. The new factory at 21st and Clearfield Streets is the outcome of this condition. This factory was bought for cash out of the profits on Pearce Tires.

The capacity of the new plant is 1,000 tires per day with the ability to increase to 5,000 tires per day. Quotation of these facts is all that is necessary to prove that Pearce Tires have made good.

A tire with longer life and a guarantee against blow-outs is a tire that every motorist wants. It stands alone in a field heretofore unoccupied. The features which give this tire its longer life and insurance against blow-outs are patented features and do not

Let Us Know the Make and Model of Your Car

and we will tell you which Pearce Tire is best suited to your individual needs. This tire will reduce your tire troubles to the lowest possible minimum. It will increase your motoring satisfaction beyond your present belief. If it is necessary to make this tire to order, we will do it. The cost will not be excessive. It will be the best tire investment you ever made.

Good, Live Representatives Wanted in Each County of Pennsylvania, New Jersey, Delaware and Maryland.
