Making Best Effort This Year Will Win, Says Wilson

ALLIES FULLY UNITED Need of More Ship to Transport Men and Supplies Is Acutely Felt

WASHINGTON, Feb. 4.—The United States today is developing its greatest power of the war.

The Allies council at Versailles has decided on a definite plan of co-operation by which the American and Allied war effort will meet.

City's Coal Supply 50,000 Tons Short

Continued from Page One

City Operators' Committee announced that Philadelphia's estimated wartime daily needs of 15,000 tons would be taken care of for a few days, at least, in view of the coal consigned here from the mines the latter part of last week...

Coal shipments over the Reading Railway have almost reached the normal stage, which is indicated by the fact that yesterday's supply for local dealers was forty-seven cars.

This is the largest amount received in city since the situation became serious in Washington against that time, today that 1100 cars were sent to market Sunday, which is only about 200 below normal.

PHILADELPHIA COAL COMPLAINTS PROBED

WILKES-BAHRE, Pa., Feb. 4.—Federal investigation of all complaints of coal being shipped by anthracite operators started here today under direction of A. C. Campbell and Tudor Williams, special administrators in Luzerne and Lackawanna Counties.

The probe is being made by investigators sent here by Doctor Garfield's department in Washington against that time, today that 1100 cars were sent to market Sunday, which is only about 200 below normal.

of his sons, all of whom are naturalized Americans.

Five early registrants before Sergeant McKelvey in the Thirty-second street and Woodland avenue station, seemed equally dejected as they submitted to having prints taken of their thumbs.

The registration at the marshal's office was very light, not more than ten applying. This is due it was said to the fact that the police are handling the work so well that the Federal authorities expect to have little to do in this matter.

Squire Holland today handed down a ruling that citizens of Alsace-Lorraine are to be considered as Germans and not as French in fixing their status in this country.

PARIS, Feb. 4.—The French press was unanimous today in commendation of the inter-allied war council's statement that peace terms are unacceptable and the war must continue.

The council was unable to find Von Hertling's (and Czernin's) moderate attitude any real approximation to the vigorous and effective prosecution of the war until the present.

The council arrived at a complete unanimity of policy on measures to be taken for the prosecution of the war.

Excelsior—"With concrete strength of statement responsibility of the Central Empire Governments for prolongation of the war. It is a clear response to Hertling and Czernin's moral attitude of the common Allies in the face of the Central Powers' manifold violations toward President Wilson. The inter-allied war council's decision is given, it is permitted to believe, a full and complete effect. Public opinion is demanding a rationalization of political action in the military command, as far as possible."

Home Libre—"One word characterizes the program which the German themselves dictate 'conquer.'"

WHEELING, W. Va., Feb. 4.—It is believed to be of incendiary origin, today destroyed the Wheeling Island base of the West Penn Electric Company with fifty cars, entailing a loss estimated at \$450,000.

Trolley service throughout the northern portion of the Pan-Handle district is virtually at a standstill.

AMSTERDAM, Feb. 4.—The strike epidemic sweeping Europe was expected to manifest itself in Holland today.

Revolutionary Socialists and some trades unions had called a twenty-four hour walkout as a demonstration in favor of prohibition of food exports and the seizure and distribution of the existing supplies.

Some dissension within the ranks of the unionists was visible today. The Amsterdam city trades union, supporting the Revolutionary Socialists in their demand that Rotterdam workers join the strike, was opposed by the Netherlands Federation of Trade Unions, which some of the Rotterdam workers would walk out.

The Hague trades union committee is supporting the Revolutionary Socialists.

Downtown Youth Wins Appointment by Congressman Moore

Congressman J. Hampton Moore has forwarded to the Navy Department the names of Ralph Macdonald Graham, of 413 Christian street, for appointment as a midshipman at the United States Naval Academy at Annapolis, Md.

Student at Trinity College, who is at present a member of the Phi Kappa Phi Honor Society, is a son of the late Rev. T. L. Graham, and a grandson of the Rev. Royal Y. Graham, who was for many years pastor of the Olivet Presbyterian Church here.

Bishop Rhinelander and Dr. T. T. Wetmore, secretary of the Philadelphia Sabbath School Association, were among those who endorsed Mr. Graham's application to Congressman Moore.

GERMAN MILITARISM FACES SUPREMACY

LONDON, Feb. 4.—German militarism faced its supreme test within its own borders today.

The common people, whose general strike to enforce demands for food and consideration of peace negotiations reached its climax in rioting and bloodshed last week, had the alternative of returning to work or paying the extreme penalty—death by the firing squad.

The fate of Germany—and in a lesser degree the whole world—depends upon the strikers' decision.

If they submit to the supreme command, the German militarism has won another victory and that the Central Powers may again concentrate their efforts in preparing for the spring drive against the Allies.

If they do not submit bloody civil war throughout Germany and Austria-Hungary will result.
