Play for Women's Indoor Singles and Doubles Titles Started

MISS BURSTEDT ENTERED

It is a notable field of competitors that is striving for titular honors in the eleventh annual women's national indoor tennis championships in both singles and doubles, which began this morning at 10 o'clock in the Seventh Regiment Armory, Park avenue and sixty-sixth street.

Miss Molla Bjurstedt, the tennis player extraordinary, of Norway, national champion, a former holder of the indoor title and generally regarded as the best player her sex who ever trod a court, is one of the many contestants.

Miss Burstedt won the singles and doubles titles in 1916 and the singles in 1915, her first year in this country, and would probably have held complete command last year on the army courts had she not been absent in California when the indoor tournament was played.

Miss Wagner to Defend Title

Miss Wagner will strive to retain the singles title against the great Norwegian, who is expected to be a formidable competitor. Miss Eleanor Goss, runner-up last year, Mrs. Lawson L. Wood, former champion of Florida, Mrs. Spens, former champion of Texas, and Mrs. Marshall McLean, Mrs. John Hoage, of Norway, winner of the recent titles, and Mrs. Theodore Casabere, a former holder of the indoor doubles crown.

It is known that Mrs. Rogge and Miss Burstedt will play in the doubles at this tournament, and those who have watched their play believe that Norway will have more than an even chance of retaining the title. At that event, although there are several formidable combinations that will make their path to the championship a difficult one.

Will Watch Younger Players

The work of several of the younger players will be watched with more than ordinary interest. Among these are Miss Goss, who is expected to be a formidable competitor, and Miss Burstedt, who is expected to be a formidable competitor.

Majority of the College and Club Champions Will Be Over There, Fighting for Uncle Sam in World's Championship

By PAUL PREP

NEW YORK (Special)—The New York Athletic Club made a special feature of the sports carnivals in the Meadowbrook Club, which are being held in the city, outside of a few of the events for athletes under the military and navy titles, which were the emblem of the United States navy or army.

Many Champions in Service

All but five of the winners of the various sports carnivals in the national amateur athletic union in 1917 are in the service of Uncle Sam and several of them are in the service of Uncle Sam.

Should Not Be Forced

At these institutions, where much attention is paid to athletics, the boys are not "forced" as is the case in several of the local high schools. Many who are well qualified accept the position as a matter of course.

Military Events Popular

The present conditions were seen in the programs of the clubs that held athletic carnivals during the indoor season of the annual Penn relay carnival, which is scheduled for next month.
