NEWS OF THE FINANCIAL WORLD—NEW YORK AND PHILADELPHIA STOCK PRICES

NEW YORK STOCK MARKET GAINS BOTH IN ACTIVITY AND STRENGTH

Baldwin Locomotive and Chandler Motor Record Biggest Advances—Shipping Shares Attract Much Attention

NEW YORK, Feb. 18.

The stock market maintained its strong tone in today's trading, although there was nothing unusual in the character of the news over Sunday. The rule, however, was followed that there was no news on a bull market and, in the absence of liquidating development, buying orders came in the Street in large volume and increased pool activities were noted in many specialties.

The result was a general lifting of values all around the room, with many stocks making gains ranging from 1 to more than 8 points. For a time most attention was devoted to the shipping stocks, because of the strength of Marine preferred, which was vigorously bought, and advanced 2⅝ points to 102¼. Good gains were also made in Atlantic, Gulf and West Indies and United Fruit.

All the steel industrials were active and strong, with Baldwin Locomotive moving up more than 7 points to 86, and Bethlehem Steel "B" advancing more than 2 points to above 80. Sloss-Sheffield moved up 2⅞ to 83.

The greatest movement of the day was in Chandler Motor, which rose 8½ points to 89.

Railroad stocks shared to a good extent in this display of strength. Union Pacific advancing 1¾ to 120⅜, Reading, 1⅜ to 78, and Southern Pacific, 1⅝ to 87¼.

In the late trading, realizing sales caused reactions of about 1 point in the leading issues. Comment was made on the small floating supply of stocks indicated by the scarcity of offerings on the advances, and it was again remarked that it is a liquidated market.

There was heavy trading again in Liberty second 4s, which were in increased demand, advancing from 96 to 96.18, while the 2½s declined from 98.10 to 97.92.

TRADING ON CURB SHOWS STRENGTH; INTEREST CENTERS ON AIRPLANES

Curtiss Continues to Advance—Wright-Martin Follows—Cramp's Appears on List—Independent Oils Strong

NEW YORK, Feb. 18.

There was a generally strong tone on the Curb, with most interest attached to the continued advance in Curtiss Aeroplane, which rose from 39¼ to 41. Wright-Martin followed with an advance of ⅞ to 7⅜.

Dealings in these sticks was influenced almost wholly by statements in regard to results of Government contracts, indicating an incentive from war orders, although the general market was supposed to be influenced by peace prospects.

Cramp Steamship was traded in at 86, the first sale made in some time. United States Steamship sold at 5⅜ and 5. There was a little trading in Aetna Explosives at 6⅞ and 7.

The widest movement in the market was an advance of 7 points in Chevrolet, to 127, with a good deal of talk on the Street about a coming consolidation, an exchange of stock with General Motors.

The independent oil stocks were generally strong, with Midwest advancing from 108 to 110, and Houston moving up from 43⅛ to 44.

United Verde was the most prominent of the copper stocks, being traded in on a fairly large scale at 41 to 42. Magma opened at 40 and had a quick advance to 41.

Washoe Mining sold at 1¼ and Nixon-Nevada was traded in at 1⅛ and 1 5-16

MONEY-LENDING RATES

NEW YORK—Call money opened today at 6 per cent for lending and renewing.

The money market still shows a monotonous dullness. There is a little business in time money, almost entirely renewals at 6 per cent. As heretofore, nonessential products that call for considerable amount of funds, particularly for those long maturing, are virtually tabooed.

No distinction is made in time loans as to industrials or good mixed.

Prime mercantile paper is slow at nominal quotations of 5½@6 per cent.

Prime bank acceptances show a moderate movement in the existing call money, with prime acceptances at 4¼@3⅞ per cent.

PHILADELPHIA—Call, 6 per cent; time, 5⅞@6 per cent. Commercial paper, three to four months, 5@5⅝ per cent; six months, 5@6¼ per cent.
