administrator in closing their bars on Monday, January 21, and succeeding Mondays, as requested in Federal order. The action will receive co-operation of every licensed dealer in Berks County. Saloonkeepers and hotel proprietors were undecided until now as to just how far they might go in the matter. The fuel order specified that no fuel could be used in buildings where liquor was sold. Some saloonkeepers contended that saloons could be open provided no fuel was consumed. Others secured opinions from their attorneys during the morning hours. The general consensus of opinion was that all saloons and bars must be closed. Several downtown hotel proprietors announced that while their hotels would be open for the entertainment of guests, the bars would be closed and heat shut off.

Notice! TO ALL Owners and Occupants of Buildings Protected by Automatic Sprinkler equipments: You are advised that the State Fuel Administrator, Mr. William Potter, has authorized us to advise all parties interested that permission is granted to use fuel for heating buildings protected by automatic sprinkler equipments to such a degree only as may be necessary to prevent freezing. We also desire to call your earnest attention to the proclamation of his Honor, the Mayor, as of this date. Philadelphia Fire Underwriters Association. Chas. A. Hexamer Secretary. By Order of Executive Committee.
