RECORDS SENT TO DEPARTMENT Asked to speak of Vare's statement that his affidavit to the committee and his testimony before the Cattin Commission are in conflict. Nobre said: 'I know what I told the Catlin Commission. I am not a fool. I don't give testimony without remembering what I say. I know perfectly well what I said and what the record shows."

Nobre said the original records of the work in marrian area. that his affidavit to the committee and Nobre said the original records of the work in question were sent by him to the Department of Public Safety, of which Henry Clay was Director at the time, and they should be in the department's files. The work was under the jurisdiction of that department, not the Department of Public Works Why would the Senator seek no again if he had already been paid? Nobre was asked.
"I don't know," he answered, and then reflectively, 'only neaple always wan more. Even Bockefeller wants more.
