ALLIANCE'S HAND AGAINST WILSON
 Pamphlets Denouncing President Offered at Hearing
 SOUGHT TO PUNISH HIM

Washington, March 22.—The methods adopted by the National German-American Alliance to defeat the re-election of President Wilson, because they claimed his policy of permitting munition shipments to England and France and his failure to keep Americans off the seas were unneutral, were exposed at today's hearing before the Senate Judiciary Committee on the resolution to revoke the charter granted the Alliance by Congress.

A number of printed slips of paper, written in English on one side and German on the reverse, denouncing President Wilson, and urging a vote for the Republican ticket, were presented to the committee and read by Senator William H. King, of Utah, chairman of the subcommittee.

These slips were all headed, "Vote the Republican ticket." They denounced President Wilson as "a British subject" who had ignored his oath and relinquished America's welfare in favor of England; said he should be punished because he had conjured up the Know Nothing spirit in the American people and encouraged them to insult German-Americans, and said America was doing the dirty work on the seas for England.

The Rev. Dr. S. G. von Hoese, of Philadelphia, who succeeded Dr. J. H. Hexamer, of Philadelphia, as president of the German-American Alliance, and Adolph Fimm, of Philadelphia, secretary of the organization, were asked by Senator King to examine the slips which the Senator said had been liberally distributed among the German-Americans shortly before the presidential election of 1916.

"Did your organization officially distribute these slips denouncing President Wilson?" asked Chairman King of Fimm and von Hoese.

 Former New York Policeman, Who Was Supposed to Have Been Killed at Cambrai, a Prisoner of War

New York, March 22.—FRANK UPTON, formerly a New York patrolman, who has been mourned as one of the victims of a German raid at Cambrai, is a prisoner of war, according to a letter received here today.

The news, which brought joy to Upton's parents, a wife and three children, came in the form of a letter written to him on New Year's day by Police Lieutenant Lieblich. He tells of life in the detention camp as follows:

"My Dear Friend: On November 20 I was taken prisoner in a big German advance—and, believe me, I wouldn't care to go through the experience again. I am at a collection camp for prisoners, but will send you my address as soon as I get to the fatherland.

 William B. Mackay Indorses Prospective Candidacy for U. S. Senate

Trenton, March 22.—Indorsement of the prospective candidacy of Governor Edge for the United States Senate was given here in the form of a statement by Senator William B. Mackay, of Bergen County, one of the Republican leaders who attended the conference held at the Governor's home last Thursday.

The indorsement by Senator Mackay is regarded as significant because it comes from a county carried by Andrew G. Bostwick in the gubernatorial primaries of 1916 and is regarded as one of the strongholds in the electoral college contest, in which he is expected to be a candidate.
