tter Calls Conference to Discuss Relief of Domestic Shortage

MMEDIATE AID REMOTE

Railroads Bringing Only Twothirds of City's Estimated Daily Supply

The coal situation in Philadelphia has The coal situation in Philadelphia has reached an acute stage. Francis A. Committee of two-J. S. Seldom-ridge, of Lamaster, and Narry Cochamber, full administrator for the city, and of Dawson-was appointed to go to Washington and confer with the national serted positively today that at least

no hope of immediate ratio.

A conference to discuss ways and means of relieving the acute domestic shortage was immediately called by William Potter, fuel administrator for Pennsylvania, when he returned to his offices this morning after a trip to Washington, where he conferred with Federal Puel Administrator of the proposed of the members also was chosen.

The proposition recommendation of the members also was chosen. eral Puel Administrator Gardeld Mr.
Potter called in consultation Mr. Lowis,
John Edmonds, recently appointed anfor the coming season. Efficies of the District Attorney, and David Waller- rounds stein, counsel for Mr. Potter and Mr. Lewis, respectively, were also held to dis- HEADS SEA SERVICE BUREAU cuss the legal phase of the diversion of coal from its original consignees. "I have no doubt that at least 19,000

families are in acute need of coal, said Mr. Lewis. "Many of them laid is their supply last April and have not been able to obtain any coal since that stock was exhausted. I am frank to say that I am at a loss as to how the situation is to be remailed. The rail-roads are bringing inless than two-thirds of the 15,000 tons which was set as the minimum wartime daily need of the city."

COLD HAMPERS MOVEMENT Cold weather has again held up shipments of coal to Philadelphia, with the result that more familles are today without coal than at any time in the last few Bo

vania detailing the seriousness of the freight tie-up indicate that relief may not be expected until warmer weather

Even with the outward bound freight embargo, in effect on "heatless" Monday, the railroads failed to bring sufficient coal to Philadelphia. Figures given out by the railroads for the last twenty-four hours showed a total of only 8600 ton of domestic sizes, has against the of domestic sizes, as against the estimated wartime dally consumption of 15,000 tons; with severe weather at least 20,000 tons is required to keep the Philadelphia householders warm.

Investigation of the quality of coal shipped and produced by anthracite operators, big and little, has brought to light such glaring perpetration of fraud on consumers of all sections that the Federal fuel administration, through A. C. Campbell and Tuder Williams, administrators in Luzerne and Lackies, administrators in Luzerne and Lackies, administrators in Luzerne and Lackies, administrators for further abuse being heaped on a long-suffering public.
