**RVIVAL OF THE FITTEST** 

The hand-made Globe Tire measures up to the highest peak of tire-service ever attained.

It puts a tire user singularly in tune with the times, making him a positive factor in the conservation of war supplies and accessories.

Globe Tires cost a little more to put on, but much less to run on.

Globe Tire advertising has put the Globe Tire argument plainly and simply up to the American motorist, with the result that Globe Tire sales are proving conclusively that the shrewd, wise tire-buyer wants a long-mileage tire, and is willing to pay for it.

Long Mileage Tires must be hand made. Tell your dealer you want Globe Tires

The Westfield Storage Ware-ouse at Westfield, N. J., is delivering regularly to a dozen Con-necticut towns, as distant as Hartford (240 miles); to as many New York State towns, as distant as Troy (208 miles); to as many Pennsylvania towns, as dis-tant as Allentown (180 miles); to as many New Jersey towns, as near by as Haddonfield (80 miles). In other words, these trucks are operating in four states over a 360 mile diameter, nically and profitably.

AUSTTOWN

Nor is this unusual. On a different scale, it is being done in the Pacific Northwest, in the Southwest, in the Middlewest, in New England-inshort everywhere, under varying road and climatic conditions, always overcoming different but difficult obstacles.

## PIERCE-ARROW **Motor Trucks**

Don't waste time deploring shipping delays, or wondering whether trucks can help you out. Send for us to show you what Pierce-Arrow trucks are doing in situations similar to yours-how they may be applied to meet your needs. Unless they will do the work, we won't sell them to you.
