Arming of Teuton Deserters Is Latest Cause of Peevishness

Landon, April 3 .- A German note t n and Austrian deserters at Moscot reatening to seize the Swedish named consulates and that they dready taken possession of lodg-or war prisoners. The note con-

Mith the French Armies in the Field, April 3.

Failure to reach Paris and Amiens through wing attacks apparently has acused the German command to center a great number of six-inch pieces are the civil and military authorist. Moscow are said to be poweriess in some instances, to favor such these friends of the control of the superies of the control of the such pieces are the sum of the substances, to favor such the first of these is north of the Ancre, another is between the Ancre and the Somme che mext is between the Ancre and the Somme che mext is between the Ancre and the Somme region is a boomerang. It is some by the Russian Government, specially expectably ex

Captain W. R. Webater, of the American Red Cross, and Captain W. L. Leas, of the British military mission, we been assured that fewer than 1200 military more presented in the Eolshevik hards, and that all these were Socialized who had renounced Austrian theosalip. The Soviet gave assurance at no those prisoners would be armed at no those prisoners would an also announced at intention to denote the city from the north via Hebuterne and Douling and mark that from the south via Montdidier and Conty. First they would sholate the firing in th

London, April 3.—Field Marshal batteries caught under their fire the German advance on the other large of Europe had been checked. There is be no doubt that this object lesson is come in most timely combination the freeling of heartfelt disgust of a Russian nation as a result of its role months' sprea as embodied in the sedatory German peace treaty blindly at min movement of fresh enemy troops.

London, April 3.—Field Marshal batteries caught under their fire enemy concentration east of Cantigny. A strong German reconnaissance at the British in the neighborhood of tacked by our troops on the left bank of aptured a German post, yesterday pulsed."

The reserves of the Entente Allies still are virtually intact.

The general situation is that the min movement of fresh enemy troops. A dispatch from Petrograd says:
"A solid sense of deep satisfaction evalled here with receipt of the news

### Fosdick to Face

Trigg Writes Mayor

Ernest T. Trigg, president of the hamber of Commerce, sent a letter o the Mayor in which he stated that cousaftons such as those made by Mr. condick reflected seriously upon the city and that if they were not founded on sot, they should be contradicted prompt-y and emphatically. The full text of the letter sent to

the Mayor was as follows:
"Wide publication has been made in
the newspapers throughout the United tes concerning a report prepared by ymond B. Fondick, chairman of the mulision on training camp activities, Socretary of Navy Daniels, relative

Secretary of Navy Daniels, relative of conditions said to exist in the city, and them such as reported reflect security on Philadelphia throughout the titon and throughout the world.

If the report referred to is founded a facts, then the conditions should be imediately corrected. If the report is to founded on fact, it should be emissively and conclusively contradicted as executive committee of the Philadelphia Chamber of Commerce on bedien in the conditions of the Philadelphia Chamber of Commerce on bedien in the condition of the Philadelphia Chamber of Commerce on bedien in the condition of the Philadelphia Chamber of Commerce on bedien in the condition of the Philadelphia Chamber of Commerce on bedien in the condition of the philadelphia chamber of Commerce and on

The achieve the safe to co-ordination on the west from the sent there is training in early date. His mission is done. The achieve the safe to co-ordinate the muting across President Wilson's ideas as to co-ordination on the west from the when the main early date. His

Chamber of Commerce, in a tion adopted by the executive comment last night says:

The French War Office announces, which has been sent to the urges that an adequate defense charges be prepared if they are or, if they are correct, a full tank statement revealing existing and be made at once, and im-

### intrue or, if they are correct, a full tween Montdidler and Lassigny. Our March 29, and frank statement revealing existing sounditions be made at once, and immediate steps be taken to remedy them. BERLIN DECLARES MANY ALLIED COUNTER-ATTACKS BEATEN BACK

Berlin, April 3 .- The following official after time, preceded by a heavy artillery ort was issued tast night:

report was issued fast night:

The position on the battlefront is unchanged. Counfer-attacks made by the enemy near Hebuterne and with special stubbornness against heights captured by us between the Luce and the Avre broke down with neavy losses. Minor infantry engagements took place between the Avre and the Olise.

took place between the Avre and the Cige.

The French have continued to shell Laon, and numerous inhabitants have fallen victims. Beconnoitering engagements occurred on the eastern hank of the Meuse near Haudiomont and southeast of Tham; some prisoners were brought in.

Twenty-two enemy airplanes and five captive balloons were brought down. Lleutenant Kroll won his twenty-third aerial victory. By the energetic carrying out of long distance observation from the const as far as south of the Somme, aerial detachment No. under Lieutenant Frecke rendered extraordinary service.

With the French Army in France,

barrage.

In the grounds of the Grivenes Castle the Frenchmen went to meet them, and that New Jersey is doing everything labor demands for April. The first canfought them back with bayonets and within its power to co-operate with the vess of the State by the employment fought them back with bayonets and within its power to co-operate with the content in the prosecution of the service showed a demand for approximately 700 experienced men. Up to matter tifles mounted on armored motors.

He said, however, that the Legisla-March 22, 671 experienced men had been matic rifles mounted on armored motor-cars. Once more the guards, not satisfied with their defeat, returned to the assault, but the attack was in valuant to enemy had to seek shelter in his positions, leaving the French the masters of the situation.

He said, however, that the Legislature now being in recess, it would not be possible to change at this time the system of taxing railroads, and added that any attempt to reduce the tax would merely result in adding burdens to the taxpayers. usters of the situation

In their great race to attain the com-numications connecting the north and outh at Amiens, the Germans had the munications connecting the north and south at Amlens, the Germans had the advantage of knowing exactly where they were going, and when the British and French troops retired before the immense volume of German troops, the enemy again was favorably placed for the first south of th rushing re-enforcements from one part of road construction and repair, in which it is including for the present at least that he occupied the interior line of a only such roads as are deemed of insemicircle in which the battle was being portance from a military standpoint.

Anne Is Hopeful

For Russia

If General Foch succeeds in saving Amiens, and in preventing the Germans of from cutting the Amiens-Paris rallway, he will have accomplished all that can be reasonably asked of him at this time. Delay in starting a counter-offensive against the Germans is proper under the circumstances. It is not probable that Britton, freench and American public opinion would consider the recovery of the recently lost area in western France worth the sort of alsughter that Von its fain that dealing soon areas will be have been asked and in that dealing soon areas will play her yark, and it will be have been and still more are to foliow. The German autocracy can ruln from that when canoeses comes to all in discovery that we do not do those things.

The inmediate retrement of the Germans to how any one without protests from chome, but democrate the Governments do not do those things.

The immediate retrement of the Germans to how any one without protests from them that when canoeses comes to all in fact to principal and prove without protests from home, but democrate the Governments do not do those things.

The immediate retrement of the Germans to their former positions is not strategically necessary from the military simulation of the Allies. The principal receives the substitution of the Allies incode letter than an adoption of the Allies incode letter than an adoption of the Allies needs better than (Written for the United Press) New York, April 3.

their man power than can Germany, The FOCH'S BEST POLICY death payments of the Allies ought to be the recovery of technically valueless territory. These may be the consideration that are withholding General Foch for the present from striking against the Germans.

### RHYME NAME OF GENERAL FOCH WITH SLANGY BRITISH "BOSH"

To pronounce the name of General Foch, Remember he's going to thrash the Boche; (And Boche is pronounced as if it were Bosh); So take heed when talking of General Foch.

Stephane Lauzanne, editor of Le Matin, of Paris, a Frenchman and scholar, says;

"The correct pronunciation of the name of General Ferdinand Foch s with a short o and with the final ch as though it were sh a trifle shortened. It will rhyme with the English exclamation of disgust, 'Bosh' Or it will rhyme equally well with the French soldiers' name for the unspeakable German butcher soldiers-Boche.' All you have to remember s that General Foch is going to give the Boche what he deserves and you have the correct pronunciation. But, for heaven's sake, don't call the gallant General in the horrible guttural German way; his name does not rhyme with 'Hoch.' The saints forbid!'
