COLLEGE WOMAN'S PLATTSBURG TUDENT NURSES' TRAINING CAMP

Courses at Vassar College to Be Held This Summer to Prepare Graduates for War Service in Near Future

That's what they call it The big ching that appeals about the nurses training camp for college women to be held this summer under the auspices of the Council of National Defense and the American Red Cross is that it leads to something no one can ever take away. A degree in registered nursing that will make it possible for these women to be virtually officers in the profession. In other words, they will be supremely

And more than anything else it million of our soldiers who go the sea twelve thousand regis-narses must go with them. In military hospitals for the "recon-struction" of the convalescent and the

States there must be nurses.

officers in the profession. In words, they will be supremely in women volunteer for war one question is asked them, not willing are you to work? but kind of work can you do? In clived their degrees are very and to colved their degrees are very and to when women volunteer for war over being.

When women volunteer for war over being.

When words asked them, not low willing are you to work? but low willing are you to work? but low willing are you to work the work can you do? In the words, a trained worker is important the words, a trained worker is important to he work. All first-class hospitals are expected to supply nurses in training to be spitals.

In the event that the war continues they will qualify for the many administrative and executive positions in

permanently crippled there must be nurses. If the shortage is serious now, how much more acute will it be later on?

In the forty branches of civilian and public health nursing in the United States there must be nurses.

COLLEGE women who have gradulated during the last ten years are eligible for the course. The fee for the course, which opens June 24 and public health nursing in the United closes September 13, is \$95. This includes beat during the course which opens June 24 and closes September 13, is \$95. This includes beat during the course which opens June 24 and closes September 13, is \$95. cludes board, reom and laundry. It covers the actual course of tuition. ORDINARILY a course in trained too. A student must buy her own nursing lasts three years. But uniform, however,

There is no doubt that the sash that is tied in a large bow in the back is smart.

A charmingly simple dress is of white satin with collars and cums of pink crepe de chine.

There is nothing that will brighten the costume more than a long string of bright blue beads.

High Heart

sea that I watch from my window
I see it toss in the darkness
All the night.
My soul swoops down to sorrow
As the sea gulls dip,
And all my love fles after

And all my love flies after Your lonely ship, Tet I am not deepsiring; Though we must part. Nothing can be too bitter For my high heart; All in the dreary midnight, Watching the flying foam, I wait for a golden morning When you come lique. Aline Kilmer, in Good House-keeping.

A Thrift Stamp Party

A very ingenious reader of the EVENING PUBLIC LEDGER has planned a thrift party, building part of the entertainment on the war savings jingles that appear on this page.

The plan is outlined as follows: "One of my friends has had several changes in her home life, due to both of her brothers having been called to the service, and it will, therefore, be necessary for her to make her home in another town far from here with her relatives. "I had thought about having

some other friends, say about ten girls or so, visit my home some evening just for a little informal party before our friend leaves for her new home. All winter we have been knitting and packing comfort kits and sewing for the Red Cross. I had half an idea that to make this little party a fitting and timely affair it would be nice to call it a thrift party. What do you think of that? I can't remember where I saw it, but a long time ago I read somewhere that a woman had used thrift cards with one thrift stamp attached as placecards for the guests at her dinner table. This latter is really what gave me the

idea of a thrift party.

Then, too, I have seen a number of war savings jingles in your paper recently, and it occurred to me that one of the games we might play would be to have each girl make up war savings rhymes and then offer thrift stamps as prizes. I also thought it might work out very well to give each girl a pencil and piece of paper and ask them to draw a war savings stamp from memory and offer a thrift stamp as a prize. This girl has done so nuch work herself in the war savings campaign and is so enthuclustic I thought norbans this sort of a party would please her very much.

We approve heartily and hope others will follow your example-

One and one-half cupfuls flour, one and one-half cupfuls bean meal, three-eighths teaspoonful sods, one teaspoonful sail, one egg, one-half cupful molasses, one and one-quarter cupfuls milk. Sift the dry ingredients. Add the egg and molasses to the milk and add to the dry ingredients. Shape into a lost and bake in a moderate oven.—Food Administration.

Turn the Faucet

and Get Soapsuds To C. M. Campbell, of New York, patent has just been granted on a device for producing a soapy solution by simply turning on a faucet. The apparatus is a cup which has a perforated bottom, swinging on an arm attached to the faucet. The cup is filled with scrap soap. When clear water is wanted errap soap. When clear water is wanted the cup is swang back. When soapy water is wanted for washing dishes, etc. the cup is swang forward to a position under the flowing water.

The water strikes a perforated spreader, which stands up umbrellafashion in the cup. This breaks up the stream, so that the water reaches every particle of soap.—New York World.

WOMEN TAKE A HAND IN TUBERCULOSIS DRIVE

Rush Hospital Campaign mittee in charge of the campaign to raise \$150,000 for the Rush Hospital for Consumption and Allied Diseases, will speak at 11:30 o'clock today to the

woman's division in the Bellevue-Stratford Hotel.

Much progress already has been made in the campaign and continuous reports show more glowing results. Ashton Devereux and Fred Rothermil have been announced as captains, joining H. W. Stokes, H. Evan Taylor, Dr. T. Mellor Tyson and Louis Taylor. Each captain is to select the personnel of his team. H. W. Stokes announced the completion of his team with ten workers. A corps of fiften men's teams will be completed this week.

To speed the work of organization the executive committee decided to meet at faily luncheons in the Bellevue-Stratford until March 25, when the big drive will get in full swing.

A report from the woman's sector of the drive showed enlistments for organization work progressing rapidly. Eleven woman captains, with two more in view, and seventy-six workers were reported.

Alum for Cleaning Brass

Try this for cleaning brass faucets, The Popular Science Monthly says it will not injure either metal or hands, Put one and a half ounces of alum in one pint of boiling water and rub the solution on the brass surface with a cloth. The stains, as well as the tarnish, are quickly removed. The solution is inexpensive and easily made.
